RESOLUTION NO. 2021-R-009**A RESOLUTION SUPPORTING LAW ENFORCEMENT AGENCIES AND THEIR LEADERS, OFFICERS, AND DEPUTIES WHO SERVE OUR COMMUNITIES**

WHEREAS, Law enforcement is a necessary and vital function of our government at all levels. Police departments enforce the laws enacted by the Legislature to ensure public safety, protect the health and possessions of our citizens, and to prevent crime and civil disorder; and

WHEREAS, Tinley Park law enforcement officers are highly-trained and courageous individuals working in dangerous situations to protect the residents of Tinley Park; and

WHEREAS, the Tinley Park Village President and Village Board supports the efforts, best practices, and beneficial policy changes that have been put forth and adopted by the Tinley Park Police Department, and all other partnering law enforcement agencies serving the citizens of Tinley Park while working to improve public safety and while continuing to reduce overall crime; and

WHEREAS, the duty of law enforcement is to enforce the law equally and in a fair and just manner without partiality, prejudice, or discrimination; and

WHEREAS, the egregious misconduct and bias of some law enforcement officers demonstrates the need for reform, but efforts to defund or abolish local police departments gives credence to the incorrect notion that law enforcement generally is harmful to local communities, rather than a cornerstone of a safe and prosperous society; and

WHEREAS, the Tinley Park Village President and Village Board supports the continual efforts of our law enforcement agencies as they strive toward best practices and policy changes that lead to increased equity, transparency, and mutual trust; and

WHEREAS, Defunding or abolishing local police departments will burden remaining departments that may be called upon to provide assistance within municipalities that no longer have the resources to respond to emergency calls. Lack of policing resources will put citizens at risk, creating chaos and disorder; and

WHEREAS, efforts to delegitimize through harassment, insults, threats, and violence are not compatible with support of the profession of law enforcement and the men and women who take an oath of office to protect and serve the citizens of Tinley Park and to improve the institution of law enforcement; and

WHEREAS, during an unprecedented overnight session on Wednesday, January 13, the Illinois Senate voted to approve House Bill 3653, a 764-page document, after just an hour of time allocated to lawmakers for review. Soon thereafter, the Illinois House also voted to pass the legislation, and

WHEREAS, while the legislation is being touted as a necessary change that protects citizens treated unfairly in the justice system, many law enforcement professionals view it as an overreach, making law enforcement more difficult while actually diminishing public safety; and

WHEREAS, House Bill 3653 empowers criminals while tying the hands of police officers. Additionally, the new legislation requires added mandates placed upon law enforcement without allocating any revenues to fund them; and

WHEREAS, following the Illinois Senate's morning vote, the Illinois Law Enforcement Coalition, a collection of police unions and organizations representing police chiefs and county sheriffs, said in a statement that "In the dark of night Illinois legislators made Illinois less safe;" and

WHEREAS, the absence of law enforcement personnel in our communities could affect the state's economy, discouraging businesses from locating here and out-of-state residents from visiting. An increase in crime would affect every Illinois resident's quality of life.

NOW, THEREFORE, BE IT RESOLVED by the President and Board Of Trustees of the Village Of Tinley Park, Cook And Will Counties, Illinois, state as follows:

SECTION 1: The foregoing recitals shall be and are hereby incorporated as findings of fact as if said recitals were fully set forth herein.

SECTION 2: Any policy, resolution, or ordinance of the Village that conflicts with the provisions of this Resolution shall be and is hereby repealed to the extent of such conflict.

SECTION 3: That the Village Clerk is hereby ordered and directed to publish this Resolution in pamphlet form, and this Resolution shall be in full force and effect from and after its passage, approval, and publication as required by law.

ORDER

This matter coming to be heard before the Duly Appointed Hearing Officer for the Village of Tinley Park (the “Village”) on a revocation hearing regarding INTIMO, LLC’s (“Licensee”) business license under Village ordinances, all parties being present and represented by counsel, and the Hearing Officer being duly advised, it is hereby ordered:

1. The Hearing Officer makes the following findings of fact:

The Village presented, Hannah Lipman, as their corporate representative, who testified as to multiple calls for service to the Licensee’s business, Intimo, for a period primarily involving the past six (6) months. This testimony included introduction of police and liquor incident reports and discussion of several incidents beginning in August 2020 ranging from alleged battery at the location of the Licensee’s business, to shots fired, to noise complaints and other disturbances, as specifically dated in the charges initiating this action. This testimony further included introduction of electronic mail correspondence from Intimo’s owner acknowledging certain incidents at Intimo as further detailed therein. Also, through her testimony the Village presented video evidence of gun shots being fired into the Licensee’s establishment.

