

PUBLIC NOTICE

AGENDA

ADMINISTRATIVE SERVICES COMMITTEE MEETING

Committee Members: Lisa Evans, Kim Chamberland, and Sandy Russell

Monday, November 16 at 4:30 p.m.

Council Chambers, 745 Center Street, Milford, Ohio 45150

Call to Order

Proceedings: Approval of the November 2, 2020 Administrative Services
Committee Minutes

Agenda Items:

- CARES Act Funds City Purchases
- JEDD VII Legislation with Union Township
- And all additional matters that may properly come before the
Committee

Adjourn

**Administrative Services Committee
Meeting Minutes
November 2, 2020**

Ms. Evans called the meeting to order at 5:30 p.m.

Present: Lisa Evans, Sandy Russell, Kim Chamberland

Staff: City Manager, Michael Doss and Administrative Assistant Jackie Bain

Visitor: Rebecca Shundich, Darryl Donovan

Proceedings:

Approve the proceedings from the October 1, 2020 meeting Ms. Evans made a motion to approve. Seconded by Ms. Chamberland. All voted yes to approve.

NOISE ORDINANCE DISCUSSION

Mr. Doss discussed with the committee the examples brought before the committee with a Draft #1 and Draft #2 version of a new noise ordinance. The committee reviewed details in the specific times noted in the original Ordinance and each draft version.

Mr. Darryl Donovan from Wooster Pike Milford Ohio approached the podium to discuss the proposed noise ordinance information with the committee and Mr. Doss. Music from the brewery was discussed.

Ms. Rebecca Shundich from Mound Avenue spoke to the committee to share her concerns regarding the times set in the current noise ordinance. She recommended that the committee make changes to the noise ordinance. Music from the brewery and the 13-hour construction day was also discussed.

The current ordinance on the books states to allow amplified sound to be played Sunday through Thursday, 10pm. Friday and Saturday, 12am.

The Committee Agreed to Recommend That the Law Director Draft an Ordinance Enacting Chapter 737 Of the Codified Ordinances of The City of Milford, Ohio, Establishing the Regulation of Amplified Sound Within the City of Milford River District. 737.02 No Person Shall Permit or Allow Amplified Sound to Be Played or Generated Within the City of Milford River District After 10pm Sunday To Wednesday, After 11 Pm Thursday, Or After 12am Friday And Saturday.

STAYBRIDGE HOTEL ECONOMIC DEVELOPMENT INCENTIVES

Mr. Doss brought to the committee's attention a small incentive for a 13-million-dollar investment on Chamber Drive. We have been very successful with these incentive packages. Mr. Doss made a recommendation to consider the City of Milford Property Tax Rebate Incentive Program and Utility Tap Fee Waiver Program package as presented.

The Committee Agreed to Recommend That the Law Director Draft an Ordinance Authorizing A Tax Rebate Incentive Program for Five Years, 100% And Tap Fee and Inspection Fee Waivers At 100% For Staybridge Suites.

ALLOCATION OF 100% INCOME TAX COLLECTION TO GENERAL FUND IN 2021

Mr. Doss presented information that he and Finance Director, Pat Wirthlin recommended to be considered for adoption with the same legislation from Ordinance 2020-21 which was approved by Council on May 5, 2020 and that an allocation of 100% of the Income Tax go into the General Fund for the entirety of 2021 since we are still feeling the impact of Covid-19.

The Committee Agreed to Recommend That the Law Director Draft an Ordinance Authorizing the Allocation Of 100% Of Income Tax Collections to The General Fund For 2021

BISHOPS BIKE TRAILHEAD LEASE AGREEMENT

Mr. Doss brought to the committee's attention that a few months ago council passed a lease agreement with the Milford Trailhead. Bishops was recently sold to Hellebusch Bicycles; LLC and we had a lease with Bishops Bicycles that was set to expire in August of next year. The new owner wanted to know if they could be on the lease agreement. In keeping with the same approach and the opportunity to revise with a new lessee to revise with the new owner a proposal that would be in effect from December 1, 2020 through November 30 of 2025 considering a five-year lease. It does grant an additional five-year option to renew. The current lease that we have with Bishops shows rent during May – August was \$300.00 a month and September – April was \$100.00 a month for a total annual of \$2,000 per year. In keeping with the maintenance of the building to put some money aside for exterior improvements to the building, a proposed new lease of May – August at \$375.00 per month and September – April at \$150.00 per month for a yearly total of \$2,700 per year.

