	D. Framke, Marketing Director
	P. O'Grady, Village Attorney

Others Present:

<u>Item #1</u> - The meeting of the Committee of the Whole was called to order at 7:01 p.m. on January 7, 2020.

At this time President Pro-Tem Glotz called for a moment of silence for United States military families, as Iran fired upon U.S. Bases in Iraq.

Item #2 - CONSIDER APPROVAL OF THE MINUTES OF THE COMMITTEE OF THE WHOLE MEETING HELD ON DECEMBER 17, 2019. – Motion was made by Trustee Brennan, seconded by Trustee Mueller, to approve the minutes of the Committee of the Whole meeting held on December 17, 2019. Vote by voice call. President Pro-Tem Glotz declared the motion carried.

Item #3 - RECEIVE PRESENTATION OF VILLAGE OF TINLEY PARK EMPLOYEE

ONBOARDING VIDEO. – David Niemeyer, Village Manager, presented the New Employee Onboarding Video. The video was created to further the Village Strategic Plan goal to humanize Village staff. The Human Resources Department collaborated with Marketing to create the video. This is an excellent resource for new hires, as well as current employees, in that it provides a high level overview of Village management and provides an introduction to our overall operations. It also allows staff to essentially "put a face with a name," which is particularly valuable for those employees who work in different departments at off- site locations. This video is currently available to all staff via SharePoint on the HR "Welcome New Employees" page, and has been incorporated into the onboarding process for all new hires. Our desire is to update periodically with relevant changes. <u>Item #4 – DISCUSS MID-YEAR PERSONNEL BUDGET REQUEST.</u> – Mr. Niemeyer presented the mid-year personnel requests. Each year in the budget there are a few requests for personnel that the board decides to evaluate around the mid-year mark. This year there are 4 requests. They are listed below along with the base pay for a half year only.

Pat Carr, Brad Bettenhausen and David Niemeyer have reviewed the requests and provided the following recommendations:

- 2 Special Event Coordinators for Marketing for the plaza (\$11,000 per position). These position are not recommended at this time due to delays.
- Maintenance Worker Public Works Street Department (\$23,600). This position is recommended as the maintenance service level has increased for the street division for the Public Works department.
- Tele-Communicator 911 Center (\$29,500 assuming certified). This position is recommended as additional manpower is needed as the responsibilities and work load in the 911 center increases.
- Commander Police Department (\$69,250). This position is recommended contingent upon a plan from the police department to reduce sergeant overtime and have the commanders cover more shifts than are currently covered. Matt Walsh, Police Chief, recommends this position in accordance with the Northwestern University Staffing Study that recommends an additional Commander be added to oversee investigations due to the complexity of investigative work. This position will assist in improving department efficiencies and reduce cost as this position will take on roles that are currently handled by a Sargent.

Trustee Galante asked for clarification on the salaries listed. Mr. Niemeyer noted that the amounts are salary only and for a six month period.

President Pro-Tem Glotz noted that the scheduling of the new Commander would need to be addressed so there is an overlap in shifts. Chief Walsh, noted that some schedules have temporally changed due to the elimination of the Deputy Chief position as well a checklist of departmental duties that the Commanders are working on implementing.

President Vandenberg asked if there is a timetable for the Commanders to complete the checklist. Chief Walsh will meet with President Vandenberg to go over the details.

Trustee Glotz would like to see a plan before moving forward with the Police Commander position.

Pat Carr, Assistant Village Manager and Director of EMA/911 Communications, stated that the 911 center only has 11 of the 13 tele communicators the department is authorized to have. The department is also authorized to have 10 part time tele communicators, while at any given time in the past there have been 4-6, there are currently no part time tele communicators. They have also taken over Mutual Aid Box Alarm System (MABAS) 24 dispatch. Trustee Brennan asked how much the Village receives for the MABAS 24 dispatch. Mr. Carr replied. \$25,000 per year and noted that the tele communicator who handles this is now dedicated to fire calls.

