Independent Auditors' Report

To the Honorable Mayor, City Council,
And City Manager
City of Scottsbluff
Scottsbluff, Nebraska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Scottsbluff, Nebraska, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the

www.capc.com

Members: American Institute of Certified Public Accountants - CPAmerica International

appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Scottsbluff, Nebraska as of September 30, 2019, and the respective changes in financial position, and where applicable, cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, on pages 4-11 and 44-51, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Scottsbluff's basic financial statements. The Other Supplementary Information as listed in the table of contents as pages 52-58 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Other Supplementary Information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplementary Information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2020 on our consideration of City of Scottsbluff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Scottsbluff's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Scottsbluff's internal control over financial reporting and compliance.

Scottsbluff, Nebraska

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

September 30, 2019

The management of the City of Scottsbluff, Nebraska (the City) offers readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2019. Please consider this discussion in conjunction with the additional information provided in the transactions, events and conditions reflected in the City's financial statements (beginning on page 12).

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at September 30, 2019, by \$84,119,777 (net position). Of this amount, \$22,373,075 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- As of September 30, 2019, the City's governmental funds reported combined ending fund balances of \$21,739,579. This is an increase of \$1,366,103 in comparison with the prior year. This is in large part due to loan repayment activity in the Economic Development Fund and increased NPPD lease payment revenues in the General Fund.
- As of September 30, 2019, unassigned fund balance for governmental funds was \$8,202,608, or 96% of total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the year ended September 30, 2019. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general administrative services, public safety, streets and highways, health, planning and zoning, parks and recreation, libraries, and self-insurance. The business-type activities of the City include sanitation, wastewater, water, stormwater, electric utilities, and geographic information systems.

The government-wide financial statements can be found on pages 12-14 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) – (CONTINUED)

September 30, 2019

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and government-wide activities.

The City maintains sixteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General fund, the Transportation fund, the Economic Development fund, the Debt Service fund, the Special Projects fund, and the Leasing Corporation fund, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on pages 15-20 of this report.

Proprietary funds - The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sanitation, wastewater, water, stormwater, and electric systems. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its self-funding unemployment and health insurance and geographic information and central garage services. Because the self-funding services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The geographic information and central garage services are shown as a business-type function and have been included within the business-type activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for all of the enterprise funds. Internal service funds are also combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for these funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 21-26 of this report.

CITY OF SCOTTSBLUFF
Scottsbluff, Nebraska

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) – (CONTINUED)

September 30, 2019

Fiduciary funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 27-28 of this report.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-43 of this report.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's budget. The City adopts an annual appropriated budget for its general fund and all other governmental funds. A budgetary comparison statement has been provided for the General, Transportation, Economic Development, Debt, Special Projects, and Leasing Corporation major funds to demonstrate compliance with this budget.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$84,119,777 at September 30, 2019.

By far the largest portion of the City's net position (57 percent) reflects its investment in capital assets (e.g., land, buildings, improvements, utility plant, infrastructure, and machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

CITY OF SCOTTSBLUFF
Scottsbluff, Nebraska

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) – (CONTINUED)

September 30, 2019

GOVERNMENTAL ACTIVITIES

Governmental activities increased the City's net position by a total of \$3,024,450. Key elements in this increase follows:

- Investment income increased \$608,217 over the prior year earnings.
- Transfer of revenues from the City's NPPD lease increased \$628,675 as compared to the prior year.
- Loan repayments into the Economic Development Fund increased \$469,540 during the current year.
- Sales taxes were \$140,274 higher and hotel lodging occupation taxes \$17,073 higher than in the prior year.

BUSINESS-TYPE ACTIVITIES

Business-type activities increased the city's net position by \$876,029. Key elements in this increase follows:

- Investment income increased \$251,939 over the prior year earnings.
- Water, wastewater and sanitation revenues were all over budgeted amounts. Personnel, operating and contractual expenses were below budgeted amounts for all three funds.
- Additional reduced expenses in the sanitation fund from not purchasing budgeted amount for one refuse truck or the construction of a transfer station.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2019, the City's governmental funds reported combined ending fund balances of \$21,739,579, an increase of \$1,366,105 in comparison with the prior year. This increase was largely due to investment earnings, increase in loan repayment activity in the Economic Development Fund and increased revenues from the NPPD lease.