The Committee Agreed to Make A Recommendation for The Law Director to Draft an Ordinance to Enter into A Lease Agreement with Hellebusch Bicycles, LLC And the Rent to Be \$2700 Per Year for A Term of Five Years Beginning December 1, 2020

HAMILTON COUNTY CARES ACT LOCAL JURISDICTION FUNDING

Mr. Doss discussed with the committee Hamilton County Cares Act Funds for local jurisdiction funding since a little piece of Milford is located in Hamilton County. It does qualify the City of Milford for a small portion of Cares Act Funds from Hamilton County. The city needs to enter into an agreement to receive local jurisdiction Cares Act Funds to receive \$890.00.

The Committee Agreed to Make A Recommendation for The Law Director to Draft an Ordinance to Enter into An Agreement with The Board of County Commissioners of Hamilton County to Receive 2020 CARES Act Local Jurisdiction Funds

SIGNAL HILLS LIFT STATION PUMP QUOTES

Mr. Doss reviewed quotes that Mr. Dave Walker from the Waste-Water Department submitted three quotes for two pumps for consideration: Buckeye Pumps Inc. for \$12,723 (includes labor), Gorman Rupp for \$15,604 (does not include labor) and Pelton Environmental Products for \$16,460.60 (does not include labor). The pumps will be used at the Signal Hill Lift Station. The current pumps are bad and are running on a generator and Mr. Walker would like to get the current pumps replaced as soon as possible. Mr. Doss and Mr. Walker recommend that we purchase the two pumps from Buckeye Pumps.

The Committee Agreed to Make A Recommendation for The Law Director to Draft an Ordinance Authorizing the Purchase of Two Pumps from Buckeye Pumps in The Amount Of \$12,723 For The Signal Hill Lift Station.

There being no further business, the meeting adjourned at 6:11 p.m. with a motion from Ms. Evans Seconded by Ms. Chamberland All yes

Respectfully submitted,
Jackie Bain Administrative Assistant

These minutes have been approved and adopted by Ms. Evans, Ms. Russell and Ms. Chamberland November 4, 2020."

Hi Pat,

I just spoke with our Implementation team and they said that it shouldn't be a problem to have that completed before year end.

Speaking with Tina, I plan to have a formal quote to you by Monday or Tuesday of next week.

Does that work for you?

Thank you,

Grant Halsey

Hi Grant,

Pat jumping in here. Specifically, we are wondering if we could have **\$6,050 (one-time cost plus one year of support)** handled at your end and invoiced by **year-end** to fit under the CARES Act umbrella? Would that fit the SSI schedule?

Thanks!

Pat

Tina,

It was great catching up with you today!

Attached is legislation language that Silver Lake utilized to purchase tools that would help facilitate employee telework.

You can reference RESOLUTION NO.: 31-2020

Here are the numbers that we discussed:

Human Capital Management - \$1,000 increase to annual support. (No one time costs)

Employee Portal Phase 1 - \$2,700 increase to annual support.

Employee Portal Phase 2 - \$1,350 increase to annual support.

Employee Portal – One Time Cost - \$1,000

Totals:

\$5,050 increase in annual support

\$1,000 One Time Cost

Please let me know if you have any questions.

Thank you,

Grant Halsey

Subject: Cares Act Proposal
Attachments: Chairs.pdf

Michael/Pat,

I finally found a suitable chair to replace our current fabric chairs. I would need at least 12, preferably 18 which would allow me to outfit the squad room and roll call room.

