Mr. Greathouse, “I met with Joe Juneau to discuss the water problems within the Village of Pontoon Beach. MESD is going to provide a pipe that was left over from another project, transport the pipe to the site and haul away material.”

President Pennekamp, “I attended a meeting between the Metro East Sanitary District, the Southwestern Illinois Flood Prevention District (FPD) and AMEC to discuss the 100 year flood certification and the 500 year flood certification. The FPD and AMEC are looking at the most cost effective way to meet the 100 and 500 year certifications. However, the most cost effective design is not the most cost effective plan for MESD.
