Vlad Shepelev: Also has some concerns about the 131st improvements. He asked when Fischer Road is going to be paved. CM Weston mentioned that Washington County should start paving in with-in the year.

Agenda Item 6: Unfinished Business: None

Agenda Item 7: New Business:
  7.1 Police Levy Talking point – Chief Happala

Overall the property crime rate since residents passed the police levy has decreased.

The police have received 4,000 calls for service.

Chief also spoke about traffic stops. From March 20, 1028 to March 5, 2019, King City PD has stopped over 800 vehicles.

The police did a speed study on 116th and royalty, and the average was 21 the max was 29 and the slowest was 4.

7.2 Discuss and consider Pride Rates per the Municipal code

In December 2018 the City Council amended sections 8.16 and 8.20 of the King City Municipal Code relating to solid waste rates and implemented an annual cost of living index methodology.

Pride Disposal reported an annual rate of return of 4.71% for the 2018 calendar year. The Bureau of Labor and Statisties reported the West Region Consumer Price Index of 3.1% for that same time period. The methodology adopted by Council calculates the increase needed as follows:

West CPI-U 3.1% X 1.25 rate factor = 3.88% rate increase effective January 1, 2020

This will be a $0.89 per month increase for 32-gallon residential customers, which make of the majority of the residents as well as a $7.87 per month increase for a commercial customer with a 2 yd container.

The Council also adopted new rates effective July 1, 2018 that were intended to address the continued fall of recycling market pricing as well as operational cost increases. The intention of the rates was to be in effect for an 18 month period. The code amendments state that if the reported rate of return drops below 8% that a rate study would be commissioned to determine the increase needed to
achieve the desired rate of return. The rates adopted last year were designed to get the rate of return up to the desired level during 18 months. The reported 4.71% only reflects six months of the new rates and to this end, Pride proposed that a rate study is not needed at this time and the implementation of the index methodology is the proper course of action.

Since last June a number of factors have impacted Pride. The company has very little ability to control the following types of operating cost increases:

- Commingle recycling value has continued to drop significantly
- Inflation increased by 3.1%
- Insurance rates increased by 20%

MOTION MADE BY COUNCILOR BUEHNER APPROVE THE RATE PROPOSED BY PRIDE, SECONDED BY COUNCILOR FENDER.

VOICE VOTE: 5-AYES – 0-NEYS – 0 ABSTENTIONS– 0- RECUSED THE MOTION CARRIED 5-0.

Volunteer facilitator (Woodstock neighborhood)
Cida, Inc.- Landscape designer/ planner/project manager
Previous City appointments, offices or activities:

None in King City.
Tualatin Architectural Review Board

As additional background for the Mayor and City Council, please answer the following questions. Feel free to add additional pages.

1. What experience/training/qualifications do you have for this particular board or commission? You may attach a resume.

Please see my resume.

My degree in landscape architecture covers urban planning and design, environmental/human integration, landscape systems analysis, transportation, healthcare design and children's environments.

Professionally, I worked as a planner for the City of Woodburn and have experience in Type III and IV planning presentations and decisions.

Also, I designed small developments while working at CIDA.

2. What specific contribution do you hope to make?

I have lived in this area over 24 years, and my interest in King City planning started with the annexation just west of 131st. That interest sent me to the University of Oregon for a degree in Landscape Architecture, a degree which would immerse me in how people interact with nature—and each other—in the "life between buildings" as Jan Gehl puts it (The Gehl firm is doing the outreach for Tigard's Main Street community space). I am well versed in how our environment affects our health and productivity. This knowledge will be important as King City takes its next big steps into the future with its annexation to the west. I know what people need for a high quality of living and health, whatever economic bracket they may fall into, and will advocate in the public best interest. My professional experience as a planner enables me to understand code and work with our planners.

3. What community topics concern you that relate to this board or commission? Why do you want to become a member?

I am most interested in the development of the annexed area west of King City and that it be developed well. Once it is built, that's it; that's how people will live. Those decisions are very important and represent the values of the people of King City.
4. Describe your involvement in relevant community groups and activities. (Lack of previous involvement will not disqualify you from consideration.)

I was part of a group that advocated for parks in the development which is now Edgewater. When I moved here, the nearest park was Cook Park and I had small children; it was a major effort to take my kids to the park. Also, I researched how parks increase property values in the surrounding neighborhoods in order to persuade the developers and King City to put it the park.

