DELIBERATION OF PUBLIC HEARING I - CONTINUED FROM MAY 5, 2016

PROPOSED CHANGES TO THE ZONING REGULATIONS, SECTION 322, BUILDING PROJECTIONS.

Chair, J. Burren opened the deliberation of Public Hearing I, continued from May 5, 2016; PROPOSED CHANGES TO THE ZONING REGULATIONS, SECTION 322, BUILDING PROJECTIONS. The Commission discussed Public input that was received at the Hearing on May 5, 2016. The Commission determined that item i and item vii needed additional clarification at the last meeting. The Commission agreed to amend item i to read "Fences and walls less than 2 feet in height: Shall be approved by the Commission upon review of the ZEO and deemed to have no impact if safety sight lines and pedestrian passage are not compromised." Additionally, the Commission agreed to amend item vii to read "Materials and Construction: A residential fence or wall shall not be electrified, nor can any fence or wall be fitted with barbed wire. Materials such as, but not limited to: scrap lumber, plywood, scrap plastic or scrap fiberglass sheets, or corrugated metal sheeting are not permitted." With these amendments, the following took place:

Commissioner N. Volkmar Moved to Approve Adoption of changes to the Town of Sherman Zoning Regulations, Section 322, Building Projections, as Amended and attached below. Changes to these Regulations shall become effective June 17, 2016.

Seconded by: M. Lee

Vote: For: Unanimous

CHANGES TO THE ZONING REGULATIONS, SECTION 322, BUILDING PROJECTIONS.

AMEND TABLE OF CONTENTS: ARTICLE III GENERAL REGULATIONS SECTION 320 GENERAL REGULATIONS

AMEND 322 Building Projections

AMEND 322.1 Obstructions in Lot Area

AMEND 322.1 A Architectural Features

AMEND & ADD 322.1 B Fences and Walls

ADD 322.1 C Commercial or Temporary Construction Fencing

ADD 322.1 D Fencing Used for Agricultural Purposes

AMEND SECTION 322 Building Projections 322.1 Obstructions in Lot Area

ADD 322.1 A Architectural Features

ADD 322.1 B Fences and Walls

These Regulations apply to fences or walls or modified construction (horizontal or vertical) of legal non-conforming fences after the adoption of the following Regulations effective June 17, 2016.
i Fences and walls less than 2 feet in height: Shall be approved by the Commission upon review of the ZEO and deemed to have no impact if safety sight lines and pedestrian passage are not compromised.

ii Fences and walls less than 4 feet in height: Shall be permitted behind the Fence Setback line in the Front Lot.

iii Fences and Walls Less than 6 feet in height: Shall be permitted in any Front Lot behind the 50 foot Building Setback Line, Side Lot or Rear Lot or any area of an Interior Lot except the Access way.

iv Fences and walls greater than 6 feet in height: Shall be permitted only if that portion of such fence or wall which exceeds 6 feet in height is not less than ¾ open construction, with the following exception: any fence exceeding 6 feet in height can be installed in the side or rear lot within the Building Setback Lines.

v Measurement of Height: Fence and wall construction or the combination of construction of both, one on top of the other, shall be measured as one. The height will be measured above the adjoining finished grade and no change to the existing grade of the property shall be made prior to the installation of the fence to gain a height advantage in excess of the permitted height.

vi Visibility at Intersections: A residential fence or wall shall not obstruct pedestrian or motor vehicle visibility at an intersection. Refer to Section 322.6 – Visibility at Intersections of these Regulations.

vii Materials and Construction: A residential fence or wall shall not be electrified, nor can any fence or wall be fitted with barbed wire. Materials such as, but not limited to: scrap lumber, plywood, scrap plastic or scrap fiberglass sheets, or corrugated metal sheeting are not permitted.

viii Deer Fencing: Open construction deer netting or wood post and wire deer fencing shall be permitted in the Front (behind the Fence Set Back Line), Side and Rear Lots.

ix Historic District Requirements: All fences and walls proposed for installation within Sherman’s Historic District shall require a Certificate of Appropriateness from the Historic District Commission before a Zoning Permit can be issued and Site Plan Approval by the Planning and Zoning Commission.

x Finished Side of Fence: The side of any fence or wall considered to be its “face” (i.e. the finished side) must face the abutting property or Road Right of Way.

xi Ownership of Parcel: Fences and walls, including footings, shall be located entirely upon the private property on which the fence is proposed to be constructed unless there is an agreement between the owners of both properties on file in the Sherman Land Records.

xii Lots with More Than One Frontage: Lots that abut more than one road have multiple Front Lot Lines and the Regulations and restrictions regarding fences and walls in the Front Lot apply to all areas adjacent to all streets and roads.

xiii Interior Lots: Fences and walls are not permitted within the Access way to an Interior Lot.
ADD SECTION 322.1C Commercial or Temporary Construction Fencing Allowed by “Special Permit” only.

ADD SECTION 322.1D Fencing Used for Agricultural Purposes Exempt from these Regulations