John Urbanski, Assistant Director of Public Works, is working on a staffing plan to present to the Board. Prior to the recession the Public Works department had a maximum of 41 employees, currently there are 38 employees. Typical industry standards allow for 1 employee per 1000 residents. Tinley Park currently has 56,000 residents. He added that Public Works was responsible for over 200 events in the past year.

Page 2 of 3

Trustee Galante asked if departmental needs are discussed when new development is considered. Mr. Niemeyer replied that is considered.

Item #5 - RECEIVE COMMENTS FROM THE PUBLIC -

A citizen how many female firefighters the Village has. Forest Reeder, Fire Chief replied three (3).

Chris Halper found that there is a memorial that s on the former Tinley Park Mental Health Center Property. He is spearheading an effort to recover the memorial and relocate it. Mr. Halper has spoken to Wiley Roberts, from the Veterans Commission regarding this memorial.

Trustee Brennan asked what the memorial was for. Mr. Halper answered that it was dedicated to all Veterans of all foreign wars.

Wiley Roberts stated that a possible location for the memorial may be the M-84 Mortar Carrier site at Veterans Parkway.

President Pro-Tem Glotz asked if there was any one else wished to address the Board. There were none.

Motion was made by Trustee Mueller, seconded by Trustee Brennan, to adjourn the Committee of the Whole. Vote by voice call. President Pro-Tem Glotz, declared the motion carried and adjourned the meeting at 7:45 p.m.

Subject:	Strategic Plan

Attached to this memo is the Draft Strategic Plan that our consultants, Management Partners, have provided to us and will be presenting at the Committee of the Whole.

This plan includes input from the Board, senior staff, employee groups, and members of the business community, as well as feedback from the recent citizen survey. Kimberly Clarke, Donna Framke, Pat Carr, and Hannah Lipman worked together to further develop the various goals and strategies.

After presenting the Draft Strategic Plan, Management Partners will continue to work with Village staff on an Implementation Action Plan that will serve as a guide to accomplishing the goals and strategies of this plan. Initial measures for the different goals have been included in this draft, and will continue to be developed as a part of the Implementation Action Plan.

We are looking for final feedback on the priorities in the document. Once final, the Strategic Plan will be approved by the Board.

Methodology

Located about a half hour from downtown Chicago and recognized as one of the premier destinations for music lovers, the Village of Tinley Park's population and businesses are growing. Tinley Park combines the business advantages of a growing suburban community with the competitive strengths of the Chicago market.

Introduction and Background

Tinley Park leaders have been using a strategic plan developed several years ago and updated regularly to direct Village resources. The Village Board initiated a strategic planning process in 2019 to update the policy priorities and goals that will be used by elected officials and professional staff to allocate resources over the next five years. The 2020 to 2025 plan includes a vision, mission and values that are foundational to the resulting goals and strategies.

Strategic Planning Process

The Mayor, Village Board, Village Manager, Assistant Village Manager and senior staff were individually interviewed to identify Tinley Park strengths, weaknesses, opportunities and challenges, as well as issues and potential goal areas for discussion during a strategic planning workshop that was open to the public. In addition to the interviews, four focus groups were held with members of the business community and Village employees to hear their ideas about opportunities and service enhancements needed to maintain and enhance the position of the Village within the region. A summary of input from the 2019 Citizen's Survey and an environmental scan of Tinley Park socio-demographic data was reviewed and incorporated into the key themes that emerged from the various sources. A summary of the data and information was prepared as a briefing document. The briefing document was distributed to Village Trustees prior to the strategic planning workshop.

The same group that was interviewed (Board members, Village Mayor, Village Clerk, Village Manager, Assistant Village Manager and senior staff) participated in workshops on November 18 and 19, 2019 at the Tinley Park Convention Center. The purpose of the sessions was to develop a vision and mission for the future of the Village, as well as to

discuss values and identify goals and strategies for the next five years. This document presents the results of the workshops.

Strategic Plan Elements

This strategic plan contains major key components. Each is described below.

A **vision** is a clear and concise statement of where the Village of Tinley Park wants to be in the future. The vision serves as the guiding principle for decisions and programs the Village provides.

A **mission statement** states the purpose of the Village and guides the prioritization of opportunities. It defines what the organization stands for and what it will do. The mission also directs the day-to-day actions of Tinley Park and its employees.

