NEW BUSINESS PART 2 – ORDINANCES - FIRST READING
NO VOTE REQUIRED

19-111 City Manager
WHEREAS, the City finds that regulating and licensing home occupations is in the best interest of the public and the neighborhoods where the uses are located; and
WHEREAS, the Planning Board and City Council held multiple public meetings and hearings and heard testimony on the topic; and

WHEREAS, the following modifications to the Land Use Ordinance are necessary to ensure careful management in the city;

NOW, THEREFORE, BE IT ORDAINED, by the City Council of the City of Augusta, Maine, that the following amendments to the Code of Ordinances, Land Use Ordinance be enacted:

§ 300-202. Definitions
HOME OCCUPATION: An occupation or profession which is customarily conducted on or in a residential structure or property, which meets the standards of § 300-510 Home Occupations, and which:

A. Is conducted by a resident of the property; with a valid Home Occupation License.
B. A. Is clearly incidental to and compatible with the residential use of the property and surrounding residential uses;
C. Does not change the outside appearance of the residential dwelling unit or premises;
D. Is conducted entirely within the dwelling unit or accessory structure; and
E. Employs Operates with no more than one two persons other than family members residing in the home; and
F. Generates any vehicular or pedestrian traffic.

Commentary:
Traditionally, in zoning, certain occupational uses termed “home occupations’ have been allowed in dwelling units. Such uses have been allowed largely on the basis that such uses are incidental to the use of the premises as a residence, that the nature of home occupational uses is such that they are compatible with or even “belong” in the home, or that home occupational uses are of a highly professional nature involving the use of mental rather than physical capabilities and are therefore compatible with residential uses.

Based on the previous paragraph, it is difficult to discern exactly which home-based businesses are to be permitted in residential districts. It is recognized, in Augusta, that certain limited home occupational uses can be useful to both the general community as well as the resident proprietor. Also recognized is the difficulty of writing an ordinance dealing with home occupations in a “middle-of-the-road” fashion, which is neither discriminatory or arbitrary. It is hoped that both the citizens and the courts will recognize these difficulties; that the former will not abuse the privileges granted within the following text and that the latter will aid in the enforcement of the sometimes seemingly arbitrary restrictions necessary to preserve residential character in an expedient manner.

With the above in mind, it is the intent and purpose of this section to provide for home occupations in residential districts subject to the following restrictions. (The preceding discussion was modified from Rockford, Illinois, Home Occupation Ordinance.)

A. The conduct of home occupations in residential dwelling units may be permitted under the following provisions:
   (1) License:
      a. A license shall be required only for home occupations which generate vehicular or pedestrian traffic.
      b. Licenses shall be granted by a Code Enforcement Officer to a resident of a specific dwelling.
      c. Licenses are non-transferrable.
      d. Licenses are subject to revocation by the Code Enforcement Officer, after notice and hearing, if the licensee fails to comply with the terms of the Home Occupation ordinance and/or operates in a manner other than that stated on the license application.
      e. Licensees shall be issued for a three-year term. . The Licensee shall file a renewal license application prior to expiration of the previous license in order for the home occupation to remain in compliance.
f. Home occupations requiring a license shall apply for a license within one year of (insert the date of adoption), the date this licensing requirement was enacted.