Ms. Lipman was not impeached on cross-examination as to any portion of her testimony. Further, the Licensee offered no witnesses and presented no evidence to rebut any of the charges herein.

2. The Hearing Officer reaches the following conclusions:

Based on the Ordinances of the Village, codified in relevant part at Sections 98.01 and 112, I find that the Village has met its burden to show that the charged events that occurred on August 2, 2020, September 7, 2020, September 11, 2020, September 12, 2020, September 13, 2020, September 18, 2020, September 27, 2020, December 27, 2020, January 17, 2021, and January 21, 2021 warrant revocation of Intimo's business license. In reaching that conclusion, I only considered testimony related to charges presented to me. I find that the Licensee did then and there permit and maintain the existence of actions that contributed to disturbing the peace and quiet for persons residing in the neighborhood, on or directly in front of Intimo's property under Intimo's control, and in so doing endangered the health and safety of the public. I made that finding based on the testimony presented by the Village and contained in the exhibits that were presented into evidence.

Specifically, the evidence demonstrates an escalation of such activities and a clear inability to operate the business in accordance with Village Ordinances such that the health, safety, and welfare of the public is not endangered. This danger particularly manifested itself during the shooting at the establishment as was demonstrated at the hearing through video evidence of that shooting. Further, Intimo presented no defense to the allegations against it and did not offer any mitigating facts against the revocation of its business license. Although, Intimo offered many objections to the admissibility of

certain documents into the record. Those objections were all overruled because those records were admissible at an administrative hearing. Pursuant to the unrebutted nature of the facts herein, the Village business license issued to **INTIMO, LLC.**, located at **7068 W. 183rd Street**, Tinley Park, Illinois, is hereby REVOKED.

WHEREAS, Section 6(a) of Article VII of the 1970 Constitution of the State of Illinois provides that any municipality which has a population of more than 25,000 is a home rule unit, and the Village of Tinley Park, Cook and Will Counties, Illinois, with a population in excess of 25,000 is, therefore, a home rule unit and, pursuant to the provisions of said Section 6(a) of Article VII, may exercise any power and perform any function pertaining to its government and affairs, including, but not limited to, the power to tax and to incur debt; and

WHEREAS, a petition for the granting of a Special Use for a substantial deviation from the North Creek Business Park Planned Unit Development to allow a second menu board accessory to a drive-thru use for Do-Rite Donuts & Chicken inside of the Gas N Wash property located at 7451 183rd Street, Tinley Park, Illinois 60477 (“Subject Property”) has been filed by Leonard McEnery, on behalf of Lenny’s Food N Fuel 183rd Street, LLC (“Petitioner”) with the Village Clerk of this Village and has been referred to the Plan Commission of the Village and has been processed in accordance with the Tinley Park Zoning Ordinance; and

WHEREAS, said Plan Commission held a public hearing on the question of whether the Special Use Permit should be granted on January 21, 2021, at the Village Hall of this Village of Tinley Park (“Village”), and by teleconference per Gubernatorial Executive Order 2020-18 and the “Village of Tinley Park Temporary Public Participation Rules & Procedures”, at which time all persons were afforded an opportunity to be heard; and

WHEREAS, the Plan Commission voted 5-1 and has filed its report of findings and recommendations regarding the Special Use for a Substantial Deviation with this Village President and Board of Trustees, and this Board of Trustees has duly considered said report, findings, and recommendations; and

WHEREAS, the Corporate Authorities of the Village of Tinley Park, Cook and Will Counties, Illinois, have determined that it is in the best interest of the Village of Tinley Park and its residents to approve said Special Use for a Substantial Deviation; and

NOW, THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF TINLEY PARK, COOK AND WILL COUNTIES, ILLINOIS, STATE AS FOLLOWS:

SECTION 1: The foregoing recitals shall be and are hereby incorporated as findings of facts as if said recitals were fully set forth herein.

SECTION 2: That the report of findings and recommendations of the Plan Commission are herein incorporated by reference as the findings of this President and the Board of Trustees, as complete as if fully set forth herein at length. This Board finds that the Petitioner has provided evidence establishing that they have met the standards for granting the Special Use Permit for a Substantial Deviation set forth in Section VII.B.6 and Section X.J.5 of the Zoning Ordinance, and the proposed granting of the Special Use Permit as set forth herein is in the public good and in the best interest of the Village and its residents and is consistent with and fosters the purpose and spirit of the Tinley Park Zoning Ordinance.