The general fund is the chief operating fund of the City. At September 30, 2019, the unassigned fund balance of the general fund was \$8,202,608. As a measure of the general fund's liquidity, it may be useful to compare the unassigned fund balance to total fund expenditures. The unassigned fund balance represents 96 percent of total general fund expenditures.

CITY OF SCOTTSBLUFF
Scottsbluff, Nebraska

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) – (CONTINUED)

September 30, 2019

The fund balance of the City's general fund increased by \$1,583,812 during 2019. This increase was due to the increase in investment earnings of \$188,108 and increase in NPPD lease revenue transfers of \$628,675. In addition, building permit revenues were \$95,636 higher than the prior year due to a summer hail storm. Expenditures for salaries and benefits were \$210,964 less than budgeted due to not filling vacant positions. Supplies expenditures were \$32,097 less than budgeted and contractual services were \$111,261 less than budgeted.

PROPRIETARY FUNDS

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the sanitation, wastewater system, water system, electric system, and stormwater system amounted to \$2,212,707, \$2,881,864, \$2,975,552, \$1,762,286, and \$591,750 respectively, at September 30, 2019. Factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

Variances between actual general fund revenues and expenditures and the final amended budget include:

- \$451,577 positive variance in taxes. Sales tax receipts were \$322,806 over budget and hotel occupation tax receipts were \$133,505 over budget.
- Investment earnings were \$121,140 over budget.
- \$210,964 positive variance in general fund payroll and benefit expense.
- \$250,000 was budgeted in contingency to cover any unforeseen costs that may arise during the year. No contingency items were incurred.

CAPITAL ASSET AND DEBT ADMINISTRATION

CAPITAL ASSETS

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2019, was \$53,217,136 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, streets, storm sewers, electric plant, and water and sewer plant.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) – (CONTINUED)

September 30, 2019

Major capital asset events during 2019 included the following:

- 42nd Street improvements including street and curb expansion, sewer and storm drain extensions \$2,748,362
- Streets Department - new street sweeper \$244,026
- New sewer jet van \$218,937
- Cemetery new backhoe/loader \$78,850
- Parks Department – new wide area mower \$51,500

Additional information on the City's capital assets can be found in Note 4 of the notes to the financial statements on pages 37-38 of this report.

LONG-TERM DEBT

At September 30, 2019, the City of Scottsbluff had total bonded debt outstanding of \$4,855,000. This entire amount represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

Additional information on the City's long-term debt can be found in Note 5 of the notes to the financial statements on pages 38-39 of this report.

Total	\$ 4,414,027	\$ 5,889,944	\$ 440,973	\$ 515,056	\$ 4,855,000	\$ 6,405,000

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- The increase in the City's property tax base provided by real growth is estimated at .78%, with an actual increase in valuation from the prior year of approximately \$26.1 million.
- For the 2020 budget, the projection for sales tax was estimated at (3.0%) decrease due to the continuing local agricultural industry issues.
- Lodging occupation tax receipts have steadily increased over the past two years so annual projected receipts were increased to \$250,000.
- NPPD lease revenues projections remained flat due to the difficulty of projecting consumer power use.

The utility rates were increased for the 2020 budget year. The water, wastewater and sanitation rates were increased by 3%, each and the stormwater flat surcharge amount was increased 17% (from \$3.00 to \$3.50). The rate increases affected both residential and industrial consumers by approximately the same percentage. These increases are necessary to fund debt service, cover the cost of inflation, and cover the cost of federal mandates.

All of these factors were considered in preparing the City's budget for the 2020 fiscal year.

