

CITY OF GLADSTONE, MICHIGAN
2006-2007

The water rate for the City of Gladstone, effective with the August 2006 billing is a flat charge of \$2.75 per thousand gallons. The readiness to service charge (basic) is \$7.50/month.

The wastewater rate for the City of Gladstone, effective with the August 2006 billing is \$3.75 per thousand gallons of water used. The readiness to serve charge (basic) is \$7.50/month.

The above water/wastewater rates were approved at the June 12, 2006 regular City of Gladstone Commission meeting.

TWO PERCENT (2%) PENALTY IS ADDED TO UNPAID BALANCE EACH MONTH. This 2% is added if the utility bill is not paid by the due date.

NOT RECEIVING BILL DOES NOT INVALIDATE PENALTY. Rates and charges for water and wastewater are payable monthly and subject to shut-off if not paid. A fee of \$30.00 will be charged for the cost of reconnecting service. Water service is furnished under the terms and conditions provided in Ordinance No. 412 and Ordinance No. 431, relating to such services. Where a renter/landlord arrangement exists, all City utility charges at the premises will be the responsibility of the landlord; and in the event charges are unpaid, a special assessment may be levied and become a lien upon the property affected.

Water service charge to those property owners not residing in their homes for a period of one month or more – after a declaration in writing as to the extent of their absence – will have a BASIC CHARGE ONLY during their absences of \$7.50 for water and \$7.50 for wastewater for a total of \$15.00/month.
