

**Village of Martin's Additions 7013 Brookville Road, Suite B  
Chevy Chase, MD 20815  
Council Meeting Minutes September 23, 2021  
VIA ZOOM CONFERENCE CALL**

**Council Members Present:** Andrew Kauders; Susan Fattig; Arthur Alexander; Katie Filipczyk Howard; Jeff Blander; Village Manager: Niles Anderegg; Manager Assistant: Martha Fessenden; Building Administrator: Doug Lohmeyer; Village Attorney: Ron Bolt; Residents and other Attendees: Keith Allen (Turner Ln); Marty Langelan (Chestnut St); Susan Kahn (Bradley Ln); George McAleese (Melville Pl); Larry Wasson (Delfield St), Lynn Welle (Oxford St), Holly Worthington (Turner Ln), Kathleen Bishop (Taylor St), Janine Trudeau (Bradley Ln), Stephen Howard (Taylor St), Susan Post (Turner Ln), John Sharrow (Chestnut St), Sally Maran (Turner Ln), Ben Dunford (Taylor St), Michael Pratt (Montgomery County Police), Nicholas Picerno (Montgomery County Police)

**7:31 PM Call to Order: Kauders**

The meeting was called to order at 7:31 pm.

Keith Allen gave the weather report: fine autumn weather can be expected over the next week.

**7:32 PM Opportunity for Council to Hear Residents' Comments: Kauders**

Marty Langelan (Chestnut St.) thanked Keith for the movie event and asked about temporary rubber speed bumps for the Village. She also asked about the process and criteria for selecting volunteers for the Village committees and about the status of a volunteer manual.

Niles spoke about the cost of installing and maintaining temporary speed bumps. He is working on developing RFPs over the next few weeks for specific improvement to the roads including permanent speed bumps. Andrew expressed strong support for speed bumps as well as for improved stop signs. On the volunteer manual, Niles offered to draft a memo to the Council on how to proceed in developing this document. On the committee appointment process, Andrew noted that the Council considered every applicant and made decisions on who would be most effective in each position. In Andrew's view, a lack of experience should not be a barrier to serving on a committee since new residents can only gain experience by serving on a committee. The Council tried to strike a balance in making committee assignments, selecting some with institutional knowledge and others who bring new energy and ideas to the community.

**7:46 PM Committee Appointments: Kauders**

Andrew announced the following appointments:

Tree Supervisor: Nina Stark-Slapnik.

**Motion: Susan Fattig moved to approve the appointment; Arthur Alexander seconded. Motion passed unanimously.**

Community Engagement Committee: Keith Allen, Susan Kahn, Paul McGowan, and Naomi Naierman.

**Motion: Andrew Kauders moved to approve the appointment; Katie Filipczyk Howard seconded. Motion passed unanimously.**

Election Committee: Leah Michal Craft, Peter Kahn, George McAleese, Natalie Welle, and Paul Weller.

**Motion: Susan Fattig moved to approve the appointments; Andrew Kauder seconded. Motion passed unanimously.**

Ethics Committee: Ben Dunford, Marc Efron, Alex Ghesquiere, Laurie Matthews, and Lorie Mitchell.

**Motion: Andrew Kauders moved to approve the appointments; Susan Fattig seconded. Motion passed (4 Ayes, 1 Nay from Jeff Blander due to the expanded jurisdiction of the committee.**

Jeff Blander spoke in support of training for volunteers especially on the revised ethics ordinance. He reported that, while there was a record response to the call for volunteers, he had heard from three residents who did not volunteer out of concern about the expanded jurisdiction of the Ethics Committee. He also noted that, in his view, several procedures still need to be worked out with the revised ordinance. Andrew agreed that training for the Ethics Committee members would be very helpful and might involve Village Attorney Ron Bolt as well as Marc Efron.