The **values** are the core operating principles of Tinley Park. Values govern the actions and behaviors of policy makers and employees to effectuate the mission and vision of Tinley Park.

Goals are closely aligned with the vision and state the desired outcomes to be achieved. Goals provide the "why" of the specific actions the organization will take. Typically, a strategic plan has four to six goals, which may be achieved over several years.

Strategies are the means to achieve multi-year goals. They are measurable, with specific resources assigned, timeframes allocated, and responsibilities determined.

The broad steps to achieve the goals are identified in an *Implementation Action Plan*. The action plan provides key tasks, the person assigned responsible for carrying out the actions, resources required, milestones, and success measures. The implementation action plan spans five years, since some of the goals require longterm strategies.

Staff will *report* to the Mayor and Village Board on the status of strategy execution periodically, detailing progress and seeking further direction as needed.

VISION

The vision describes where the Village wants to be in the future.

Tinley Park is a destination community in the region, embracing all walks of life through music and entertainment, vast resources and first-class services.

MISSION

The mission describes the purpose of the organization.

We are committed to providing a safe, high-quality experience for residents, the business community and visitors.

VALUES

Core values establish the operating principles of the organization. They govern the actions and behaviors of policy makers and employees.

Village Before Self: With a focus on ethical, cooperative and cost-effective work and service, we put the collective needs of the community first through:

- Accountability,
- Efficiency,
- Inclusion,
- Integrity,
- Innovation,
- Leadership,

- 1. Develop a proactive code enforcement program to reduce property deterioration.
- 2. Develop a means of attracting new businesses to fill current vacancies.
- 3. Create a program to welcome and engage new businesses.
- 4. Develop focused partnerships with major employers in the community.
- 5. Support job creation by attracting, retaining, and growing a diverse local workforce.
- 6. Promote and support business retention.

Goal E. Improve community engagement and tourism.

Success Measures

- Percent of residents rating Village sponsored community engagement as good or excellent
- Percent change in linear square feet of connected green space

- 1. Expand community engagement efforts.
- 2. Grow existing customer service platforms to address resident and stakeholder needs.
- 3. Expand Village tourism infrastructure.
- 4. Recruit entertainment and tourism-related businesses.
- 5. Connect Village green spaces and gathering areas to enhance walkability and pedestrian access.
- 6. Engage the Tinley Park business community to support tourism and branding initiatives.
- 7. Develop Harmony Square as a regional destination and "third place" for residents and visitors.

Conclusion

The Village of Tinley Park Strategic Plan includes input from Village leaders, members of the business community, and employees as well as the Mayor, Village Clerk, Trustees, Village Manager, Assistant Village Manager and department directors. Information obtained from the citizen's survey, focus groups and environmental scan data were used to inform the Village Board in determining strategic priorities to address the most important needs of the community. As such, this plan includes a broadly representative direction and provides a framework for the foreseeable future.

Over the next five years, Village Trustees, staff and the public should use this document as a roadmap of things to accomplish. Through careful budgeting and work planning, staff will work to implement the goals and strategies in the plan and periodically provide progress updates to the Trustees and residents about what has been achieved.

Throughout the next five years, other management tools and plans, such as the budget, Capital Improvement Program, Comprehensive Plan, and other tactical documents, as appropriate, will be aligned with the Strategic Plan to ensure all Village efforts are working toward common ends. The accompanying Implementation Action Plan contain the details to accomplish the goals and strategies of this plan.

MEMORANDUM

TO: Village Board

10 November 2019

FROM: Brad L. Bettenhausen, Treasurer

RE: Revenues update - November 2019 - Fiscal Year 2020, Month 7

Attached are the monthly "dashboard" graphs summarizing the status of the revenues and expenses as we begin the second half of the Fiscal Year. The summary analysis and highlights of key items are included below.

General Fund:

	This Month	Fiscal Year to Date
This Fiscal Year	1,268,959	8,533,144
Last Fiscal Year	1,293,272	8,691,190
Dollars change	-24,313	-158,046
Percent change	-1.9%	-1.8%

There is a three month lag between when a taxable sale is made to when the Village's share of the sales tax rate (1%) is distributed by the Illinois Department of Revenue.