X.J.5. Standards: No Special Use shall be recommended by the Plan Commission unless said Commission shall find:

- a. That the establishment, maintenance, or operation of the Special Use will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare;
 - *The proposed additional sign is minimized in size and visible only to traffic in the drive-thru line. The sign helps to expedite drive-thru ordering times and brings efficiency to the drive-thru.*
- b. That the Special Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood;
 - *The proposed sign is minimal in size and visibility to surrounding properties. The sign is most proximate to a detention pond and all other properties around the site are commercial developments.*
- c. That the establishment of the Special Use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district;
 - *The majority of the property within this area is already developed or approved to be developed for commercial purposes. Landscape buffers and cross-access has been supplied to surrounding properties, where possible.*
- d. That adequate utilities, access roads, drainage, and/or other necessary facilities have been or are being provided;
 - *The plans were previously approved and constructed to accommodate the Gas N Wash site and drive-thru use. The sign will not require additional public utilities or effect drainage.*
- e. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets; and

- *The proposed site plans specifically included the use of the drive-thru lane and the additional menu board will not change the function of that lane.*
- f. That the Special Use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the Village Board pursuant to the recommendation of the Plan Commission. The Village Board shall impose such conditions and restrictions upon the premises benefited by a Special Use Permit as may be necessary to ensure compliance with the above standards, to reduce or minimize the effect of such permit upon other properties in the neighborhood, and to better carry out the general intent of this Ordinance. Failure to comply with such conditions or restrictions shall constitute a violation of this Ordinance.
- *The Special Use conforms to all other applicable regulations of the Planned Unit Development and the Village's ordinances and codes. Exceptions to the signage are specific to the unique layout and characteristics of this property and use.*
- g. The extent to which the Special Use contributes directly or indirectly to the economic development of the community as a whole.
- *The proposed sign will help order times that can affect customer satisfaction and overall weight times, thus the additional preview menu board will assist in the success of a new restaurant.*

SECTION 3: The Special Use Permit for a Substantial Deviation set forth herein below shall be applicable to the following described property:

LEGAL DESCRIPTION: LOTS 1 & 2 IN NORTH CREEK FOOD N FUEL SUBDIVISION, BEING A SUBDIVISION OF PART OF THE NORTHEAST QUARTER OF SECTION 1, TOWNSHIP 35 NORTH, RANGE 12 EAST OF THE THIRD PRINCIPAL MERIDIAN, IN WILL COUNTY, ILLINOIS.

COMMONLY KNOWN AS: 7451 183rd Street, Tinley Park, Illinois

1. **SECTION 4:** That a Special Use Permit for a Substantial Deviation, as defined in Zoning Ordinance Section VII.B.6., from the approved North Creek Business Park Planned Unit Development at certain property described in the above section, with an exception to allow an accessory sign that is 6 ft. tall and 11.25 sq. ft. in size at 7451 183rd Street in the ORI PD zoning district, in accordance with the plans submitted and listed herein.

EXECUTIVE SUMMARY

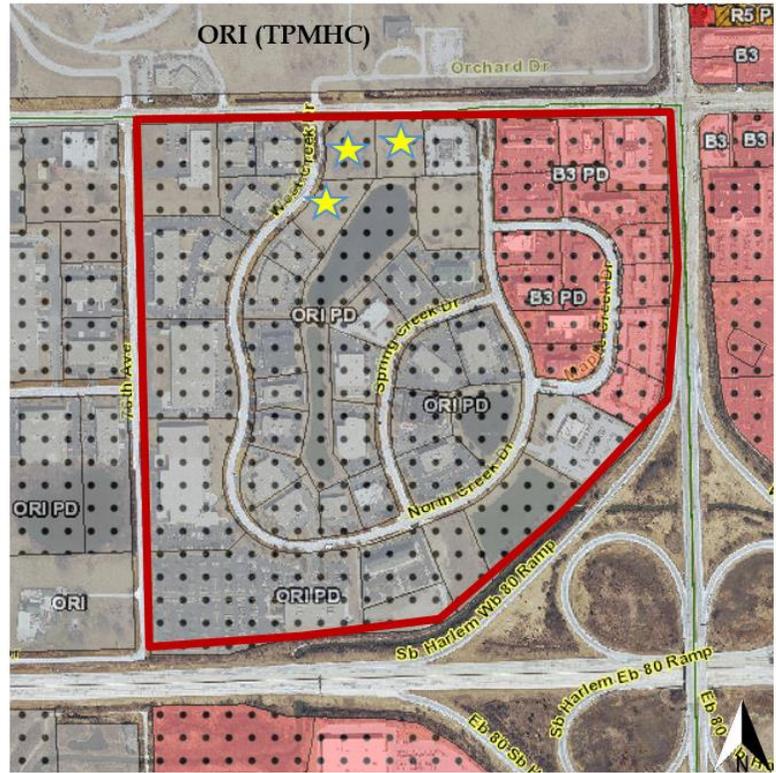

The Petitioner, Leonard McEnergy, on behalf of Lenny's Food N Fuel 183rd Street LLC (Property Owner), is seeking a Special Use Permit for a Substantial Deviation with Exceptions for an additional menu board sign associated with the new business Do-Rite Donuts & Chicken which is located inside the newly constructed Gas N Wash location at 7451 183rd Street.

