President Brinza called the meeting to order and the Clerk recorded the attendance.

The following was the attendance:

Present: Commissioners McCall, Darwin, Brinza, Sawicki and Dixon
Absent:

Metro East Sanitary District employees attending the meeting were Executive Director Stephen Adler, Attorney James Craney, Attorney Larry Calvo, Superintendent Randy Presswood, Superintendent Rick Fancher, Deputy Superintendent Cedric Irby, Foreman Scott Hillman and Lansdowne Office Manager Cindy Worthen.

Also, attending the meeting were Charlie Juneau representing Juneau Associates, Kathy Goclan, Frank Dorris and Dennis Woods of Lakeside Roofing.

PUBLIC COMMENT: None

REPORT OF EXECUTIVE DIRECTOR:

Executive Director Adler reported:

The United States Army Corps of Engineers (USACE) is scheduled our levee inspections for August 16, 2018. The Superintendents and Foreman will give you a quick update on what is going on to finish preparing for this inspection.

Superintendent Fancher responded we are ninety five percent ready. We have a few things we have to clean up and a little bit of mowing left, but other than that we are ready to go.
Superintendent Presswood reported all heavy equipment operators have been on the front levee helping to ensure the inspection is a pass. Lansdowne is good and all pumps are working.

Foreman Hillman presented his report:
Executive Director Adler continued:

The employees are working really hard to fix things that have been on the list as unacceptable since 2010 and make them acceptable.

I have some problems with the farmers. We have two relationships with farmers; one is in St. Clair County. The previous Executive Director made a verbal agreement to lease land with no formal lease. The other farmer had a lease that ran out in 2003 and has been paying yearly with no lease renewal. I have a file for attorney Calvo to look at and decide what needs to be done as long as the Board agrees. We need to do what is legally right for the District.

The Arbitration for decision is scheduled for thirty days from now.

We had a meeting with Johnson controls and expect a report by fall.

The pipe inspection that the CORPS requires has never been done. I have volunteered us to go into Illinois American and Granite City Regional and inspect their pipes for them, so it will not be held against us on the USACE report. If there is something wrong with their pipes I want to know it, so it does not serve as a conduit to a levee failure.

We are still negotiating on the homes for feral cats. They have some restrictions that we could not agree on so they have taken it back to their Board to discuss.

We have a meeting on August 22, 2018 to discuss alternative power for the North and South pump station.

REPORT OF LANSDOWNE OFFICE MANAGER:

Ms. Worthen reported:

We just sent out the billing. We have had a stall on water shut offs. Someone complained and the ICC ruled we now have to call twice before shutting off. Training has been done.

Bod and TSS have gone down by half.

We have been trying to get the Ordinance out but we have been shorthanded.
REPORT OF ENGINEER:

The System Wide Improvement Framework (SWIF) is in the process of review at the United States Army Corps of Engineers (USACE). We do not see any problems at this time. The Corps does have a contractor to fix the slide areas around Cahokia.

Levee Cut Off Wall there will be no funding for this project this year but we are still moving along with negotiations with Ameren and Terminal Railroad to get the necessary easements.

We have been asked to do some surveying to see if the farmers are encroaching on the tow of the Levy. There is some debate about what the tow of the Levy is and needs to be clarified.

Lansdowne Facility Plan received approval from Illinois Environmental Protection Agency (IEPA). The original draft stated that it would be funded by taxes. It needed to be redrafted to state it would be funded by existing user fees and if the user fees are not sufficient they would be adapted to cover debt service. We did not get sixty percent loan forgiveness. We only received forty five percent due to population.

REPORT OF ATTORNEY:

Attorney Craney reported:

There is one thing we will talk about in closed session.

I have passed along some information to the people that requested an easement for Merchants Bridge and I have not heard back yet.

There are two other easements that are being requested. I believe it will be something that we can vote on the next meeting.

ROC Real Estate Solutions wants a transmission easement and Gateway Regional also wants an easement. Executive Director Adler and I will talk about it.

I have been in communications with Ameren about the master agreement. Their attorneys will send me something to review and as soon as I receive it I will send it to Executive Director Adler to review.

Greathouse Lawsuit set for a hearing next Wednesday.

Attorney Calvo reported:

I met with Mayor Hamm and Attorney Papa in my office on July 17, 2018. He is agreeable to allow us to recover our capital cost we incurred repairing the line. He would like to see how we are going to structure the increase.

Executive Director Adler “Mayor Hamm owes us money and he wants to be in charge of the rate structure. I don’t think we should give him that much authority.”

Commissioner Sawicki “We need to establish who owns the line.”
President Brinza “If it happens again we need to know.”
Attorney Craney “Remember we are foregoing litigation, they need to agree to the ownership of this pipe.”

Commissioner McCall “We need to move this discussion to closed session.”

The Board entered into Executive Session at 9:13 A.M.
Motion Commissioner Darwin; seconded Commissioner McCall to return to regular session at 10:01 A.M.

The Clerk recorded the attendance:

Present: Commissioners McCall, Darwin, Brinza, Sawicki and Dixon
Absent: None.

Also, attending the meeting at this time was Executive Director Steve Adler, Attorney James Craney and Attorney Larry Calvo.

Attorney Craney commented that we have a proposed contract and we will attach a red lined copy to the minutes. What the contract represents as discussed in executive session is a draft of the contract from the last session. The red lines are the proposed changes from the Executive Director Adler to that contract. When the contract is referred to for purposes of a motion if someone were to make a motion is the attached contract with red lines except for the ninety days incompetence which was stricken and will be put back into the contract.

President Brinza “What Attorney Craney referred to and putting in the salary of $97,500.00 into the contract.”

The contract was presented:
Commissioner McCall “For the record I want to state that I believe this is a contract that totally benefits the Director and not the District.”

Motion Commissioner Sawicki; seconded Commissioner Dixon to accept the Employment Contract for the Executive Director with the addition of the incompetence clause and salary.

Upon roll call, the motion carried by the following vote:

Ayes: Commissioners Brinza, Sawicki and Dixon
