

METRO-EAST SANITARY DISTRICT  
Lansdowne Sewer Project

Specifications Dated MAY 2019  
(Bids Due Thursday, March 3, 2022, before 10:00 a.m.)

The following additions, deletions, changes, and/or clarifications shall be made a part of the plans and specifications.

**SPECIFICATIONS**

1. **PAGE 9 OF 70**, Third Paragraph, Second Line, revise the completion time of the project to **(550 days)**
2. **Page 33 01 30.72.5**, Revise Item E.1 to read:  
“Groundwater table elevation; 10 feet below ground surface”.

**CLARIFICATIONS**

3. Project is Tax Exempt.
4. See Section 01 11 00, Item 1.04A - regarding obtaining videos of section of the piping.
5. For the lining of the sewer upstream of Manhole No. 5 (Sta. 26+00, Sheet R0.30), liner shall be designed for the average depth.
6. For the lining of the sewers between Manhole 94A and 95 under the railroad tracks, these sewers are in casing. No additional design strength is needed.
7. The District will support waivers regarding the 90% Illinois Employment Act for specialized work if approved by IEPA and Illinois Department of Labor.
8. The Specifications (Front End Documents) describe the procedure and documentation required for Disadvantage Business Enterprise (DBE) Program.
9. Manhole Lining systems such as OBIC will be allowed as long as they meet the requirements of 33 01 30.83.