As the overall site was under construction, the property owner finalized a lease with Do-Rite Donuts & Chicken rather than Dunkin Donuts and another tenant as originally proposed. Due to the tenant changes and quick timing of opening, the Petitioner had forgot to apply for permits for drive-thru sign changes. Upon submittal of building permits for the drive-thru and directional signage, staff noted a number of deficiencies in the signage that did not comply with the Zoning Ordinance. While most issues were resolved prior to opening, the remaining issue is the installation of a second drive-thru sign (preview menu board), which requires a Substantial Deviation per Village Code.

Preview menu boards have become standard practice for many drive-thru restaurants who use it to advertise specials or rotating food options before an order is placed. Currently Do-Rite utilizes the pre-order board to indicate which donut types are available, which helps to accelerate ordering times at the main menu. Previous approvals of similar preview menu boards include both McDonald's locations, Wendy's, Steak N' Shake, Panera Bread, and Burger King. The preview menu board signs are usually substantially smaller than the primary menu board and only visible to vehicles waiting in the drive-thru lane, thus they do not add visual sign clutter to the site.

EXISTING SITE, HISTORY & ZONING

The subject property, 7451 183rd Street, is located at the southeast corner of West Creek Avenue and 183rd Street. The restaurant is located in the Gas N Wash property approved in December 2019 and constructed in 2020. The Gas N Wash convenience store and Do-Rite location opened for business on December 18, 2020. The original plan was for a Dunkin Donuts and a second food tenant to be located at the site, however the owner elected to lease the two spaces to Do-Rite Donuts and Chicken instead. The car wash portion of the project is currently under construction and will open in spring 2021. The property is zoned ORI (Office & Restricted Industrial) and located in the North Creek Business Park Planned Unit Development (PUD).

Above: Zoning Map around subject property (indicated with stars) in the North Creek Business Park PUD (outlined in Red).

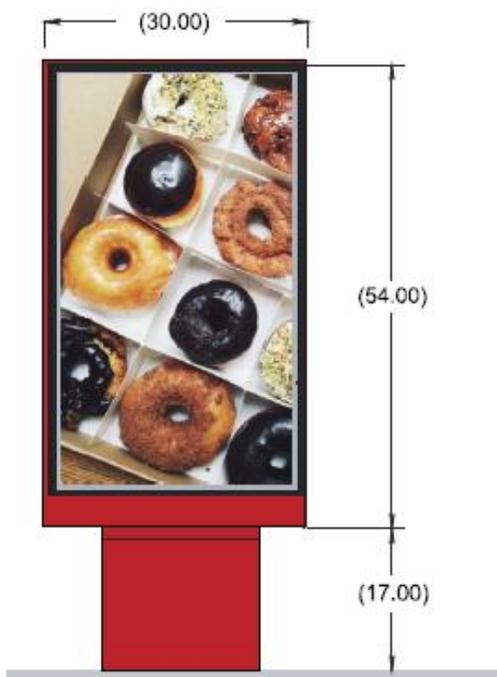

SUBSTANTIAL DEVIATION FOR ACCESSORY DRIVE-THRU SIGNAGE

The Zoning Ordinance permits certain accessory signs on commercial properties with an approved drive-thru per section IX.L.3. (Signs Accessory to Drive-Thru Uses). Specifically, it permits a maximum of one menu board when accessory to a drive thru to advertise products and services offered on-site. The maximum height of the sign is 7 ft. and maximum size is 45 sq. ft. and must be landscaped. The location of drive-thru signage is also important in regards to stacking of vehicles for the drive-thru and site circulation; this is typically reviewed as part of the site plan approval. The proposal will permit a second "preview" menu board accessory to a drive-thru as shown in the attached proposal and as was constructed. The size and height are within the code requirements for a menu board sign but it will be limited to 6 ft. height and 11.25 sq. ft. in size as they have proposed (compared to 45 sq. ft. and 7ft. max permitted). No other changes to the drive-thru and directional signs are proposed.

