New Business

A. Questions from Elections Committee:

1) When a candidate fills out the conflict-of-interest form, to run for a seat on the VMA Council, are building permit requests considered transactions? Does the candidate have to list his/her recent or pending permit requests?

2) Are holiday gifts considered financial transactions? A lot of us do contribute to the holiday fund for the trash-collection team and other service providers. I don't think candidates should need to report that, but we'd like the Ethics Committee to say for sure.
