REPORT OF EXECUTIVE DIRECTOR:

Executive Director Shipley presented his report:
Executive Director Shipley, “There is not much to report, due to the holidays and the number of employees on vacation.”

Superintendent Maeras reported that the pump at the North Pump Station has been removed and we are waiting on an estimate to repair the pump. Four of the five pumps at the North Pump Station are operational.

The part for the switchgear at the East St. Louis Pump Station has been ordered.

The seal broke on the relief well pump at the Water Street Pump Station. Vandevanter Engineering should repair the pump at no cost to MESD, since they rebuilt the pump.

Mr. Greathouse added that MESD spent the money to pull the pump at the North Pump Station. Although, the Corps of Engineers would have eventually covered the cost of removing the pump, MESD staff did not want to wait. The Mississippi River was low enough that the pump could be pulled, so we did it. We want to do everything we can to protect everyone within our District.

REPORT OF LANSDOWNE OFFICE MANAGER:

Lansdowne Office Manager Cindy Worthen reported:

1. The residential and commercial sewage treatment bills are being mailed this week.

2. The office sent 248 water disconnect letters last week.

3. Rosemarie Heath and I met with Robert Januska and Sean Mickey from Horner and Shifrin to discuss the commercial accounts. They provided an update of their findings which highlighted the accounts that need to be investigated and may have high BOD’s and TSS.

   They still need to acquire a better map of the sewer system from Juneau Associates.

   Once they complete their report, they plan to give a full accounting to the Board.
Commissioner Hanfelder, “Did Mr. Januska talk to you before starting this project?”

Ms. Worthen, “Yes, they obtained a list of all of the commercial and industrial accounts, the BOD/TSS test results and a list of all the commercial accounts with no water usage. They also went out on site with Superintendent Presswood.”

Superintendent Presswood, “Fairmont City is installing a new sewer line; they are switching from a gravity drain to a force main. MESD will still receive the same amount of water.”

Commissioner Hanfelder, “Previously, you mentioned that the sewer break in Fairmont City caused a lot of silt to accumulate in the MESD line. Has Fairmont City cleaned the silt out of the line?”

Superintendent Presswood, “Once they repair their line and tap onto the MESD line, I will ask them to clean the line.”

President Pennekamp, “Can we require them to clean the line?”

Superintendent Presswood, “The line needs to be cleaned and it is not a simple task. The flow has to be stopped for several hours before the line can be cleaned.”

Commissioner Hanfelder asked, “Ms. Worthen, how many active sewage treatment accounts have no water usage?”

Ms. Worthen responded, “There are approximately 200 to 300 accounts with zero water usage reads. These accounts receive a flat rate bill of $8.00. If Illinois American reads the meter and adjusts the bill, then we also adjust the sewage treatment bill.”

Commissioner Laub temporarily left the meeting at 9:18 A.M.

REPORT OF ATTORNEY:

Attorney Filcoff reported:

Last week, I spoke with Attorney Glenn Bradford and he is resigning as of February 1, 2017.

I contacted Attorney William Asa, but he is reluctant to take the past due sewage treatment accounts. He said it is not worth his time.

Ms. Worthen stated, “Every account turned over to an attorney owes more than One hundred dollars ($100). Did Attorney Bradford mention how we should handle his accounts after February 1, 2017?”

Attorney Filcoff, “No, we did not settle anything.”

Executive Director Shipley asked, “Do we need an Attorney to collect past due sewage treatment accounts?”

Ms. Worthen, “We have been turning the accounts over to the State of Illinois’ Local Debt Recovery Program. If we have a social security number and the State of Illinois cannot collect the money, then it is uncollectible.”

President Pennekamp, “I think the staff should discuss if an attorney or collection agency is needed and make a recommendation to the Board.”

CORRESPONDENCE: None.
UNFINISHED BUSINESS:

President Pennekamp mentioned that Charlie Juneau requested a meeting to discuss the Special Service Area project, and asked that the Clerk to set up a meeting.
