2019 City of Gladstone Citizen's Guide & Performance Dashboard

Fiscal Year 2018/2019 General Fund Revenue

The two largest revenue sources in the General Fund are property taxes (\$1.6 million) and state sources (\$551 thousand). This revenue represents 65% of all estimated resources to the General Fund Departments. With these sources remaining constant or slightly increasing, it is difficult to maintain the level of services the residents of Gladstone have come to expect.

Fiscal Year 2018/2019 General Fund Expense

The largest expense in the General Fund is Public Safety at 35%. This department is comprised of public safety officers and volunteer firemen. The next largest expense is general government at 24%. This consists of the City Commission, Manager, Clerk, Treasurer, Assessor, Community Development, Elections and city hall expenses. The third largest expense is Parks & Recreation at 16%. The City of Gladstone prides itself as the 'Year Round Playground.' The recreation areas covered are Gladstone Bay Campground, sports park, beach, playgrounds, parks and trail system.

Property Tax Revenues

Taxes are levied by the City to fund services that are performed for the combined benefit of residents. There are several variables that affect the growth or decline of tax revenues including the addition or loss of taxable values and statutory regulations. There are many departments and services that are funded from the property taxes collected. General government, parks & recreation, public safety, property maintenance/zoning just to name a few.

Trend Analysis:

Minimal upward trend.

State Shared Revenue

The State Revenue sharing program distributes sales tax collected by the State of Michigan to the local governments as unrestricted revenues. The distribution of funds is authorized by the State Revenue Sharing Act, Public Act 140 of 1971, as amended (MCL 141.901). Sales tax fluctuations vary depending on the strength of the state economy, actual sales tax revenue, and annual appropriation bills for the statutory portion. This is evident by the decrease of actual disbursements in state shared revenue between 2004 to 2012. Since then, we've been slightly increasing every year but still not to the level we were at in 2004.

Trend Analysis:

Minimal upward trend after decreasing trend since 2004.