7.3 Intergovernmental Agreement – Highway 99W Corridor Planning
INTERGOVERNMENTAL AGREEMENT
HIGHWAY 99W CORRIDOR PLANNING

Pursuant to ORS 190.010, this intergovernmental agreement (“Agreement”) is entered into by and between the City of King City (“King City”), the City of Sherwood (“Sherwood”), the City of Tigard (“Tigard”), the City of Tualatin (“Tualatin”), and Washington County, each individually referred to as a Party and jointly referred to as Parties.

Recitals

1. Highway 99W (“Hwy”) is a critically important state highway in the southwest metro region under the jurisdiction of ODOT and located in the cities of Tigard, King City, Tualatin, Sherwood and in Washington County.

2. The Hwy is a critical state transportation facility in which the Parties have a shared interest to jointly plan future uses, designs, and improvements.

3. The Hwy corridor is regionally significant, averaging 48,000 daily trips, with needed safety improvements, travel technologies, options for active transportation users, and land use adaptations that will benefit the traveling public and nearby residents of the Parties.

4. The Hwy requires a comprehensive corridor plan to coordinate and identify projects that will transition the facility from a typical 20th century commercial-automotive corridor to one that is safer, modernized, and conducive to climate-smart travel adaptations (e.g. transit).

5. Approximately 70,000 people live within a mile of the Hwy corridor, many of whom are people of color, low-income, or of limited English-speaking capacity. A concerted effort to plan for the equitable benefit of these households can only be achieved through interjurisdictional and intra-agency participation and coordination.

6. The Parties desire to engage with State of Oregon legislators on the funding of the Hwy Corridor Planning project in the 2020 legislative session.

Agreement

Now therefore, the Parties agree as follows:

A. **Tigard Responsibilities.** Tigard will:
   1. Select and contract with a strategic communications consulting firm to secure state funding for a comprehensive vision and plan for the Hwy corridor through the year 2050.
   2. Manage the performance of the contract on behalf of the Partner Agencies.
   3. Invoice the Partner Agencies for actual costs incurred by the consulting firm at the start of the study work as provided by Section C. Costs.
B. **Partner Agency Responsibilities.** King City, Tualatin, Sherwood, and Washington County (collectively the “Partner Agencies”) will:

1. Actively participate in the consultant’s process, including attending project meetings, as well as reviewing and responding to emails and studying related documentation, such as drawings or narratives.
2. Coordinate on public outreach, including participating in public meetings, with stakeholders and with state legislators and their staffs.
3. Within 30 days of the date of invoice, advance Tigard for each Partner Agency’s share of the not-to-exceed-amount of the consultant contract as provided by Section C. Costs.

C. **Costs.**

1. Each Party will be solely responsible for its internal and staff costs associated with this Agreement.
2. The Parties will share the actual costs of the consultant. The total costs are not-to-exceed $32,500 total, with Tigard covering $12,500. Each Partner Agency’s share is $5,000. Tigard will consult with the Partner Agencies on any contract amendments for scope adjustments or if additional budget is deemed necessary. In no event will any Partner Agency be obligated to pay a cost share exceeding $5,000 unless agreed to in writing.

D. **Term of Agreement.** This Agreement is effective September 1, 2019 and will continue until the work described in Sections A and B is completed and the costs stated in Section C have been paid, unless otherwise amended or terminated in writing by the Parties.

E. **Dispute Resolution.** The Parties will attempt to informally resolve any dispute concerning any Party’s performance or decisions under this Agreement, or regarding the terms, conditions or meaning of this Agreement. The Parties agree that in the event of an impasse in the resolution of any dispute, the issue will be submitted to the executive offices of the disputing parties for recommendation or resolution. If resolution cannot be reached, a neutral third party may be used, if the Parties agree, to facilitate these negotiations.

F. **Modification of Agreement.** No waiver, consent, modification or change of terms of this Agreement shall be binding unless in writing and signed by all Parties.

G. **Termination.** This Agreement may be terminated, with or without cause and at any time, by a Party providing 30 days’ written notice of intent to the other Parties. In the event of termination, the Parties agree to work in good faith to complete the obligations arising from this Agreement, including paying actual costs incurred by Tigard up to the date of termination.

H. **Independent Contractor.** Each Party is an independent contractor with regard to the other Parties. No Party is an agent or employee of any other.

I. **Insurance.** Each Party agrees to maintain insurance levels or self-insurance in accordance with ORS 30.282, for the duration of this Agreement at levels necessary to protect against public body liability as specified in ORS 30.269 through 30.274.
J. **Compliance with Law.** Each Party agrees to comply with all applicable local, state, and federal ordinances, statutes, laws, and regulations.

K. **Counterparts.** This Agreement may be executed in any number of counterparts and by the Parties on separate counterparts, any one of which shall constitute an agreement between and among the Parties.