### **7:51 PM Discussion with the Village's Police Officers Regarding Theft from Autos and Auto Thefts**

Andrew Kauders began by reviewing some recent crimes: an auto theft on Taylor, and theft from an auto on Chestnut. He then opened the floor to the two Montgomery County police officers in attendance virtually. Officer Nick Picerno described their robust response to a recent protest in the VMA and said three additional teams were nearby, ready to assist if needed, primarily out of a concern about counter protests, which did not materialize. He noted that the potential exists for more protests at the same residence. Nick then shared his screen to show how to find weekly crime summaries: [www.montgomerycountymd.gov](http://www.montgomerycountymd.gov). Officer Michael Pratt pointed out that 99% of incidents occur after 7 pm, and the majority take place between midnight and 1 a.m. The three Ls are the best deterrents: locks, lights, and loud noises. He also reported that he and Nick are both in touch frequently with the overnight shifts so they are aware of current patterns of activity. Andrew asked about the potential benefit of adding a 1-3 a.m. beat to the Village's patrols. Michael noted that he has worked an overnight shift in the Village of Chevy Chase for 13 years and during that time has stopped only one crime. However, extended hours might help deter crime. Katie Filipczyk Howard commented that in several of the recent crimes, doors had been locked. She asked if more cameras might be useful and noted that cameras were instrumental in the return of her stolen car. Nick responded that cameras are a great investigative tool, and a more robust camera system might have been of benefit in the recent pharmacy robbery. However, widespread use of cameras in the Village would open up a number of questions. Jeff Blander asked if surveillance is a deterrent to crime. Michael responded that during his shift he often places his police car at a prominent location to serve as a deterrent. Marty Langelan (Chestnut St) asked if enforcement cameras could be placed in intersections where drivers fail to obey stop signs. Nick noted that enforcement cameras are limited to enforcement of speeding limits and red lights.

### **8:23 PM Building Administrator's Report: Lohmeyer**

The Village Council received Building Administrator Douglas Lohmeyer's report on ongoing building projects in the Village (see attached).

### **8:24 PM Discussion and Possible Adoption of Resolution 2021-6-1, To Amend the Village Fee and Bond Schedule to Include an Environmental Impact Fee for the Urban Tree Program.**

Village Attorney Ron Bolt noted that the Village maintains a permit and fee schedule; this resolution would amend that fee schedule by adding an environment impact fee of \$750. Arthur Alexander commented that the Council had previously voted on the ordinance establishing the Urban Tree Program. This resolution sets the fee.

**Motion: Arthur Alexander moved to adopt the resolution; Susan Fattig seconded. Motion passed unanimously.**

### **8:25 PM Discussion of the Village's 2021 Annual Survey Questions**

Arthur Alexander suggested moving the survey question about composting into the general section on services and changing the wording to gain more information. Susan Fattig suggested requesting specific feedback on remedial measures to improve walkability, but Niles noted that the Walkability Task Force survey already addressed remedial measures. He recommended that as Walkability Report measures are being implemented, residents might be surveyed again about specific options that the Council is considering. Jeff Blander asked if an administrative meeting to review questions would be helpful and if there was a point person for the survey. Niles requested that the Council review survey questions by October 1; if comments or questions require an administrative meeting, one can then be scheduled. If not, he would then send out the survey to residents.

### **8:26 PM Financial Matters, including Treasurer's Report: Alexander**

The Village Council received the Treasurer's report (see attached).

### **8:36 PM Manager's Report: Anderegg**

The Village Council received the Manager's report. Half of the funds from the American Rescue Plan are in the Village's bank account but the deposit of \$489,181.34 will not be reflected until the September statement closes. Final rules on how this money may be spent are still pending from the federal government, but Village Attorney Ron Bolt has drafted a memo about possible uses, for the Town of Chevy Chase. Municipalities can pool their funds to work together on issues such as drainage on Brookville Road. Niles attended a meeting with other area managers at which they discussed jointly hiring someone to administer the funds. Katie Filipczyk Howard asked whether the Village could donate some of its fund to municipalities that have greater needs than the Village. Niles responded that funds can only be used for approved uses and the Village would need to be able to report on how its money was used. Arthur Alexander asked what happens to unused funds. Niles said the funds must be earmarked by 12/31/24 and paid out by 12/31/26, but any monies left over after that date would have to be returned (although accrued interest would be retained by the Village). Niles will share Ron's memo with the Council.

Marty Langelan (Chestnut St) asked whether undergrounding power lines would count as a resiliency measure under the guidelines for the funds. Ron said two types of infrastructure are covered by the criteria: 1) storm water; and 2) broadband internet access.

Niles and Katie Filipczyk Howard met in August to discuss the redesign of Martin's Edition. Katie Filipczyk Howard noted that the redesign of the newsletter will not increase the cost.

Leaf vacuuming will take place in mid-October. Leaf bags will be distributed by Rolling Acres.

The Halloween event will be held on Sunday, October 31.