- 12 would cost \$4,800
- 18 would cost \$7,200

Respectfully,

Jamey Mills

From: Detective Russ Kenney

Subject: Purchase of Evidence Packaging Station and Gun Cleaning Station

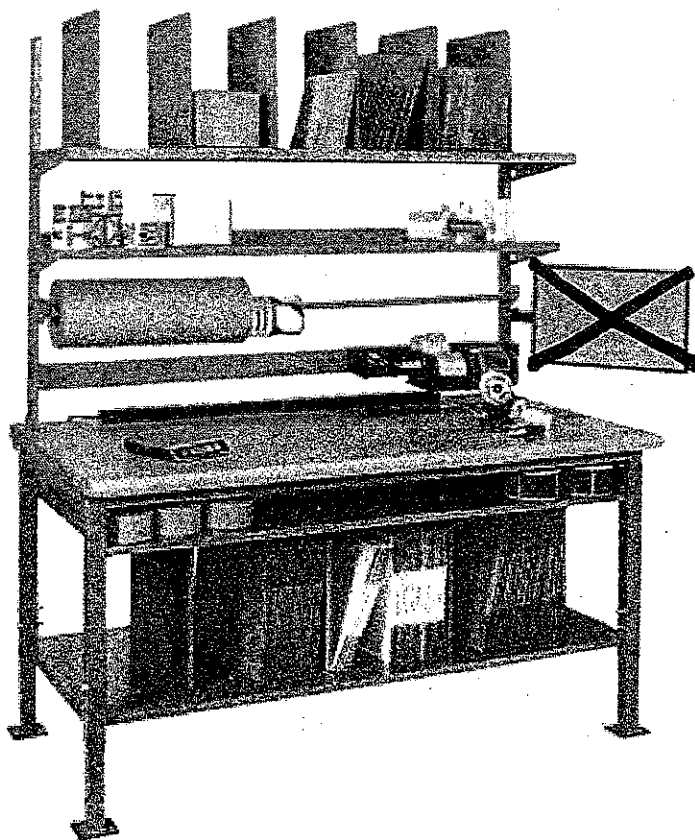

To limit our officers and other civilian employees to the potential exposure to COVID 19, I would like to suggest the purchase of an Evidence Packing Station and a Gun/Maintenance Cleaning Station. These two new purchases would be in located room 110 by the squad room.

As it stands now, our officer will bring evidence into the police department, package their evidence at either a small evidence processing area, located in the main hallway of the police department and next to one of our HVAC systems or in the back squad room area before placing those items into the temporary locker systems. The risk of secondary exposure to COVID 19 is high. By relocating the evidence processing station to room 110, this will limit the area that officers will package evidence that may potentially bring the COVID 19 virus into the police department. The new evidence processing station would be the only place officers would be allowed to process and package evidence in a safe and efficient manner. The new station would be easier to clean and maintain by each officer who uses it.

With regards to a gun cleaning station, again, officers will use various areas of the squad room to clean and maintain their duty and secondary weapons. A gun cleaning and maintenance station will allow officers to use one area to complete the necessary cleaning and maintenance of their weapons in a safe and easy to clean environment. This station can also be in room 110.

I have attached two separate quotes from ULINE, which is the same company Loveland Police Department used for their department, for each station mentioned.

Michael,

This upgrade would prevent officers from having to reach across detainees to secure their seatbelt. This was the lower of two bids and it's with our current vendor.

To: Jamey Mills <jmills@milfordohio.org>
Subject: CARES Grant Request

Twelve Pelator Tac 100 ear protection. The hearing protection has amplification so the instructor is able to maintain social distancing while providing instruction during live fire drills, and the student will be able to hear the instructions clearly.

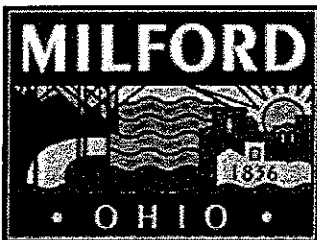

The hearing protection can also be used for other simunition trainings where they are shooting and the observers / instructors can maintain social distance.

This type of hearing protection will reduce the instructors need to yell during range exercises, which often occurs in the ear of the student.

Twelve pairs would be used for three instructors, with eight to nine people on the range at any one time.

Pelator Tac 100 - \$74.76 each total would be \$897.12

Importance: High

Pat/Michael

Please see the email below and attachment regarding the cost of adding Employee Portal Phases to our current services. The amount is not as much as I thought, it would be, however an increase to our annual support cost. I asked Grant to send the legislative language used by the Village of Silver Lake. As you can see they're using Covid funds to purchase. See page 2 of the attachment, RESOLUTION NO.: 31-2020.

Please let me know if we can present to committee.

Thank you

Subject: Human Capital Management & Employee Portal

Tina,

It was great catching up with you today!

Attached is legislation language that Silver Lake utilized to purchase tools that would help facilitate employee telework.

You can reference RESOLUTION NO.: 31-2020

Here are the numbers that we discussed:

Human Capital Management - \$1,000 increase to annual support. (No one time costs)
Employee Portal Phase 1 - \$2,700 increase to annual support.
Employee Portal Phase 2 - \$1,350 increase to annual support.

Employee Portal – One Time Cost - \$1,000

Totals:

\$5,050 increase in annual support

\$1,000 One Time Cost

Please let me know if you have any questions.

Thank you,

Grant Halsey

To: Michael Doss
Cc: Pat Wirthlin
Subject: FW: taser 7

Michael,

This is the CARES Act project that Mayor Vilardo mentioned. The cost to purchase a new Taser for every officer would be approximately \$40,000. We could purchase less but that would require us to still pass them off at shift change.