The high water mark for this month's revenues was established last year. Two of the last twelve months have established new highs.

Ten of the past twelve months have reflected lower sales taxes than the corresponding prior year. With changes to the Village's automobile franchises that occurred during the year, we can expect this downward trend to continue. We continue to monitor as retail sales are a leading indicator of the local economy.

	This Month	Fiscal Year to Date
This Fiscal Year	518,805	3,469,778
Last Fiscal Year	533,942	3,485,702

Percent change	-2.8%	-0.5%

Home Rule Sales Tax – November reporting – August sales activity

The Home Rule Sale Tax became effective July 1, 2014 at a rate of 0.75%. The Home Rule Sales Tax does not apply to titled property (vehicles), groceries and drugs. Like the regular sales tax, there is a three month spread between a taxable sale and our tax receipt.

A State imposed 2% administrative fee was deducted from the Home Rule sales taxes for distributions between August 2017 and June 2018. The administrative fee was reduced to 1.5% effective with the July 2018 distribution (April liability). This fee, and its rate change, will have an impact the comparative sales tax analysis reflected in the table above.

The high water mark for this month's revenues was established last year. Four of the last twelve months have established new highs.

Eight of the past Ten months have been lower than the preceding comparative period. We continue to monitor as retail sales are a leading indicator of the local economy.

For informational/comparative purposes, the Home Rule sales tax has represented approximately 41% of the regular sales tax and is a reasonable "rule of thumb" for determining a quick estimate of the HMR relative to the MT (the State abbreviations for the Home Rule and Municipal sales taxes). The range has been from a high of slightly more than 46% to a low of slightly less than 37%. The ratio will regularly fluctuate over time depending on the sales mix for the reporting period. Despite the imposition of the new administrative fee, the net sales tax remains approximately 41% of the regular sales tax. This means that, but for the administrative fee, the average proportion of HMR tax to MT would be slightly higher.

	This Month	Fiscal Year to Date
This Fiscal Year	148,180	1,041,260
Last Fiscal Year	126,134	885,434
Dollars change	22,045	155,826
Percent change	17.5%	17.6%

Use Tax - November reporting – August sales activity

Use tax is the sales tax collected on out-of-state purchases shipped to Illinois (internet sales) and merchandise used by retailers where sales tax had not previously been paid. Increases in the Use Tax continue to be partially attributable to the "Wayfair" decision that has largely made internet sales subject to sales tax.

This establishes a new high water mark for this month's receipts. All twelve of the past twelve months have established new highs.

	This Month	Fiscal Year to Date
This Fiscal Year	392,873	3,739,505
Last Fiscal Year	389,546	3,257,696
Dollars change	3,327	481,809
Percent change	0.8%	14.8%

Income Tax – November reporting (share of taxes collected in October)

This establishes a new high water mark for this month's receipts. Five of the past twelve months have established new highs.

As part of the State's FY2018 budget adopted under Public Act 100-0023, a 10% reduction in the LGDF (Local Government Distributive Fund; or Income Tax) was authorized for the State's Fiscal Year 2018 (July 2017 through June 2018). The State's budget for Fiscal Year 2019 continued to include a reduction to the LGDF, but at a rate of 5% and was effective with the distribution for July 2018.

Property Tax

Cook County

The Cook County first installment tax bill is due each year on March 1 and is calculated as an estimate based on 55% of the prior year's total tax. The second installment, by Illinois Statutes, is due August 1 and represents the balance of the annual tax, after deducting the first installment estimate.

Within the Village fiscal year, the Cook County tax distributions in the months of May and June are generally late payments and "housekeeping" distributions of collections and adjustments for prior tax years, with July through September primarily distributions of current year second installment payments. The tax distributions occurring in the latter portion of February and continuing through March and April are primarily related to the next tax year's first installment estimate.

During Fiscal Year 2020, the Cook County current tax years are 2018 and 2019. The current tax collections for Cook County are approximately \$454,000 greater than the comparable period of last year.

