Inter-Town Capital Equipment (ICE) Purchase Incentive Program Grant for CLA Patrol Boat:

The BoS discussed this State grant funding that was previously approved in the Governor's Budget for FY 2016 but is not sure if this Grant will be funded moving forward for the future. CLA’s P. Schaefer stated she has confirmed receipt of funding from Sherman and Brookfield. The towns of Danbury and New Milford have agreed to pay their portion but funding has not yet been received. The town of New Fairfield has not stated they would fund their portion of the CLA patrol boat. CLA would like to begin the process of ordering the new boat as soon as possible, the whole process takes several months to complete. To receive the grant reimbursement from the State the boat must be ordered. Mrs. Schaefer requested the Towns fund the full amount of the boat with the agreement that CLA will reimburse the towns any overage beyond the initial commitment of their portion when the grant funding is given to CLA. The State requires a 20% down payment to move forward but the (CLA) Board will not allow it, Mrs. Schaefer stated. First Selectman Cope shared concerns that the Towns that already paid the agreed portion would not be guaranteed to be reimbursed overages without the other towns paying their share. Mr. Cope stated he will reach out to the towns that have not paid or agreed yet to see where this leaves things and will report findings at the next meeting.

Mr. Lowe stated he feels there are plenty of alternative resources for pet owners to walk their dogs, but feels areas where there are children playing or sports are not appropriate for dogs. Mr. Lowe also stated possibly creating a dog park where it would be acceptable to allow dogs off leash.
