

Dear candidates, Council members, and neighbors,

We apologize for the delay this morning in reporting the results of the May 9, 2019, election for the Village Council of Martin's Additions. The results of the voting were very close, and the Election Committee took extra care to make sure that both our vote counts and our understanding of relevant electoral law were correct.

Here are the final tallies:

Richard Krajeck	154 votes
Katya Hill	153 votes
Peter Kahn	150 votes.

We congratulate Richard and Katya and thank all three candidates for running such fine campaigns. The voter turnout was high, and the Election Committee will issue a more detailed report, including write-in candidates, later today.

Respectfully submitted by the 2019 Martin's Additions Election Committee: Marty Langelan (chair), Jesse Tampio, Lauren Shweder Biel, Lorie Mitchell, and Halie Soifer, with thanks to Diane Everts and Susan Post as temporary Election Day members.