VMA fire hydrants were inspected in 2018–2019 but Niles is working to get an updated list to identify more recent inspections.

Two RFPs are being planned: one on specific walkability improvements, and roadway maintenance.

**8:58 PM Opportunity for Council to Hear Residents’ Comments: Kauders**

Marty Langelan (Chestnut St) asked about the nature of the fire hydrant inspections and if water pressure is being tested. Niles will follow up on this, but he has observed WSSC physically checking the hydrants. Marty also questioned the safety of gas lines in the Village. She thanked Katie Filipczyk Howard for exploring ways to make the newsletter better and she suggested that tips be included on how residents can check on safety issues.

Janine Trudeau (Bradley Ln) commented on the learning curve required for composting and suggested a visual cheat sheet. Niles also mentioned holding another information session with the composting company, including messages in the wrap-up, and providing a link to County videos on composting.

Andrew Kauders announced the names of Village committee liaisons: Susan Fattig - Community Engagement; Andrew Kauders – Elections; and Katie Filipczyk Howard - Ethics.

Katie thanked Keith Allen for the recent “Movie Night in the Park.”

**9:02 PM Adjournment: Kauders**

**Motion: Susan Fattig moved to adjourn; Arthur Alexander seconded. Motion passed unanimously.**

## **VILLAGE OF MARTIN'S ADDITIONS**

### **COUNCIL MEETING APPENDIX**

**September 13, 2021**

Materials included in this appendix were either included in the Council monthly meeting packet distributed before the meeting or submitted to the Council as part of the meeting. All materials appear as submitted.

Topic: VMA Council Meeting

Time: September 23, 2021, 07:30 PM Eastern Time

TO: The Council at the Village of Martin's Additions

FROM: Doug Lohmeyer

DATE OF MEMO: September 21, 2021

SUBJECT: Building Administrator's Report

---

**3506 Bradley Lane.**

Demolition and building permit applications were submitted to the Village office. The staff has initially reviewed the information. Waiting for MCDPS approval. The applicant plans on beginning construction in Oct. A new resident's information will be scheduled. The utility companies are currently abandoning the existing underground utilities.

**6701 Brookville Rd.**

The homeowner has submitted a concept plan to construct a new driveway on Bradley La. and possibly remove the existing driveway on Brookville Rd. The staff is reviewing the concept.

**7200 Chestnut St.**

The applicant applied for a Village building permit to construct an addition to the west side of the existing house. The County issued their building permit on Sept. 3, 2020. The Village building permit was issued on Oct. 9, 2020. The construction is ongoing.

**7200 Delfield St.**

The property owners have applied for a Village demolition and building permit for a new house. The County issued their building permit on Oct. 23, 2020. The Village issued the demo and dumpster permits on Dec. 14, 2020 and the building permit on Jan. 4, 2021. The old house has been removed and the new house is under construction.

**7220 Delfield St.**

The applicants have submitted an application to remove the existing house and build a new house. The Village information meeting was held on Dec. 14<sup>th</sup>. The County issued the building permit on April 20, 2021. The Village demo and building permits were issued on May 17, 2021. The house has been removed. The new house construction is ongoing.

**7221 Defield St.**

The homeowner has submitted an application to remove a portion of the existing deck and build a new section of deck and steps. The staff is reviewing the application.

**120 Quincy St.**

The homeowner has submitted concept plans for the Village's review. The plans propose to construct several additions to the existing house. They have not applied to MCDPS or a Village permit.

**159 Quincy St.**

The homeowners submitted an application to build a new deck at the rear of the existing house. The Village building permit was issued. Work is on-going.

**163 Quincy St.**

The homeowner has submitted a plan to add a parking pad on the east side of the existing driveway. The staff is reviewing the plans.

**3515 Raymond St.**

The applicant has submitted plans to remove the existing house and to construct a new house. MCDPS issued the building permit on Feb. 2, 2021 and the Village issued their building permit on Feb. 9, 2021. The ex. house has been removed and the new house is under construction. On July 13, 2021, the Council approved the variance to construct an office at the rear of the new house.

**3521 Raymond St.**

The homeowner has submitted a concept plan to remove a portion of the existing circular driveway, replace that portion of the driveway with grass and plants, and resurface a portion of the existing driveway. The staff is reviewing the concept.