General Fund Revenues and Expenses

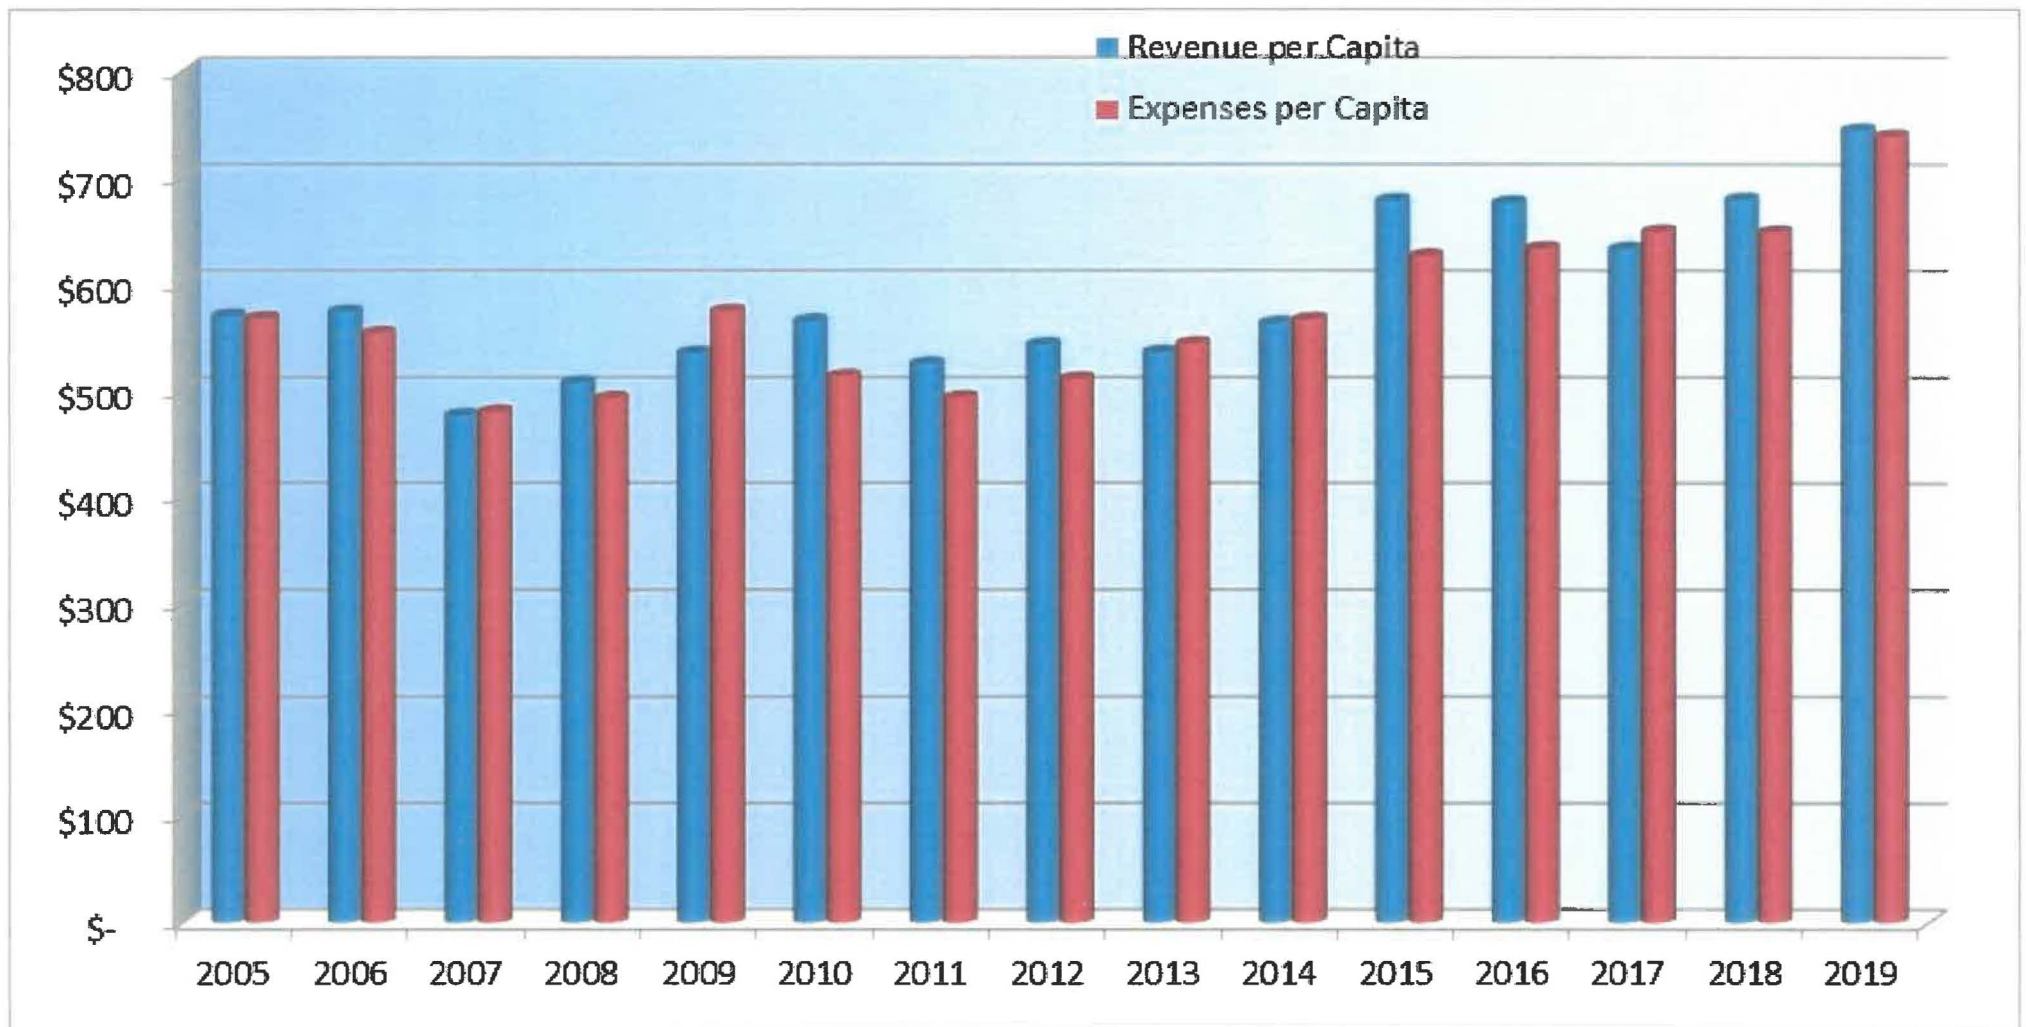

The two largest revenue sources in the General Fund are property taxes (\$1.6 million) and state sources (\$551 thousand). This revenue represents 65% of all estimated resources to fund the General Fund departments. With these sources remaining constant or slightly increasing after large decreases, it is difficult to maintain the level of services the residents of Gladstone have come to love.

The largest General Fund expense is Public Safety at 35%. This department is comprised of Public Safety Officers and Volunteer Firemen. The second largest expense is General Government (24%) which is comprised of City Commission, City Retirees, Manager, Clerk, Treasurer, Assessor, Elections and City Hall expenses. The third largest expense is Parks & Recreation (16%) which Gladstone prides itself as the “Year ‘Round Playground.” The recreation areas covered are Bay Campground, Sports Park, beach, playgrounds, parks, and the trail system.

Trend Analysis:

Since 2016, decreased revenues, slight increase in expenses.

General Fund Revenue and Expenditures per Capita

The General Fund is comprised of the City Commission, City Retirees, Manager, Clerk, Treasurer, Assessor, Elections, Community Development, Public Safety and City Hall expenses and Parks & Recreation.