CITY OF SCOTTSBLUFF, NEBRASKA
RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCE
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2019

Total Governmental Fund Balances	\$ 21,739,579
----------------------------------	---------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds balance sheet.	31,241,182
--	------------

Internal service funds are used by management to charge the costs of certain services to individual funds. These assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	2,585,814
---	-----------

Deferred inflow of resources in governmental fund financials for property taxes, special assessments and notes receivable is shown as revenue for government wide financials.	2,074,232
---	-----------

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds balance sheet.

Due within one year:

Interest payable	\$ 38,593
Bonds payable	1,465,327

Due in more than one year:

Bonds payable	2,948,700
Compensated absences	562,086

(5,014,706)

Net position of governmental activities	\$ <u><u>52,626,101</u></u>
---	-----------------------------

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2019**

Net Change in Fund Balances - Total Governmental Funds	\$ 1,366,094
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeds capital outlay in the current period.	(444,735)
Proceeds reported from the sale of assets are reported as revenue at the fund level. However, only the difference between proceeds and the carrying value of the assets is reported as gain or loss in the Statement of Activities.	100,719
Payments on debt are expenditures in the funds, but a debt payment decreases long-term liabilities in the Statement of Net Position.	1,475,917
Deferred inflow of resources in governmental fund financials for property taxes, special assessments and notes receivable is shown as revenue for government wide financials.	(106,684)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:	
Accrued compensated absences	(32,689)
Accrued interest	4,069
Bond amortization costs	-
Internal service funds are used by management to charge the costs of certain services to individual funds.	661,760
Change in net position of governmental activities	\$ <u><u>3,024,450</u></u>

See accompanying notes to the basic financial statements.

CITY OF SCOTTSBLUFF
Scottsbluff, Nebraska

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity - The City of Scottsbluff (City) is a municipal government responsible for providing services to the local citizenry, which are deemed best to be provided for by the public sector. The services provided include general administration, public safety, highways and streets, cemetery, recreation, public improvements, health and social services, parks, library, keno, environmental service, electric, water and wastewater; all of which are funded by tax collections and user fees.

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in accounting principles generally accepted in the United States of America (GAAP). The basic, but not the only criterion, for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the City and/or its citizens, or whether the activity is conducted within the geographical boundaries of the City and is generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the City is able to exercise oversight responsibility.

As required by GAAP, these financial statements present the City of Scottsbluff (the primary government) and its component units. These component units are included in the City's reporting entity because of the significance of each unit's operational and financial relationship with the City.

City of Scottsbluff Leasing Corporation

The City of Scottsbluff Leasing Corporation was formed in 1981 to provide tax-exempt financing for various construction projects of the City. The governing body is appointed by the City's governing body. The services provided by the Leasing Corporation are so intertwined with the City that the Leasing Corporation is in substance the same as the City and it is reported as part of the City and blended in the City's financial statements.

Community Development Agency

The Community Development Agency was created by the Mayor and City Council to provide for redevelopment of various areas within the City. Although it is legally separate from the City, the sole purpose of this Agency is to provide for City redevelopment and it is presented in the City's Agency Fund.

Community Redevelopment Authority

The Community Redevelopment Authority was created by the Mayor and City Council to provide for redevelopment of various areas within the City. Although it is legally separate from the City, the sole purpose of this Authority is to provide for City redevelopment. There currently is no funding source for the Authority and currently acts in an advisory capacity only.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements - The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. Fiduciary activities, whose resources are not available to finance the City's programs, are excluded from the government-wide statements. The material effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expense of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from government-wide financial statements. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation - The government-wide financial statements are reported using the *total economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, including interest on long-term debt, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, highway user fees, interdepartmental charges, intergovernmental revenues, and interest associated with the current fiscal period are all considered to be susceptible to accrual. Special assessments are recorded as revenues in the year the assessments are paid. Installments not yet paid are reflected as special assessments receivable and deferred revenues. Other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in other funds.

CITY OF SCOTTSBLUFF
Scottsbluff, Nebraska

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued) -

The City reports the following special revenue funds:

Transportation Fund - This fund accounts for the resources accumulated and payments made for the maintenance, construction, and improvement of the streets in the City.

