Approval of Minutes from Last Meeting: TT motions to approve minutes. 2nd by SH. Unanimous approval.

Public Comments on Agenda Items

Discussion

Airport Development Plan

TD- Now that the airfield is up to date (pavement in good shape, new runway lights, new taxiway lights) we can now focus our attention on revenue generating projects to lessen (hopefully alleviate) the burden on the general fund. With growing businesses on the field and a hangar list of 20 people, we are in perfect position for expansion. Over the coming months will be

working with Hanson and the city to develop new hangars and increase our based aircraft counts, hangar revenue, and fuel sale revenue.
