

Exterior Enhancements to Promote Available Commercial Property

Post a “business coming soon” window decal or business name to get the community excited.

Maintain landscaping, plants and flowers. Keep the area clear of weeds, trash, debris, or old newspapers.

Provide durable and attractive signage and window coverings. Avoid posting flyers, newspaper, tape, butcher paper, and other materials that peel or deteriorate with time on windows or facades.

Add window coverings with active or lifestyle imagery. In order to allow light into the space, do not fully cover the windows.

Exterior Enhancements to Promote Available Commercial Property

Check your windows and doors for potential repairs.

Maintain façades and awnings in good repair.

Restore or remove any signage that has weathered or faded. Repair walls and repaint if necessary.