Economic Development Fund - This fund accounts for the resources and payments made for the Local Option Municipal Economic Development Act for the City. This Act sunsets in October, 2025.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term principal, interest and related costs.

Leasing Corporation Fund - Leasing Corporation Fund is used to account for leasing of acquisition or construction of major capital facilities (other than those financed by proprietary fund types).

Special Projects Fund - Special projects fund is used to account for miscellaneous grants such as highway safety or revenue sources for specific items such as K-9 donations.

The government reports the following major enterprise funds:

Environmental Services Fund - This fund accounts for the activities of the government's sanitation utility.

Wastewater Fund - This fund accounts for the activities of the government's wastewater utility.

Water Fund - This fund accounts for the activities of the government's water distribution operations.

Electric Fund - This fund accounts for the activities of the government's electric system utility.

Stormwater Fund - This fund accounts for the activities of the stormwater utility.

Additionally, the government reports the following fund types:

Internal Service Funds - Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units on a cost-reimbursement basis.

Trust and Agency Funds - Trust and Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Agency funds are custodial in nature and do not involve the measurement of results of operations.

Assets, Liabilities, and Net Position or Equity -

Deposits and Investments - The City maintains a cash and investments pool for all funds. This pool is managed by the Finance Director and interest income is allocated to each fund based on its proportionate share in the pool. Each fund type's portion of this pool is displayed as "Equity in pooled cash". This pool consists of cash on hand, certificates of deposits, and investments. The City's cash and cash equivalents are considered to be cash on hand, cash held by County Treasurer, and short-term investments with original maturities of three months or less from date of acquisition. All investments are recorded at fair value based on quoted market prices.

CITY OF SCOTTSBLUFF
Scottsbluff, Nebraska

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, and Net Position or Equity (Continued) -

Unbilled Water and Sewer Revenue - Billings for water and sewer revenues are rendered on a semi-monthly basis. Unbilled water and sewer revenues, representing estimated consumer usage for the period between the last billing and the end of the year, have been recorded and are included in accounts receivable.

Inventories - Inventories are valued at the lower of cost or market, using the first-in, first-out method.

Restricted Assets - When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first and then unrestricted resources as needed.

Capital Assets - Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, drainage systems, and similar items) are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 or \$50,000 for infrastructure and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if actual historical cost was not available. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets lives are not capitalized.

Property, plant and equipment of the government is depreciated using the straight-line method over the following estimated useful lives:

Buildings and Improvements	10 - 50 years
Vehicles	5 - 20 years
Equipment	3 - 25 years
Infrastructure	20 - 60 years

Compensated Absences - City employees generally earn vacation days at a variable rate based on years of service. In the event of termination, an employee is reimbursed for accumulated vacation time up to a maximum allowed accumulation of 366 hours. Employees earn sick leave at the rate of one day per month with total accumulation limits established by the employees' bargaining unit. With 15 years of service, the maximum allowed is four workweeks.

Vacation and sick leave are accrued when incurred in the government-wide, proprietary, and internal service fund financial statements. Such accruals are based on current salary rates.

Long-Term Obligations - In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental and business-type activities in the statement of net assets.

In the fund financial statements, governmental fund types recognize bond proceeds as other financing sources and bond payments are expensed. Issuance costs are reported as current expenditures.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, and Net Position or Equity (Continued) -

Eliminations – Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables and receivables. All internal balances in the statement of Net Assets have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

Deferred Inflows of Resources – In addition to liabilities, the statement of net position or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City has three items that qualify for reporting in this category and are reported in the governmental fund balance sheet. The unavailable revenues are from property taxes, special assessments and notes receivable that are deferred and recognized as an inflow of resources in the period that the amounts become available. In addition, the City also has a an item that qualifies for unavailable revenues and reported in the Statement of Net Position. The unavailable revenue is economic development grants and loans that are earned over a period of time and are recognized as revenue and/or expense as the revenue is received and as credits are earned.