Will County

Will County releases tax bills at the beginning of May with the two equal installments due generally June 1 and September 1. This is consistent with the methods employed throughout most of the State with the exception of Cook County.

Will County current tax year (2018) collections are approximately \$376,000 less than the comparable period last year (tax year 2017). This decrease is not unexpected and is the result of a) increase in the portion of the levy for Police Pension; and b) a change in the "look back" tax adjustment for the prior year.

Total year to date tax receipts for fiscal year 2020, including tax receipts and adjustments for all tax years are approximately \$71,000 greater than the same point in time a year ago.

Fluctuations in property tax receipts when viewed from the Village fiscal year perspective are not uncommon and are the result of timing issues related both to when tax payments are made by property owners and when distributions are subsequently made from the respective County Treasurers. Since 2007, the Police Pension levy portion of the Village annual tax levy has been distributed directly into the pension fund accounts rather than coming into the Village General Fund first. The Village's levy, in total, had been held essentially flat between tax years 2012 and 2017. As the Police Pension levy requirements have increased each year, the remaining levy deposited to the General Fund will decrease, and would be expected to result in decreasing receipts on a comparative basis when looking at only the General Fund. However, as noted, due to timing of tax payments and distributions, this expected trend can be masked, as has been reflected above. Additionally, the year to year comparative statistics by separate county will also be skewed as the percentage of Equalized Assessed Value (EAV) in the respective counties changes over time (e.g. if Will County becomes a larger percentage of the tax base, the Will County share of the overall levy also increases.)

Fluctuations in tax collections are to be expected from month to month, and year to year. As part of our normal revenue monitoring, we regularly review the overall collections versus the extended levy for each tax year. No unusual or unexpected fluctuations have been noted.

Video Gaming – November activity reporting

2014.

There is a two month lag between when the gaming revenues are generated and the distribution. The first Video Gaming Terminals (VGT) in Tinley Park were installed in March

Because there continues to be growth in the number of businesses offering video gaming, all of the past twelve months have established new highs for the respective months.

As of the end of the reporting period, 33 State licenses are active. The licensed establishments contain 156 gaming terminals reporting. In the comparative analysis above, the prior year represented 32 licensees and 149 machines reported.

The Illinois Gaming Board (IGB) indicates the following license application(s) has/have been approved but is/are not included in current activity reporting.

This/these establishment(s) may

- a. not have been approved for local licensing;
- b. not paid the local licensing (if locally approved) during this reporting period (Even though the licensing fee is reduced by one-half at mid-calendar year, as we approach the end of a calendar year, some businesses may choose to hold off on licensing until the start of a new calendar year); or
- c. not initiated gaming operations during the current reporting period.

Motor Fuel Taxes - November reporting (share of taxes collected in October)

There has been significant month-to-month fluctuation in the reporting since fiscal year 2010. There have been unusual fluctuations from month to month in MFT revenues over the past nine (9) plus years (since the start of the most recent Recession). The overall trend continues to be generally along a downward path.

Eight of the past eleven months have reported less motor fuel taxes than the comparable prior period.

The high water mark for this month's revenues was established in 2008. None of the past twelve months have established new high record levels. These results are in keeping with the long term trending for this revenue source as noted previously.

Transportation Renewal Fund - November reporting (share of taxes collected in October)

As you are aware, the State Motor Fuel Taxes were doubled effective 1 July 2019 representing the first change in the tax since 1990. A separate allocation has been established for the incremental tax. The funds are restricted to roadway maintenance activities in the same manner as the regular Motor Fuel Tax. September 2019 was the first month we received the new "Transportation Renewal Fund" distributions. Obviously, there will be no comparative information until after at least twelve months of receipts. It is currently too early to determine a trending pattern for this new revenue source. It is reported that the TRF distributions will normally be about 65% of the regular MFT on an annualized basis.

Commuter Parking

The number of daily pay spaces utilized for November 2019 were up modestly (0.6%) compared to the same month of the prior year. Year to date, space utilization reflected a small 2% increase comparative to the prior year to date.

