MINUTES
Special Meeting of the Public Works Committee
December 12, 2017 - 7:15 p.m.
Village Hall of Tinley Park – Council Chambers
16250 S. Oak Park Avenue
Tinley Park, IL 60477

Members Present: B. Younker, Chair
 W. Brady, Village Trustee

Members Absent: M. Glotz, Village Trustee

Other Board Members Present: M. Mangin, Village Trustee
 M. Pannitto, Village Trustee

Staff Present: D. Niemeyer, Village Manager
 P. Carr, Assistant Village Manager
 S. Neubauer, Police Chief
 F. Reeder, Fire Chief
 P. Wallrich, Interim Community Development Director
 P. Hoban, Economic Development Manager
 S. Malmborg, Planner I
 K. Workowski, Public Works Director
 J. Urbanski, Assistant Public Works Director
 P. Connelly, Village Attorney
 L. Valley, Executive Assistant to the Manager & Trustees
 L. Godette, Deputy Village Clerk
 L. Carollo, Commission/Committee Secretary

Item #1 - The Special Meeting of the Public Works Committee Meeting was called to order at 7:21 p.m.

Item #2 – CONSIDER APPROVAL OF THE MINUTES OF THE SPECIAL MEETING OF THE PUBLIC WORKS MEETING HELD ON NOVEMBER 14, 2017 – Motion was made by Trustee Brady, seconded by Chairman Younker, to approve the minutes of the Special Meeting of the Public Works Committee held on November 14, 2017. Vote by voice call. Chairman Younker declared the motion carried.

Item #3 – DISCUSS REJECTING BIDS FOR THE POST FOUR (4) LIFT STATION - Lining of the wet well at Post four (4) Sanitary Lift Station is a routine maintenance item off of the 5-year lift station plan. Funding of \$100,006.10 is available in the approved Fiscal Year 2018 Budget. Sewer Rehab & Replacement Budget (Lift Station modify). Bids were received and publicly read on October 4, 2017. The bid results are as follows:

- GP Maintenance Services - \$193,000.00
- Airy's Inc. - \$234,000.00

- Tecorp - \$522,000.00

Engineer's Estimate \$100,000.00

K. Workowski, Public Works Director stated bids superseded available funds needed for this project mainly because of bypass pumping and the manpower needed for this project would be more expensive than previously anticipated. Staff recommends the Village reject all bids and staff direction in reviewing coating options, bypass pumping alternatives, and project scheduling to make this project more economical to be performed in the future.

Motion was made by Chairman Younker, seconded by Trustee Brady, to recommend rejecting bids for the post four (4) lift station. Vote by voice. Chairman Younker declared the motion carried.

Item #4 – DISCUSS FISCAL YEAR 2019 PAVEMENT MANAGEMENT PROGRAM

(PMP) STREET RESURFACING - Jennifer Prinz from Robinson Engineering presented an update for the Pavement Management Program (PMP) schedule, as discussed in October. A preliminary map of streets recommended to be covered under the Fiscal Year 2019 program was given to the Public Works Committee, which includes approximately 9 miles of streets to be resurfaced under the program, along with minor patching to be performed on other streets. As part of the program, striping on various Village streets will also be performed. Total funding needed for the estimated cost of the Fiscal Year 2019 PMP is \$2,700,000. The projected available funds from the various funding sources used in the past for the Fiscal Year 2019 PMP are: Motor Fuel Tax Fund, Local Roads Fund and Other Funds. A schedule for adoption of the Motor Fuel Tax (MFT) Resolution/Agreements, bidding schedule, award and construction was also provided, which will begin in early January. Ms. Prinz stated concurrence is needed from the Public Works Committee on the funding level as well as the accounts mentioned above in order to fund the program. Chairman Younker asked the Public Works Committee if there were any further questions or comments. No one came forward.

Item #5 – RECEIVE COMMENTS FROM THE PUBLIC - No comments from the public.

ADJOURNMENT

Motion was made by Chairman Younker, seconded by Trustee Brady, to adjourn this meeting of the Special Public Works Committee. Vote by voice call. Chairman Younker declared the motion carried and adjourned the meeting at 7:25 p.m.

re: 7955 Irrigation Maintenance 2017- Contract Renewal Recommendation

Dear Ms. Mulqueeny:

In April 2017 this project was advertised in accordance with state bidding laws, and we received two (2) sealed bids. Bids were opened and read publicly on Thursday, April 25, 2017, by the Deputy Village Clerk, with the Streets Superintendent present. The Village of Tinley Park 2017 Irrigation Maintenance project was awarded to **Aqua Mist Plumbing and Lawn Sprinkling Co., Inc. (Aquamist)** with a contract start date of May 1, 2017. The contract included renewal options for two additional years after year one. The first contract year will end in December 31, 2017. *site design group, ltd. (site)* understands through conversations with Public Works that Aquamist's performance was satisfactory in year one.

Extending the contract will assure irrigation maintenance services continue throughout the 2018 season at the prices provided in the contract.

In year one, the base bid amount for all Streets and Facilities irrigation systems was \$28,907.00. In year two, the bid included a 3% cost escalation, bringing the renewal contract amount for year two to \$29,774.21.

site recommends renewing the contract with Aquamist. This extension would be for the second of three possible years of the contract. The next extension option would be on December 31, 2018.

Sincerely,

*RE: Village of Tinley Park 2017 Irrigation Maintenance
- Contractor Recommendation*

Dear Kelly:

Upon thorough review of the two bids opened on April 25, 2017 for the 2017 Lawn Treatment project, we would like to recommend beginning contract negotiations with Aqua Mist Plumbing and Lawn Sprinkling Co., Inc. (Aquamist).

Upon review of the bid documents, Halloran and Yauch (H&Y) was the low bidder for all of the base maintenance work, although Aquamist generally had lower numbers for the repair items.

