

Freedom Township Green Infrastructure Vision Workshop

Saturday, January 9, 2016
8:30—10:30 am
Freedom Township Hall

A joint session of the Freedom Township planning commission and board of trustees

General example of a Green Infrastructure vision

Come help us create a Green Infrastructure Vision for Freedom Township!

Attendees will study maps of Freedom Township’s natural areas, water resources, recreational areas, and master plan and participate in a hands-on assessment of the township’s green infrastructure and potential future plans for its protection and enhancement.

What is Green Infrastructure?

The interconnected network of open spaces, natural areas and waterways that supports native species, maintains natural ecological processes, sustains air and water resources, and contributes to our health and quality of life.

Huron
River
Watershed
Council

Protecting the river since 1965

Your input is important! All Freedom residents are welcome:

RSVP to Kris Olsson, Huron River Watershed Council, at
kolsson@hrwc.org, 734-769-5123 x607

A Green Infrastructure Plan will address these and other issues impacting our natural areas and quality of life:

Natural Areas

Water Resources