**7200 Summit Ave.**

The homeowners submitted a Variance Application for additions to the existing house. The variance was approved by the Council on July 16, 2020. The applicants have not submitted to MCDPS or the Village. The Village variance has been extended for an additional 12 months.

### **3404 Turner St.**

The applicants have submitted an application for a variance of the Village's minimum side yard setbacks, so they can add a second floor to the existing, non-conforming house.

The public variance hearing will be held at the Sept. Council meeting.

### **Miscellaneous Items**

The staff is presently working with the following properties:

1. The MSHA has responded to the Village's letter regarding water ponding at the Village street intersections along Brookville Rd. The MSHA staff stated they are working with WSSC and MCDOT and will get back to us soon. The Village sent a letter to the State requesting an updated progress report on the outstanding pedestrian safety issues. The State responded and said they will be looking into adding additional pedestrian walkway safety measures at Bradley and at Taylor. Section 5 has prepared a concept plan to build a new MSHA storm drain system along the west side of Brookville Rd. from Bradley La. to Shepherd St.

Resolution No.: 2021-6-1  
Introduced: June 17, 2021  
Adopted:  
Effective Date:

**THE VILLAGE OF MARTIN'S ADDITIONS**

SUBJECT: A RESOLUTION TO AMEND THE VILLAGE FEE AND BOND SCHEDULE.

WHEREAS, Maryland Code, Local Government Article, Section 5-202, as amended, grants to the legislative body of every incorporated municipality in Maryland, including the Village of Martin's Additions, general power to pass such ordinances not contrary to the Constitution of Maryland or public general law as they may deem necessary in order to assure the good government of the municipality, to protect and preserve the municipality's rights, property, and privileges, to preserve peace and good order, to secure persons and property from danger and destruction, and to protect the health, comfort and convenience of the citizens of the municipality; and

WHEREAS, Maryland Code, Local Government Article, Section 5-211, as amended, authorizes municipal corporations within the State to establish and collect reasonable fees and charges for permits authorized by law to be granted by a municipal corporation, or associated with the exercise of any governmental or proprietary function authorized by law to be exercised by a municipal corporation; and

WHEREAS, Section 6-307 of the Code of Ordinances of the Village of Martin's Additions authorizes building permit fees to be established by resolution of the Village Council; and

WHEREAS, Section 6-306(c) of the Code of Ordinances of the Village of Martin's Additions requires payment of a fee for a permit extension; and

WHEREAS, the Village Council, by Ordinance No. 2021-3-1, adopted June 17, 2021, established an Urban Forest Program that requires payment of an Environmental Impact Fee for certain development and finds that the Schedule of Fees should be amended to expressly state the amount of the fee; and

WHEREAS, after proper notice to the public, the Village Council introduced the following Resolution in an open meeting conducted on the 17<sup>th</sup> day of June, 2021, and considered this Resolution in an open meeting conducted on the \_\_\_ day of \_\_\_\_, 2021;

NOW, THEREFORE, BE IT:

RESOLVED that the amendments(s) to the attached Schedule of Fees be and are hereby adopted by the Village Council, and it is further,

RESOLVED, that the foregoing Resolution shall become effective on \_\_\_ day of \_\_\_\_\_, 2021, and it is further,

RESOLVED, that written notice of the adoption of the foregoing Resolution shall be provided to Village residents in accordance with Section 502(d) of the Village Charter, and it is further,

RESOLVED, that the foregoing Resolution shall be permanently filed by the Secretary and kept available for public inspection.

\_\_\_\_\_  
\_\_\_\_\_, Chair  
Village Council

I, the undersigned Secretary of the Village Council, hereby certify that the foregoing Resolution was adopted by the Council at its meeting on the \_\_\_ day of \_\_\_\_\_, 2021.

\_\_\_\_\_  
\_\_\_\_\_, Secretary

Village of Martin's Additions 2020 Annual Survey

**Progress:**

The Village Council is seeking resident input on Village services and operations. We use the resident feedback to inform the Council's decision-making process and set Village priorities. The survey should take less than 10 minutes to complete. Please participate!

Please submit the survey only once for each household. The survey will be open from Friday, September 25, 2020, at 5:00 PM until Sunday, October 11, 2020, at 11:59 PM. Survey results will be shared at the Thursday, October 15, 2020, VMA Council meeting.

