President Brinza called the Public Hearing to order and the Clerk recorded the attendance.

The following was the attendance:

Present: Commissioners Darwin, Brinza and Sawicki.
Absent: Commissioner McCall

Metro East Sanitary District employees attending the meeting were Executive Director Stephen Adler, Attorney James Craney, Superintendent Randy Presswood, Superintendent Rick Fancher, Foreman Scott Hillman and Lansdowne Office Manager Cindy Worthen.

Also, attending the meeting were Charlie Juneau representing Juneau Associates, Chris Downs and Mike Popa of Johnson Controls, Michael Brokering representing Scheffel Boyle, Kathy Goclan, Frank Dorris and Doug Jameson.

President Brinza asked if there were any questions regarding the proposed Lansdowne Sewage Treatment System Budget for the Fiscal Year 2018-2019.

Executive Director Commented that he would like the Board to consider changing the way we do our billing. I would like permission to look into the possibilities of two surcharges. The first surcharge would be off of the Granite City Treatment bill so the customers would pay what we pay, no more, no less. The second surcharge would be a maintenance surcharge for Madison customers to recoup the
money we lost fixing their sewer break and would continue until the debt is paid off. Is the Board ok with Attorney Craney looking into these changes?

President Brinza “Check into the legalities for us to move on.”

President Brinza then asked if there were any comments regarding the Lansdowne Budget.

PUBLIC COMMENT: None

President Brinza called the Regular meeting to order and the Clerk recorded the attendance.

REPORT OF EXECUTIVE DIRECTOR:

Executive Director Adler asked that the Superintendents give their reports.

Superintendent Fancher reported:

I was contacted Monday by the United States Army Corps of Engineers (USACE) about when would be a good time to have our upcoming inspection. I let them know sometime after Labor Day would be good. We are seventy five percent complete with the 2015 USACE deficiencies.

We also just had an appraiser from our insurance company come out and inspect all our properties, to make sure we have the right amount of coverage needed. We should receive his report soon.

Foreman Hillman presented his report:
Superintendent Presswood reported:

Heavy Equipment is out and running. There is a list a mile long of ditches and canals that need to be cleaned out. We are working on wash outs every time the river comes up.

REPORT OF LANSDOWNE OFFICE MANAGER:

Ms. Worthen reported:
Executive Director Adler continued:

Chain of Rocks and 111 will be cleaned out by June 18, 2018.

Amy Morris a student from Saint Louis University will be coming out with us and working on some Light Detection and Ranging (LIDAR) measurements and mapping for us. This will probably start next winter.

We have been having a rodent problem on the levees. I have been talking to the county about making the levee home to some feral cats.

I would like to ask the Board for permission to talk to the Attorneys about some employment contracts for myself and some staff.

REPORT OF ENGINEER:

The next USACE meeting is scheduled for June 26, 2018. The cut off wall project no word on funding yet. We are still getting easements together. The USACE is difficult to work with due to their requirements. We have to have appraisals on all the properties, so the project is getting more and more involved.

Ameren is working with us on their roads and easements.

There is no word on the Illinois Environmental Protection Agency forgivable loan. It takes about a year to go through the process. When I spoke with him last it was on the desk and they will get to it.

REPORT OF ATTORNEY:

Attorney Craney reported:

We are still waiting on the decision from the arbitration meeting from last month. We still have not received the final decision on the Greathouse lawsuit regarding the Open Meetings Act.

I have an email regarding Merchants bridge construction. They are requesting a temporary easement for use of the levee road and a letter of no objections from USACE. I will email a copy to Executive Director Adler and Charlie Juneau.

Executive Director Adler stated that we will not approve the request until our engineering firm approves it. We have had problems before where they do not bury lines deep enough and we cannot go over them with our equipment.

Charlie Juneau “We will discuss this with USACE at the next meeting, when everyone is together.”

Executive Director Adler asked Attorney Craney to look over some easements from the City of Pontoon Beach.

CORRESPONDENCE:

A letter from Micheal Heinz was presented:
Executive Director Adler commented Mr. Heinz met with us here for the Illinois Department of Natural Resources meeting. He just wants to know what is going on with the water levels of Horseshoe Lake. I assured them that the water levels would go up hopefully by the end of the month.

OLD BUSINESS:

Johnson Controls presented their Energy Efficiency Proposal:
Commissioner Sawicki “It a win, win for the district. They have the latest technology.”

President Brinza “Approval today is to move forward with the plan presented and an agreement at the end, if we say no there will be a minimal fee.”

Commissioner Sawicki “It is stated on page four through 6, and we will not have to pay that fee if we move forward with the plan.”

Motion Commissioner Sawicki; seconded Commissioner Darwin to move forward with the Johnson Controls Energy Efficiency Proposal.
