Executive Director Shipley explained:

Attorney Larry Calvo and Charlie Juneau have prepared an Ordinance and map for the proposed Lansdowne Special Service Area Taxing District.

Attorney Calvo is not ready for the Ordinance to be presented to the Board. If approved, this will allow the MESD to generate enough money to apply for an Illinois Environmental Protection Agency (IEPA) low interest loan for sewer repairs.

The Emergency Action Plan (EAP) meeting planned for Monday, August 15th was cancelled due to the heavy rains.

The Corps of Engineers plans to hold a meeting on September 9, 2016 to discuss the EAP with the mayors and township supervisors.

The heavy rains from this past Sunday night caused flooding in the Mitchell area. We also had to turn the pumps on at the Chouteau, Nameoki & Venice (CNV) Pump Station.

Commissioner Hanfelder asked, “Your report mentions checking the sewers in Caseyville, what did you learn?”

Executive Director Shipley, “We were checking to see if we are billing the new home and businesses for sewage treatment. I am happy to report; we are billing all of the new homes and businesses.”

**REPORT OF LANSDOWNE OFFICE MANAGER:**

Ms. Worthen reported:

1. The Southwestern Illinois Correction Center sent checks for their October, November and December sewage treatment bills. After receiving those checks, the Correction Center has a balance of One hundred thousand dollars ($100,000).

2. Roger Morthland and I attended a webinar held by Illinois American Water Company on how they manage adjustments.

3. Illinois American is continuing to disconnect water for past due sewage treatment bills.
4. We are working with landlords, and encouraging them to pay the sewage treatment bills.

Attorney Filcoff asked, “Are you receiving occupancy permits from all of the cities?”

I am only presenting the Ordinance for review at this time. This is the new Lansdowne Rate Ordinance, with the increases discussed at the last meeting. The Ordinance includes the rates in gallons and cubic feet.