H&Y did not acknowledge the addendum as required in the bid documents, and they did not submit any cost escalation numbers as part of the bid. Aquamist completed all of the required bidding forms, submitted the appropriate bid security, and they have met all of the requirements outlined within the project manual. In addition.

My experience with H&Y is that they may be fit to do the work. The question is will they do the work and reports. It has been my experience with them on other projects, that they do not follow the drawings and specifications very well at all. Just like they didn't follow the bid directions in this case.

They can't seem to get projects punched out and finalized in a timely manner. We have a couple of projects with them right now and the punch list is very long and is over a year old on some projects and the only way they come back is to pressure the general contractor to get them back to the site so the client can wrap up the project. We had another project that it took them two years to finish the punch list. They say they do things on a punch list and we show up and they haven't done what they said they completed at all. So if you send them out to do something in your case who is going to watch over them to see if they actually did it or not. Your LaGrange Road is still not punched out with this contractor yet either.

I have one client that has begun to not allow them to bid any additional work, even if the next guy is higher. It is just not worth the aggravation for them. We are going to another project for the same client this week, that I know there will be numerous issues with the installation. One issue is that they were to provide daily logs and a daily field as-built log and turn that in with pay apps. H&Y sent me what they had and it is just their daily time sheets, which mean nothing to me or the client. So in short, they did not complete the paperwork as they were supposed to and now the system is in and the client is out a very important part of the as-built that he paid for but never will get. These reports were even brought up in a preconstruction meeting and they understood that they had to do them, but didn't.

So from experiencing their work and track record of documentation and paperwork, or the lack of it, I would not recommend H&Y at this time.

Please let us know if you have any questions or concerns.

Sincerely,

Dan Feick, PLA

re: **Village of Tinley Park 2018 Landscape Maintenance - Contractor Recommendation**

Dear Kelly:

Upon thorough review of the two bids opened on December 28, 2017 for the 2018 Landscape Maintenance project, we would like to recommend beginning contract negotiations with the low bidders **Beverly Environmental** (Beverly), and **Beary Landscape Management** (Beary).

The 2018 Landscape Maintenance work was bid out in 4 separate quadrants. Upon review of the bid documents, Beverly was the low bidder for quadrants 1-3 and Beary was the low bidder for quadrant 4.

Beverly and Beary have completed all of the required bidding forms, submitted the appropriate bid security, and they have met all of the requirements outlined within the project manual. In addition, Beverly and Beary have successfully worked with the Village doing landscape maintenance work in the past.

Dear Kelly:

Upon thorough review of the three bids opened on December 28, 2017 for the 2018 Lawn Treatment project, we would like to recommend beginning contract negotiations with the low bidder **TruGreen**.

Upon review of the bid documents, TruGreen was the low bidder for the combined total of Treatment Programs 1 and 2. TruGreen was consistent and did not increase prices throughout the three possible contract year options 2018-2020.

TruGreen has completed all of the required bidding forms, submitted the appropriate bid security, and they have met all of the requirements outlined within the project manual. In addition, TruGreen has successfully worked with the Village in the past on similar treatment projects.

**A PRELIMINARY ENGINEERING AGREEMENT WITH ROBINSON ENGINEERING FOR
SERVICES RELATED TO THE
FY2019 PAVEMENT MANAGEMENT PROGRAM**

Local Agency Village of Tinley Park
Section Number 18-00000-00-GM

The services to be performed by the consulting engineer, pertaining to the various items of work included in the estimated cost of maintenance operations (BLR 14231 or BLR 14221), shall consist of the following:

PRELIMINARY ENGINEERING shall include:

Investigation of the condition of the streets or highways for determination (in consultation with the local highway authority) of the maintenance operations to be included in the maintenance program: preparation of the maintenance resolution, maintenance estimate of cost and, if applicable, proposal; attendance at meetings of the governing body as may reasonably be required; attendance at public letting; preparation of the contract and/or acceptance of BLR 12330 form. The maintenance expenditure statement must be submitted to IDOT within 3 months of the end of the maintenance period.

ENGINEERING INSPECTION shall include:

Furnishing the engineering field inspection, including preparation of payment estimate for contract, material proposal and/or deliver and install proposal and/or checking material invoices of those maintenance operations requiring engineering field inspection, as opposed to those routine maintenance operations as described in Chapter 14-2.04 of BLRS Manual, which may or may not require engineering inspection.

For furnishing preliminary engineering, the engineer will be paid a base fee PLUS a negotiated fee percentage. For furnishing engineering inspection the engineer will be paid a negotiated fee percentage. The negotiated preliminary engineering fee percentage for each group shown in the "Schedule of Fees" shall be applied to the total estimated costs of that group. The negotiated fee for engineering inspection for each group shall be applied to the total final cost of that group for the items which required engineering inspection. In no case shall this be construed to include supervision of contractor operations.

Subject: Scott Court Erosion Issue

For a number of years the Village and Park District have been dealing with a resident issue at 6300 Scott Court. The property has been slowly eroding into the creek(see pictures). Part of the property includes Park District property.

We have been working with the resident and the Park District on a potential solution. While the Village technically does not have a legal liability issue, we believe it is in our best interest to mutually resolve this issue with the Park District and the homeowner.

Attached is a quote put together by Christopher Burke that the Village paid for. We have also used Village labor in the past to do work on the site including installing a sidewalk paid for by the Park District. The cost estimate is \$26,988.50, though we believe this can be done for less. Director Roby and I met with the resident today and we believe she will contribute at least a couple thousand dollars towards the project.

The Park District will be discussing this at their meeting Wednesday. I would like feedback from the Public Works Committee regarding whether the Village is willing to contribute funds towards this project.