Fund balance-Governmental Funds – The fund balances for the City’s governmental funds are displayed in five components:

Nonspendable fund balance – amounts that cannot be spent because they are either not in a spendable form (such as inventories and prepaid amounts) or are legally or contractually required to be maintained intact.

Restricted fund balance – amounts that can be spent only for specific purposes because of constraints imposed by external providers (such as grantors, bondholders, and higher level of government), or imposed by constitutional provisions or enabling legislation.

Committed fund balance – amounts that can be spent only for specific purposes determined by a formal action of the government’s highest level of decision-making authority. Commitments may be established, modified, or rescinded only through ordinances approved by the City Council.

Assigned fund balance – amount the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed. The City Manager may assign amounts

Unassigned fund balance – amounts that are available for any purpose; these amounts can be reported only in the City’s General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City Council has provided otherwise in its commitment or assignment actions.

The City would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to deter the use of these other classified funds.

CITY OF SCOTTSBLUFF
Scottsbluff, Nebraska

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, and Net Position or Equity (Continued) -

Equity – Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, constructions, or improvement of those assets.
- b. Restricted net position – Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

Adoption of New GASB Pronouncement

During the fiscal year ended September 30, 2019, the City implemented GASB Statement No. 88 “*Certain Disclosures, Related to Debt, including Direct Borrowings and Direct Placements.*” This statement improves the information that is disclosed in notes to governmental financial statements related to debt, including direct borrowings and direct placements. The statement requires that additional essential information related to debt be disclosed in notes to the financial statements including unused lines of credit, assets pledged as collateral for the debt, and term specific in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. The statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

NOTE 2 - DEPOSITS AND INVESTMENTS

State Statute 14-563 R.R.S., 1943 authorizes funds of the City to be invested in “securities of the United States, the State of Nebraska, metropolitan city, county in which such metropolitan city is located or school district of such city, in the securities of municipally owned and operated public utility property and plants of such city, or in the same manner as funds of the State of Nebraska are invested, except that the city treasurer may purchase certificates of deposit from and make time deposits in banks selected as depositories of City funds”. Additionally, State Statute 15-847 R.R.S., 1943 requires banks either to give bond or to pledge government securities (types of which are specifically identified in the Statutes) to the city treasurer in the amount of the City’s deposits. The Statutes allow pledged securities to be reduced by the amount of the deposit, which is insured by the Federal Deposit Insurance Corporation (FDIC).

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As noted above, State Statutes 15-847 R.R.S, 1943 covers this risk. As of September 30, 2018 equity in pooled cash was fully insured by FDIC insurance or collateralized by pledged securities.

The City has invested funds in the Invesco Government Money Market Fund and the Royal Bank of Canada Government Money Market Fund. These funds invest exclusively in high-quality, short-term, U.S. dollar-denominated money market instruments that consist of U.S. Government obligations and repurchase agreements collateralized by U.S. Government obligations. As of September 30, 2019 the City had \$9,808,376 and \$24,897 respectively invested in Government Money Market Funds.

CITY OF SCOTTSBLUFF
Scottsbluff, Nebraska

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

The City has entered into an investment pooling agreement with the Nebraska Public Agency Investment Trust (the Trust). The Trust was organized to allow various local governmental entities to pool their funds and invest in all instruments as allowed under state law. The trust investment consists primarily of U.S. Government securities, U.S. Government Agency securities, collateralized repurchase agreements and certificates of deposit, which are short-term in nature and not subject to significant market adjustments. The City had \$103,975 invested in the Trust at September 30, 2019.

