The Horning Land that they are selling to Consumer Energy was approved by the state to be removed from PA116. Chris Oesterling's conditional use application is incomplete, and he is aware of the missing information needed. Then the Supervisor, Clerk, Zoning Administrator and Township Attorney met at the property to discuss some of the concerns with the home-height measurements, east side retaining wall and drainage. The builder of the home has been contacted to provide an as-built survey. And they need to provide the township with drawings that the township