Because of the nature of the commuter parking permits (permits are prepaid parking, which is received regardless of use), there is not much variation in revenues from year to year for permits and thus has been excluded from the above analysis.

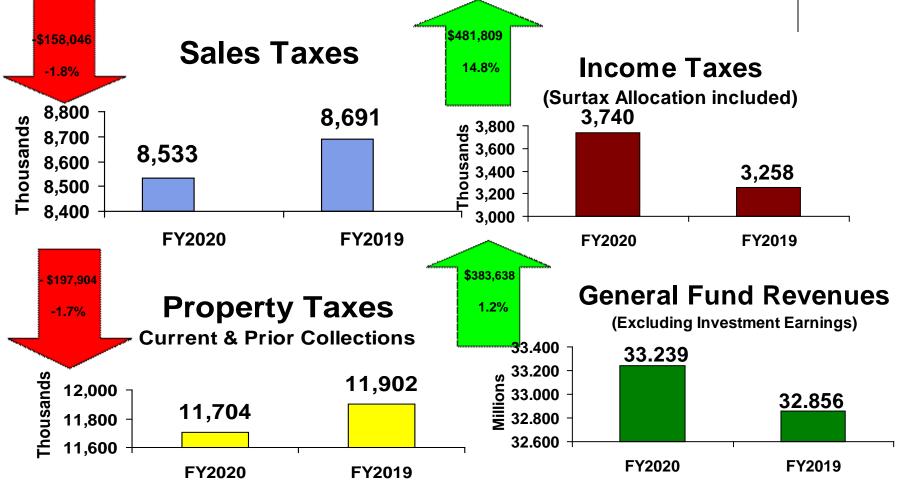

The Village Single Use Token program remains popular with commuters. An average of over 14,000 tokens have been sold monthly this fiscal year. An average of approximately 13,600 tokens have been used each month for parking during this fiscal year. There are approximately 36,800 unused tokens outstanding at the end of the current reporting period. This outstanding "inventory" represents approximately 3 months of potential future token usage.

The private commuter parking lot on South Street, across from the Oak Park Avenue station, closed in September 2019 in preparation for construction to begin on the long awaited Boulevard at Central Station project. We believe this has contributed to increased utilization of the Village's daily fee and permit lots at both stations as the customers of that lot seek other accommodation. As anticipated, we did experience an increase in scofflaws following the closure. This has been actively addressed, as needed. Unfortunately, due to perceptions that certain commuter lots are "too far away" we have not seen a large increase in parking permits as should probably have occurred.

It should be kept in mind that Commuter Parking fee revenues, at a daily rate of \$1.50, both individually and collectively are relatively minor comparatively to the other revenue items discussed in this memo.

Based on some of the feedback from the new Strategic Plan and past priorities, here are some priorities the Board may want to consider...

Public Safety

- Additional hiring as resources allow from the police staffing plan
- Look at ways to use technology, resource sharing, and other efficiencies to reduce costs

Workforce Issues

- Develop a more formal recognition program
- Improve internal communications
- Continue to improve customer service

Economic Development

- Focus efforts to redevelop and attract new businesses to Park Center Plaza and Tinley Park Plaza
- Prepare infrastructure improvement plan to support development in the southwest corridor of Village
- Develop a plan to increase vibrancy of Downtown Tinley Park, specifically focus this year on North St., old Bremen Cash Store properties
- Reengage State to determine what their plans are for TPMHC, focus on clean up efforts if the State does not move forward with selling property to Village

Neighborhood/business district stability

- Develop a proactive code enforcement program
- Increase promotion and support of business retention
- Develop a program to welcome and engage new businesses
- Attract new businesses to fill current vacancies

Community Engagement/Tourism

- Finalize land acquisition for Harmony Square and move towards construction
- Initiate trolley on music theater concert nights
- Continue to review relationship with Southland CVB and determine how it can better serve our current tourism needs
- Expand community engagement efforts

Board Feedback will be needed on:

- What additional priorities, not listed earlier, should we be focusing on?
- What current priorities/spending should be a lower priority or eliminated?
- What additional revenues, if any, should we be looking at?
- What revenues should be eliminated, if any?
