**City Manager Report:**

- Responding to a request from the February 9, 2022 Mayor and Council Workshop, City Manager Wieprecht explained the Public Works department would like to request a pole building with an office attached to replace the existing building. Wieprecht explained these types of structures are a design build and will require working with a pole building manufacturer and not an architect. The cost of the structure will be incorporated into the capital improvements program.
- The plan discussed for street sweeping notification is to replace signs in February and post the no parking information on social media and distribute fliers on East and West Baltimore, York and Frederick working with the police department to issue warnings only throughout February. A notice will be included in the Public Works segment of the Taneytown Record for each issue between now and July. March through May the posting of notices will continue on social media and the Taneytown website with warnings to continue on street sweeping day. In June and July more notices will be distributed to households and monthly notices issued the Friday before street sweeping. Monthly reminders will continue to be placed on social media and the website. Enforcement will be concurrent with the new contract.