Cash and Equity in Pooled Cash Management Account - At September 30, 2019, the City's cash and pooled investments, recorded at fair market value and includes \$374,991 in the Agency (TIF) fund, consisted of the following:

Cash	\$	2,577,771
Cash w/bond trustee		814
Investments:		
U.S. Agencies and Instrumentality's Bonds and Notes		10,962,109
Money Market – Pledged Securities		1,020,016
Nebraska Public Agency Investment Trust		103,975
Certificates of deposit		<u>19,124,139</u>
	\$	<u>33,788,824</u>
Shown on balance sheet as:		
Equity in pooled cash and investments	\$	<u>33,788,824</u>
	\$	<u>33,788,824</u>

Restricted Investments - The following details the restricted investment at September 30, 2019:

	<u>Enterprise Funds</u>
Pursuant to agreement with City of Gering:	
Investment	\$ <u>539,036</u>
Total	\$ <u>539,036</u>

Restricted investments consists of equity in checking account for the landfill in the name of City of Gering.

Investments Managed by Trustee - The City's Pension Trust Funds are administered by trustees. At September 30, 2019 Pension Trust Funds managed by a trustee consisted of the following:

	<u>Fire</u>	<u>Police</u>	<u>City</u>	<u>Total</u>
Mutual Funds	\$ <u>3,567,761</u>	\$ <u>4,477,453</u>	\$ <u>6,854,751</u>	\$ <u>14,899,965</u>

Special assessment receivables - The City holds special assessment receivables in the amount of \$737,800. These assessments are financed through warrants payable. The special assessment debt is payable entirely by special assessment collections from the assessed property owners. In the case where the assessed property owners default on those payments, the City would be ultimately liable for that debt.

The City currently holds warrants payable in the amount of \$727,757. These warrants are renewed annually.

Wastewater treatment project loan – ARRA - State of Nebraska, issued 2011, due annually through 2020	842,500	0%	84,250	<u>168,500</u>
Total business-type activities				\$ <u>1,084,922</u>
Total long-term debt				\$ <u>5,498,949</u>

All of the wastewater treatment project loans are secured by the wastewater treatment plant.

All of the 2015 Leasing Corp Rental and Refunding bonds are secured by the library building, public safety building, Westmoor pool and downtown plaza buildings.

Annual requirements to pay principal and interest to maturity on outstanding debt follows:

Fiscal Year Ended September 30	Governmental Activities					
	General Obligation Bonds		Revenue Bonds		Capital Lease	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>

Business-type activities	<u>\$ 1,952,490</u>	<u>\$ 3,535</u>	<u>\$ 696,592</u>	<u>\$ 1,259,473</u>	<u>\$ 396,328</u>

There are various bonds issued for tax increment financing projects within the City. These bonds are limited obligations of the agency payable exclusively from taxes levied against certain property in specified areas. These bonds are not general obligations of the CDA, CRA or the City, and are not included in the City's financial statements. The accumulation of resources to pay these bonds is accounted for in the agency funds for CDA and CRA.

NOTE 6 - LEASE AGREEMENT - ELECTRICAL DISTRIBUTION SYSTEM

The City leases the operation of their electrical distribution system to the Nebraska Public Power District, pursuant to an agreement which became effective January 1, 1990. This agreement continues until January 1, 2015, and thereafter from year to year, unless terminated on an anniversary of January 1, 2015, with at least five years prior written notice given by either party to the other, on or after February 1, 2009.

The Nebraska Public Power District shall maintain the distribution system and shall construct any additions necessary for service to the extent such additions are within the established extension policies of the Nebraska Public Power District.

Under the lease with the Nebraska Public Power District, the City will receive 12.5% of the gross retail electric revenues, adjusted for bad debt charge-offs, revenues from tax-supported agencies receiving a discount, and revenues associated with application of production cost adjustment billings and billings of other cost adjustments not included in the base rates.

NOTE 7 - RETIREMENT PLANS

City employees are covered by one of three retirement plans in effect, covering general city employees, fire fighters and police officers, respectively.

General

The City sponsors a defined contribution plan which covers substantially all general city employees. Under the terms of the plan, an employee must be age 21 or older and have completed one year of continuous service and have not attained the age of 64. Participating employees are required to contribute 3% of their earnings. The City then makes a matching contribution to the plan on their behalf. An additional voluntary contribution can be made by employees to the plan to the extent allowed under the Internal Revenue Code, currently an additional 10%. The City will contribute an amount equal to an employee's voluntary contribution, not to exceed 3% of the employee's compensation. Employees are 100% vested in the plan after completing 7 years of service, reaching normal retirement age (65), meeting the requirements for early retirement date, becoming totally disabled, or deceased, whichever occurs first. Contributions to the general city employee retirement plan were \$198,146 and \$203,951 by the City and plan participants, respectively. There were 85 participants in the plan.

