- Not all parks have electric circuits available. Please ask when filling out the application if the park you want to rent has electricity available.

- Equipment such as coffee makers, popcorn poppers, cotton candy machines and other cooking equipment or motor driven equipment may need to be on a circuit by itself. Please contact staff prior to your event to see if all of your equipment listed can be accommodated by the available electricity.

- If any of your equipment needs 240 volts, please check with staff to see if it is available.

- If 240 volt service is available, a licensed electrician must make any electrical “taps” required to make that equipment work.

- If a band is performing at your event and requires more than the 120 volt convenience outlets provided, please contact staff prior to tapping into the panel box. As listed above, a licensed electrician must make that tap.