Thank you,
Jamey

From: Yeary, Adam <ayeary@milfordohio.org>
Sent: Tuesday, October 27, 2020 3:45 PM
To: Jamey Mills <jmills@milfordohio.org>
Subject: taser 7

I spoke to Vances about the taser 7 purchase. He is in the process of getting me an official quote but I thought I would let you know what we have so far. He stated the Taser 7 is around \$1700 a piece and \$60 for a holster. He stated the price may seem high but the 1700 pays for everything the taser 7 needs including the batteries, a multiple port charging and downloading station and a 5 year warranty. When we bought the old tasers you had to buy the taser and batteries separate and a purchase the 5 year warranty. He stated after purchasing the old taser, batteries and 5 year warranty it was only a couple hundred dollars less than the taser 7. He stated the x26p taser that we carry is being phased out he was not sure how much longer we could purchase them or the cartridges for them. He stated that axon has a program that spreads the purchase cost out over a 5 year plan and stated a lot of departments do it that way. I know spreading the cost out now is not what we want to do but I thought that when the time came to replace the taser 7 in 5 or 6 years we could use that program so we wouldn't have to pay to replace all the tasers at one time.

Attachments: REVISED Memo to City Manager Doss About CARES Act v.3 Purchase Considerations_2020_11_04.pdf

TO: Michael Doss, City Manager
FR: Mark Baird, Fire Chief
DT: November 4, 2020
RE: REVISED Additional CARES Act Funding Request

General

MCFD is requesting funding from the city under the CARES Act for the following *as prioritized*:

1. Keyless Entry System (\$ 43,000)
2. Mobile Data Computers (\$ 17,000)
3. Video Security System (\$ 30,000)
4. Business Entrance Improvements (\$ 15,000)
5. Doppler and Veinlite Medical Equipment (\$ 3,300)
6. Mobile Radios (\$ 45,500)
7. Storage Solution for PPE Masks (\$ 1,400.00)

Total Amount: \$ 155,200

Supporting Rationale

Most major capital improvements listed were planned for completion within the next 1-5 years but improve the fire department's preparedness now, to respond to the COVID-19 pandemic

Business Entrance Improvements

Protect against the transmission of infectious disease into the fire station by making improvements that secure the public business entrance. The improvements include:

1. Installation of a lockable door at the 1st floor entrance to the auxiliary stairway (where none currently exists) to prevent unauthorized access to the private, 2nd floor living and work area.
2. Installation of remote locks and an intercom system on the public business entrance doors.
3. Apply security film on a front glazing.

Doppler and Veinlite Medical Equipment

Doppler is used to detect deep vessels that can be difficult to locate by sight or feel alone. The Veinlite helps "illuminate" veins in adults and children. Using one or both of these devices in difficult situation will lead to greater IV success, improving the quality of medical care for known or potential COVID-19 patients. This technology also leads to a reduction in the potential for accidental needle sticks to EMS providers and exposure to pathogens from missed IVs.

Mobile Data Computers

Improve mobile data computer (MDC) equipment in three vehicles responsible for answering emergency medical details and add equipment to four others where it is not available. MDCs provide additional information from the 9-1-1 dispatcher that is not currently available to pre-hospital providers about the condition of known and potential COVID-19 patients.

Keyless Entry System

Firefighters currently open locked entry doors using keys or numbered keypads. The department wishes to add keyless/touchless locks that use cards or FOBs to all entry, office, and other doors located throughout the fire station as an infection control improvement.

Mobile Radios

Improve mobile radio equipment in fire department vehicles. Mobile radios reliably provide additional information from the 9-1-1 dispatcher that is often not currently available to pre-hospital providers about the condition of known and potential COVID-19 patients.

Storage Solution for PPE Masks

The COVID-19 pandemic has generated the need for several items of PPE to be readily available to first responders. For MCFD this includes reusable, N95 masks also issued to each member. The department proposes to purchase durable storage bags, similar to those already utilized by the department for SCBA masks, to store all of the necessary PPE items now utilized daily.

Video Security System

Improve security of the fire station by installing a video security to alert firefighters to potential threats to safety and security, including entry into the fire station by those who are potential infection control or violence threats. The entire fire station perimeter will be covered, as well as ambulance parking bays and the EMS supply room, a security measure recommended by the Ohio Board of Pharmacy. Cameras trained on the front business entrance will also allow the administrative assistant to have two-way, audio and video communications to screen visitors prior to permitting them to enter the fire station.

Thank you for your consideration of this matter. Supporting documentation will be provided in subsequent emails due to file size.