1. Overall, how satisfied are you with the Village operations?

- Extremely satisfied
- Somewhat satisfied
- Neither satisfied nor dissatisfied
- Somewhat dissatisfied
- Extremely dissatisfied
- No Responses

2. If you would like to share your experience with the Village, please describe below.

Village of Martin's Additions 2020 Annual Survey

**Progress:**

6. Most of the Village budget is spent on providing our residents with services. These services often exceed what is provided by the County, such as bi-weekly trash collection from the side yard, police patrols, Village-sponsored events, and the composting program, which is a service the Village facilitates but does not pay for. Please indicate any changes in services you would like the Village Council to consider, keeping in mind the additional expense the Village would likely incur from providing additional services.

**Village of Martin's Additions**  
**Financial Report for August 2021**  
**Arthur Alexander, Treasurer**  
**September 23, 2021**

	<u>Actual</u>	<u>Budgeted</u>
Revenues	\$ 14,600	132,217
Expenses (excluding capital projects)	94,642	126,099
Net Income (revenues minus expenses)	-80,042	6,118
Capital investment expenses	0	
Investment reserves (less expenditures)	1,500,000	
Emergency reserves	1,000,000	

Current assets less designated reserves: \$ 665,003

In the current month, September 2021, we plan to transfer \$55,000 from the Village's savings account in the Maryland Local Government Investment Pool (MLGIP) to the checking account to cover projected expenses, as we have for the past two months

At this early stage of the fiscal year, the Village has not yet received its revenues from property taxes or the state income tax. Therefore, there is an apparently large discrepancy between spending and income. As the year progresses, these revenues will arrive in a lumpy fashion and catch up with the budgeted amounts. Spending also does not proceed regularly throughout the year; street plowing and leaf collection, for example, are seasonal. Expenditures are proceeding as expected.

From: Niles Anderegg, Village Manager  
To: Village Council  
Subject: Village Office Update  
Date: 9/21/2021

### **Overview**

The Village Office has been continuing its review of internal operating procedures and data clean-up. This includes drafting potential changes to the Village's building application in order to make clear what the Village regulates and to provide a checklist for applicants to fill out to ensure that their project complies with the code.

### **Leaf Bag Distribution**

Thank you to everyone who filled out the survey regarding leaf bags. We are currently in the process of ordering the leaf bags and they should arrive within the next couple of weeks. When they arrive, we will send out further information about distribution to the residents as soon as possible.

### **Leaf Vacuuming**

The yearly leaf vacuuming and street cleaning of Village streets is currently scheduled for the middle of October; more details will be forthcoming in the newsletter and in the weekly wrap-up.

### **Newsletter Redesign**

Following the July Council meeting, I met with Council member Howard to review the current newsletter and look at other template options. A fuller discussion on this topic will be a part of the October meeting.

### **Walkability Improvements**

The Village has continued its work updating signage and painting or repainting some of the crosswalks. As the first step in implementing some of the larger recommendations of the Walkability Task Force, I included several in the RFP for street repair and maintenance. However, the Village did not receive any bids on that RFP. Instead, I had good conversations with some potential bidders who expressed concern that this RFP was overly broad. Therefore, I recommend to the Council that we separate the RFP into two parts, one for street maintenance and repair, and the other for specific projects on the streets highlighted by the Task Force, including Shepherd, Cummings, Thornapple, and Summit. This will allow us to finalize the current contract needed for routine street repair and maintenance as well as address the improvements identified in the Walkability Report.

### **5G Review**

The Village has contracted with an attorney, Mark Del Bianco, to review the Village's Small Cell ordinance. He has completed his initial review and recommends only minor changes to

the ordinance. The next steps might include reviewing a license agreement for the Village and formulating design guidelines for the installation of small cell devices in the Village.

### **Events**

Thank you to everyone who attended the Movie Night; I have heard good things from residents about this event. I particularly want to thank Keith Allen, who was the Master of Ceremony for Movie Night. The Office is currently making preparations for the Halloween event.

### **American Rescue Plan Funds**

The Village has received the first half of its funds under the American Rescue plan, which totals \$489,181.34. This means that the total amount will be around \$978,362.68. It appears that the Village will mainly be able to use these funds for stormwater and green infrastructure and for climate resilience projects. Although the Treasury Department has not yet issued its final rule for the funds, I attended a meeting with other area managers to discuss possibly jointly hiring a project manager to oversee the reporting of the funds for these municipalities as well as determining project eligibility under Federal rules. These discussions are very preliminary, but they could result in a good method for managing these resources.