Trend Analysis:

Downward Trend—Revenue per capita since 2005 has increased from \$570 per resident to \$744 per resident (30% increase) as well as expenses from \$568 per resident to \$738 per resident (30% increase).

Full time employees since 2006 have decreased 24% through attrition. The city continuously works on controlling all of its expenditures including personnel costs. Since 2009 total wages has decreased from \$2,799,821 in 2009 to \$2,617,626 which is a 7% decrease.

General Fund Fund Balance

It is a sound practice to maintain a positive fund balance. Having a healthy fund balance allows the City to cope with unforeseen circumstances related to either it's revenue and/or expenditure flows. The City of Gladstone considers having a strong fund balance critical to being able to manage it's service delivery during all business cycles.

In 2017, the City Commission adopted a fund balance policy to retain a minimum fund balance levels in all funds.

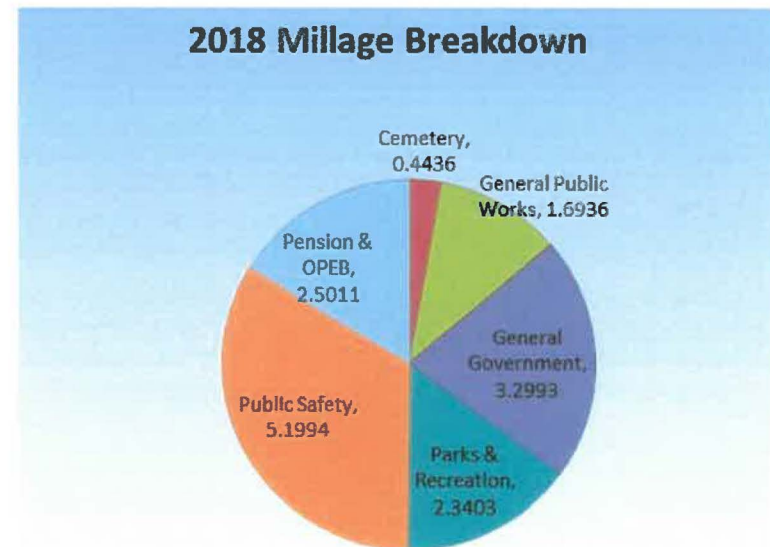

Millage Rates

Below is a breakdown of how the total tax dollars are allocated for services provided to the community. The general operating millage is unrestricted monies that are used to pay for General Government (City Commission, City Retirees, Manager, Clerk, Treasurer, Assessor, Community Development, Elections and city hall expenses), Public Safety Officers and Volunteer Firemen, Parks & Recreation, Cemetery and General Public Works.

The City of Gladstone's debt per capita is \$1,458 per resident. This is a decrease from 2017. The city issues debt to fund projects or items that were either voter approved, state mandated or are infrastructure improvements. One indicator relative to debt and it's burden is to look at it on a per capital (population related) basis.

The majority of the debt illustrated here is unfunded pension and health obligations for employees and retirees.

Long Term Debt & Pension Liabilities

As of 1988 all new City of Gladstone employees are provided with a MERS defined contribution plan vs. a defined benefit plan. A majority of the employees are now participants of this plan. The defined benefit plan consists of 8 active employees and 41 retirees that the City contributes for. The ratio of pensioners to employees is 1.06 which is down from 2.92 the previous year.

Revenue Assumptions

- Taxes—Remaining flat.
- State Sources—Remaining flat.
- Recreation—User fees remaining flat, less grant \$ in 18/19 FY.
- Other—remaining flat.

Expense Assumptions

- 2% pay/benefit increase and Wage Openers on Contracts
- 6% increase in MERS
- 3% increase in healthcare.

- Beginning October 1, 2011, local units of government receiving statutory revenue sharing under PA140 had to meet certain requirements to be eligible to receive a percentage of total revenue sharing appropriated. This was known as Economic Vitality Incentive Program or EVIP.
- Beginning October 1, 2012, a new requirement was added to receive this revenue which was to provide a minimum of 2 years budget information. Current year plus the immediately following fiscal year's revenue and expenses. The projected 2019/2020 fiscal year budget is above, based on certain assumptions.
- Now municipalities are required to comply with the City, Village and Township Revenue Sharing (CVTRS) which consists of the Citizen's Guide, Performance Dashboard, Debt Service Report and Projected Budget Report.

Community Development

Permits, Rental Inspections and New Construction

The City of Gladstone has seen a reduction in the value of construction and the number of permits issued in the last few years, holding steady at around \$2M a year growth. The market crash of 2008 severely impacted new home development with Gladstone experiencing several years in a row with no new home growth. During this same time period, our commercial activity increased keeping our value of construction high. In the past two years, the City has seen 10 new homes built in our area. Also during this timeframe, the County (who provides services to Delta and Menominee Counties) took over our building permit process. They reported to us that the City of Gladstone is their busiest client making us a leader in development within Delta Count.