Fire Fighters

Fire fighters are covered by a defined contribution plan sponsored by the City. Eligible employees are required to contribute 6.5% of their salary to the plan, which the City then matches at the rate of 13% of the participant's salary. Employees are fully vested after 7 whole years of service. A participant's normal retirement age is the date he attains age 55 and completes 21 years of service. Nebraska State statutes govern the coverage afforded to participants under this plan. Contributions to the fire fighters employee retirement plan were \$122,882 and \$65,731 by the City and plan participants, respectively. There were 22 participants in the plan.

Police

Police officers are covered by a defined contribution plan sponsored by the City. Participants in the plan are required to contribute 7.0% of their salary to the plan, which is matched by a 7.0% contribution from the City. Employees are fully vested after 7 whole years of service. Contributions to the police retirement plan were \$137,083 and \$147,345 by the City and plan participants, respectively. There were 34 participants in the plan.

NOTE 8 - COMMITMENTS AND CONTINGENCIES

The Environmental Protection Agency (EPA) requires any entity with a landfill site to bring its site into compliance with 40 CFR Part 257 and 258 (Subtitle D) or close the site by October, 1993. In prior years, the City closed its landfill. In the 2008 fiscal year, the City entered into an agreement with the City of Gering for use of their landfill site and a portion of the fee paid is going towards a future landfill site or equipment to extend the life of the current landfill.

The City is committed to \$350,000 annually to Riverside Discovery Center (RDC) for its operation of a zoo. The City entered into a contract with RDC on September 13, 2010 and payments to RDC were effective with transfer that occurred on October 1, 2010. Payments are due for ten years from effective date.

The City participates in a number of federally assisted grant programs, which are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agencies, is not determinable at this time; however, City officials do not believe that such amounts, if any, would be significant.

Scottsbluff, Nebraska

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

NOTE 9 - RISK MANAGEMENT

The City provides employee health insurance through a self-funded program and has contracted for administrative services and claims processing.

Due to the Affordable Care Act, the coverage lifetime maximum is unlimited. Re-insurance is covered by a policy which provided insurance above the City's participation of \$40,000 per person and \$1,358,859 in the aggregate.

The City continues to carry commercial insurance for all other risks of loss including worker's compensation, general liability and law enforcement liability. Settled claims have not exceeded coverage in any of the past three fiscal years.

NOTE 10 - INDIVIDUAL INTERFUND RECEIVABLE, PAYABLE BALANCES, AND TRANSFERS

Transfers are used to move revenues between funds. The transfers below are routine in nature.

	Transfers In			
	General	Stormwater	GIS	Total
<u>Transfers Out</u>	<u>Fund</u>	<u>Fund</u>	<u>Fund</u>	<u>Transfers Out</u>
Trans. Fund	\$ 27,000	\$ -	\$ 25,000	\$ 52,000
Non-major Funds	100,000	-	-	100,000
Env. Services Fund	54,000	-	-	54,000
Wastewater Fund	54,000	50,000	36,000	140,000
Water Fund	42,000	-	36,000	78,000
Electric Fund	3,235,693	-	-	3,235,693
	<u>\$ 3,512,693</u>	<u>\$ 50,000</u>	<u>\$ 97,000</u>	<u>\$ 3,659,693</u>

NOTE 11 - PROPERTY TAXES

The tax levies are certified by the County Board on or before October 15th. Real estate taxes are due on December 31st and attach as an enforceable lien on property on January 1st following the levy date and become delinquent in two equal installments on May 1st and September 1st. Personal property taxes are due December 31st and become delinquent on May 1st and September 1st following the levy date.

