TYPE OF ALARMS: Burglar Fire Medical (check all that apply)

I understand that the Village of Glencoe shall not be liable for any failure of service or for any damages that might result from the installation or operation of the alarm system, and that all alarm calls, regardless of the cause, may be counted in determining the service charges as outlined in the Glencoe Village Code, Section 9A-7. I certify that maintenance will be provided by a certified bonded alarm company for my alarm at all times.

**VILLAGE OF GLENCOE
PAYMENT RESPONSIBILITY NOTICE**

In addition to an annual alarm permit fee, the Village imposes service fees to be charged to that portion of the Village residential and business population that maintains mechanically or electronically activated alarm systems which generate false alarm service calls.

The Public Safety Department responds to all alarms. The inherent difficulties and malfunctions associated with such alarm systems often result in false alarms that also consequently require response by the Public Safety Department. The Public Safety Department has no way of knowing which alarm calls are bona-fide calls and which are not at the time of the service call. There is a service for false alarms. The schedule is based upon the number of false alarms during a calendar year. The service charge schedule is as follows:

Description of Service Charges	Rate
First and second false alarms	\$0.00
Third through fifth false alarms	\$60.00 per occurrence
Sixth through eighth false alarms	\$120.00 per occurrence
Ninth through eleventh false alarms	\$240.00 per occurrence
Twelfth through fourteenth false alarms	\$300.00 per occurrence
Fifteenth and any additional false alarms	\$500.00 per occurrence
