Curry County BOC

RE: Court Boice Liaison Assignment Requests

Commissioner's Gold and Huxley;

I wish to commit to my fellow Commissioners, County Departments, Staff and Residents in dedicated representation. This will match my extensive private business history, development background, my life-time residency and the desire to work with teams to better our communities and County. Along with Veteran and Public Safety concerns, Economic Development and growing employment are my top priorities.

Forestry, Fishing and Farming have been passions of mine, and part of my life's work. These Curry Natural Resources are key components for our future and will play a pivotal role in our 24-7 work to rebuild Curry and avoid insolvency.

I'm passionate about working with others in seeking solutions and also look forward to working with this Board of Commissioners Team. My goals are to improve the lives of Curry residents. With my life experience, and through the hundreds of conversations I've had with our citizens, I feel it would be in their best interest for me to work in the responsibilities and Liaison assignments as follows:

Curry County Departments ...

Veteran's Services

Economic Development

District Attorney

Juvenile and Parks

Curry Road Department

Community Development

Facilities and Maintenance

Fair-4H & Ext. Service Dist.

Public Health

County Liaison, Board Assignments ...

Curry Natural Resources Advisory Committee, (Related to and as mentioned at the last BOC Meeting, I

have a pending appointment to the O&C Board of Directors).

Sudden Oak Death Solutions Task Force, (I've discussed this with and will be appointed by State Representative David Brock Smith, to which U.S. Senator Merkley will be co-convening – this very important Committee).

Wild River Coast Forest Collaborative, (Corresponds with my other Natural Resource work).

Curry Community Health, (I'm presently serving on the CCH Board).

Oregon Coast Community Action, (I see O.R.C.C.A. as a vital part of the Curry's Recovery and I'm working on related projects).

All Care Coordinated Organization, (Too this corresponds with my current Curry Community Health Board position).

South Coast Business Employment Corporation, (I served on this same board in the late 80's).

Coos Curry Douglas Business Development, (I also served on that board in the early 90's).

CCD Workforce Investment Board, (Also corresponds with my existing work and background).

Curry Public Transit, (I'm anxious to help this important program any way I can).

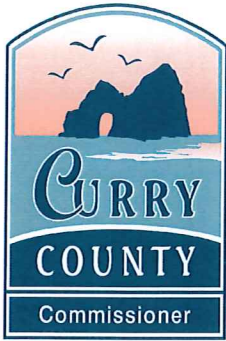

Local Public Safety Coordinating Council, (This is the main reason I decided to offer public service).

With BOC support, it is equally important to me to attend (as many as possible) the regular Council Meetings of our three incorporated cities, our three Port Board meetings and also the regular Curry Health Network Board Meetings.

I'm sure you recognize that this is an extensive commitment, however I feel it's what I have to do in keeping my promise to work diligently toward the "Curry Recovery". Please accept this as my formal request, with explanation, for the above listed liaison assignments and I will look forward to routinely reporting back to our Board.

Thank you.

Court Boice, Curry Commissioner

December 15, 2016

Dear County Commissioners,

The Local Public Safety Coordinating Council (LPSCC) met today for a regularly scheduled meeting. The agenda included a discussion regarding Public Safety funding for the next fiscal year because of the potential loss of federal funds to Curry County. After discussion, the LPSCC motioned and passed a recommendation to provide a letter to the Curry County Board of Commissioners (CCBOC) requesting the appointment a Blue Ribbon Committee. The Blue Ribbon Committee would review the Curry County budget, to include the potential loss of funds for the next fiscal year, and make recommendations to the CCBOC regarding departmental funding and other budget related matters.

Should the CCBOC support this recommendation and authorize the establishment of the Blue Ribbon Committee, LPSCC requests that the CCBOC have a work session to discuss membership, work objectives, and outcomes for the Blue Ribbon Committee. The Blue Ribbon Committee would report directly to the CCBOC. Given the short period of time between today and the end of the fiscal year, we further request that this matter be expedited.

Sincerely,

Sgt. Dave Denney
LPSCC Chair