Property taxes levied for 2018-2019 are recorded as revenue when expected to be collected within 60 days after September 30, 2019. Prior-year levies were recorded using these same principles, and remaining receivables are re-evaluated annually. Property taxes expected to be collected after 60 days are recorded as deferred revenue on the fund balance sheets.

The 2018 tax levy, for the 2018-2019 fiscal year, was \$1,913,738 with a tax rate per \$100 valuation of 0.216 for general and \$54,100 with a tax rate per \$100 valuation of .1809 for the business improvement district. The assessed value upon which the 2018 levy was based was \$885,989,875 for general and \$29,901,850 for the business improvement district.

CITY OF SCOTTSBLUFF
Scottsbluff, Nebraska

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

NOTE 12 – TAX ABATEMENTS

As of September 30, 2019, the City provided tax abatements through the Tax Increment Financing (TIF) program. The Tax Increment Financing Law allows for the increased property taxes generated by the improvement of blighted property to be used to pay for the financing of community redevelopment/TIF projects. The statutes for community redevelopment/TIF are found in Neb. Rev. Stat. SS 18-2101 through 18-2150. The City must declare the area as substandard, blighted, and in need of redevelopment. The City is required to prepare a development plan. TIF bonds may be issued for the acquisition of property, site preparation, and public improvements. An agreement is entered into between the City and the Developer and a base valuation is established. The base property valuation remains assessable to all taxing entities. Any increase in value and resulting taxes are used to pay off the debt incurred for the redevelopment project. The project must not exceed a 15-year period. Currently, the City has Developer TIF bonds that extend through December 31, 2031. For the year ended September 30, 2019, the City abated \$48,062 in property tax revenue under the tax increment financing program.

NOTES TO THE BUDGETARY COMPARISON SCHEDULES

September 30, 2019

NOTE 1 – BUDGET AND BUDGETARY ACCOUNTING

The City follows the following procedures in establishing the budgetary data reflected in the accompanying financial statements:

1. Prior to September 1, the City Clerk submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to September 20, the budget is legally enacted through passage of an ordinance.
4. Formal budgetary integration is employed as a management control device for the General, Special Revenue, Capital Projects, Debt Service and Proprietary Funds.
5. Budgets are prepared using the cash basis of accounting which is a basis not consistent with accounting principles generally accepted in the United States of America.
6. The City manager is authorized to transfer budgeted amounts between departments within any fund; however, any revision that alters total expenditures of any fund requires approval of council and a public hearing.
7. All appropriations lapse at year end.

NOTE 2 - RECONCILIATION OF BUDGET BASIS REVENUE AND EXPENDITURES TO GAAP

Revenues and expenditures presented on a non-GAAP budget basis of accounting differ from the revenues and expenditures presented in accordance with GAAP because of the different treatment of accruals. A reconciliation for the year ended September 30, 2019, which discloses the nature and amount of the adjustments necessary to convert the actual GAAP data to the budgetary basis, is presented below:

	General Fund	Transp. Fund	Econ. Dev. Fund	Debt Service Fund	Special Projects Fund	Leasing Corp. Fund
Net change in fund balances:						
Balance on a GAAP basis	\$ 1,583,812	\$ (736,615)	\$ 39,557	\$ 374,941	\$ 36,991	\$ 831
Basis differences (accruals occur because the cash basis of accounting use for budgeting differs from the modified accrual basis of accounting prescribed for governmental fund	(181,725)	(114,044)	(85,119)	(125,975)	25,991	(83)
Balance on a budget basis	\$ 1,402,087	\$ (850,659)	\$ (45,562)	\$ 248,966	\$ 62,982	\$ 748

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON
· AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditors' Report

To the Honorable Mayor, City Council
And City Manager
City of Scottsbluff, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Scottsbluff, Nebraska, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Scottsbluff's basic financial statements, and have issued our report thereon dated February 28, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Scottsbluff's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Scottsbluff's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Scottsbluff's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Scottsbluff, Nebraska's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Scottsbluff's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Scottsbluff's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