Second "preview" menu boards at drive-thru lanes have become common practice as way to advertise rotating menu options, deals, or specials to those waiting in the order que. These signs are typically much smaller in size than the main menu board. Previous and recent approvals of the similar pre-order menu boards were approved at both McDonald's locations, Wendy's, Steak N' Shake, Panera Bread, and Burger King.

The Petitioner is requesting a Special Use Permit for a Substantial Deviation for an Exception from Zoning Ordinance section IX.L.3.a. to permit a second menu-board sign. Deviations from Village's Zoning Ordinance are considered Exceptions rather than Variations when located within a PUD and do not require the standard Findings of Fact, as required with a Variation. Alternatively, Exceptions are looked at in terms of their conformance to their overall PUD's design and goals.

STANDARDS FOR A SPECIAL USE

Section X.J.5. of the Zoning Ordinance lists standards that need to be considered by the Plan Commission. The Plan Commission is encouraged to consider these standards (listed below) when analyzing a Special Use request. Staff's draft Findings of Fact are provided below for the Commission's review and approval.

X.J.5. Standards: No Special Use shall be recommended by the Plan Commission unless said Commission shall find:

- a. That the establishment, maintenance, or operation of the Special Use will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare;
 - *The proposed additional sign is minimized in size and visible only to traffic in the drive-thru line. The sign helps to expedite drive-thru ordering times and brings efficiency to the drive-thru.*
- b. That the Special Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood;
 - *The proposed sign is minimal in size and visibility to surrounding properties. The sign is most proximate to a detention pond and all other properties around the site are commercial developments.*
- c. That the establishment of the Special Use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district;
 - *The majority of the property within this area is already developed or approved to be developed for commercial purposes. Landscape buffers and cross-access has been supplied to surrounding properties, where possible.*
- d. That adequate utilities, access roads, drainage, and/or other necessary facilities have been or are being provided;
 - *The plans were previously approved and constructed to accommodate the Gas N Wash site and drive-thru use. The sign will not require additional public utilities or effect drainage.*
- e. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets; and
 - *The proposed site plans specifically included the use of the drive-thru lane and the additional menu board will not change the function of that lane.*
- f. That the Special Use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the Village Board pursuant to the recommendation of the Plan Commission. The Village Board shall impose such conditions and restrictions upon the premises benefited by a Special Use Permit as may be necessary to ensure compliance with the above standards, to reduce or minimize the effect of such permit upon other properties in the neighborhood, and to better carry out the general intent of this Ordinance. Failure to comply with such conditions or restrictions shall constitute a violation of this Ordinance.
 - *The Special Use conforms to all other applicable regulations of the Planned Unit Development and the Village's ordinances and codes. Exceptions to the signage are specific to the unique layout and characteristics of this property and use.*
- g. The extent to which the Special Use contributes directly or indirectly to the economic development of the community as a whole.
 - *The proposed sign will help order times that can affect customer satisfaction and overall weight times, thus the additional preview menu board will assist in the success of a new restaurant.*

MOTION TO CONSIDER

If the Plan Commission wishes to make a motion, the following motion is written in the affirmative for the Commission's consideration:

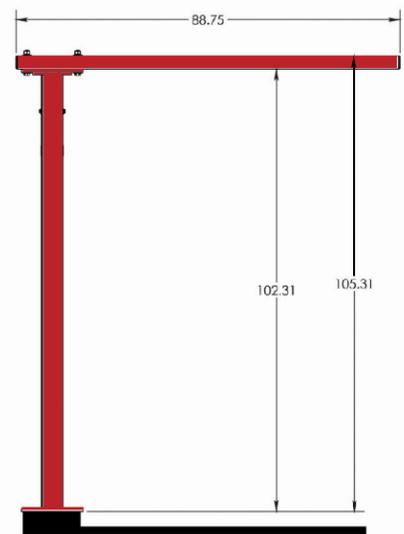

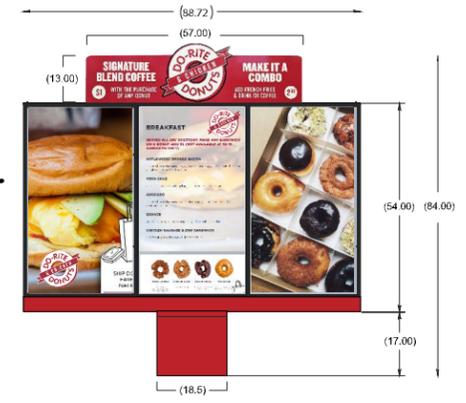

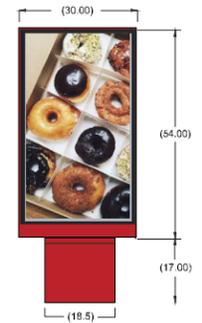

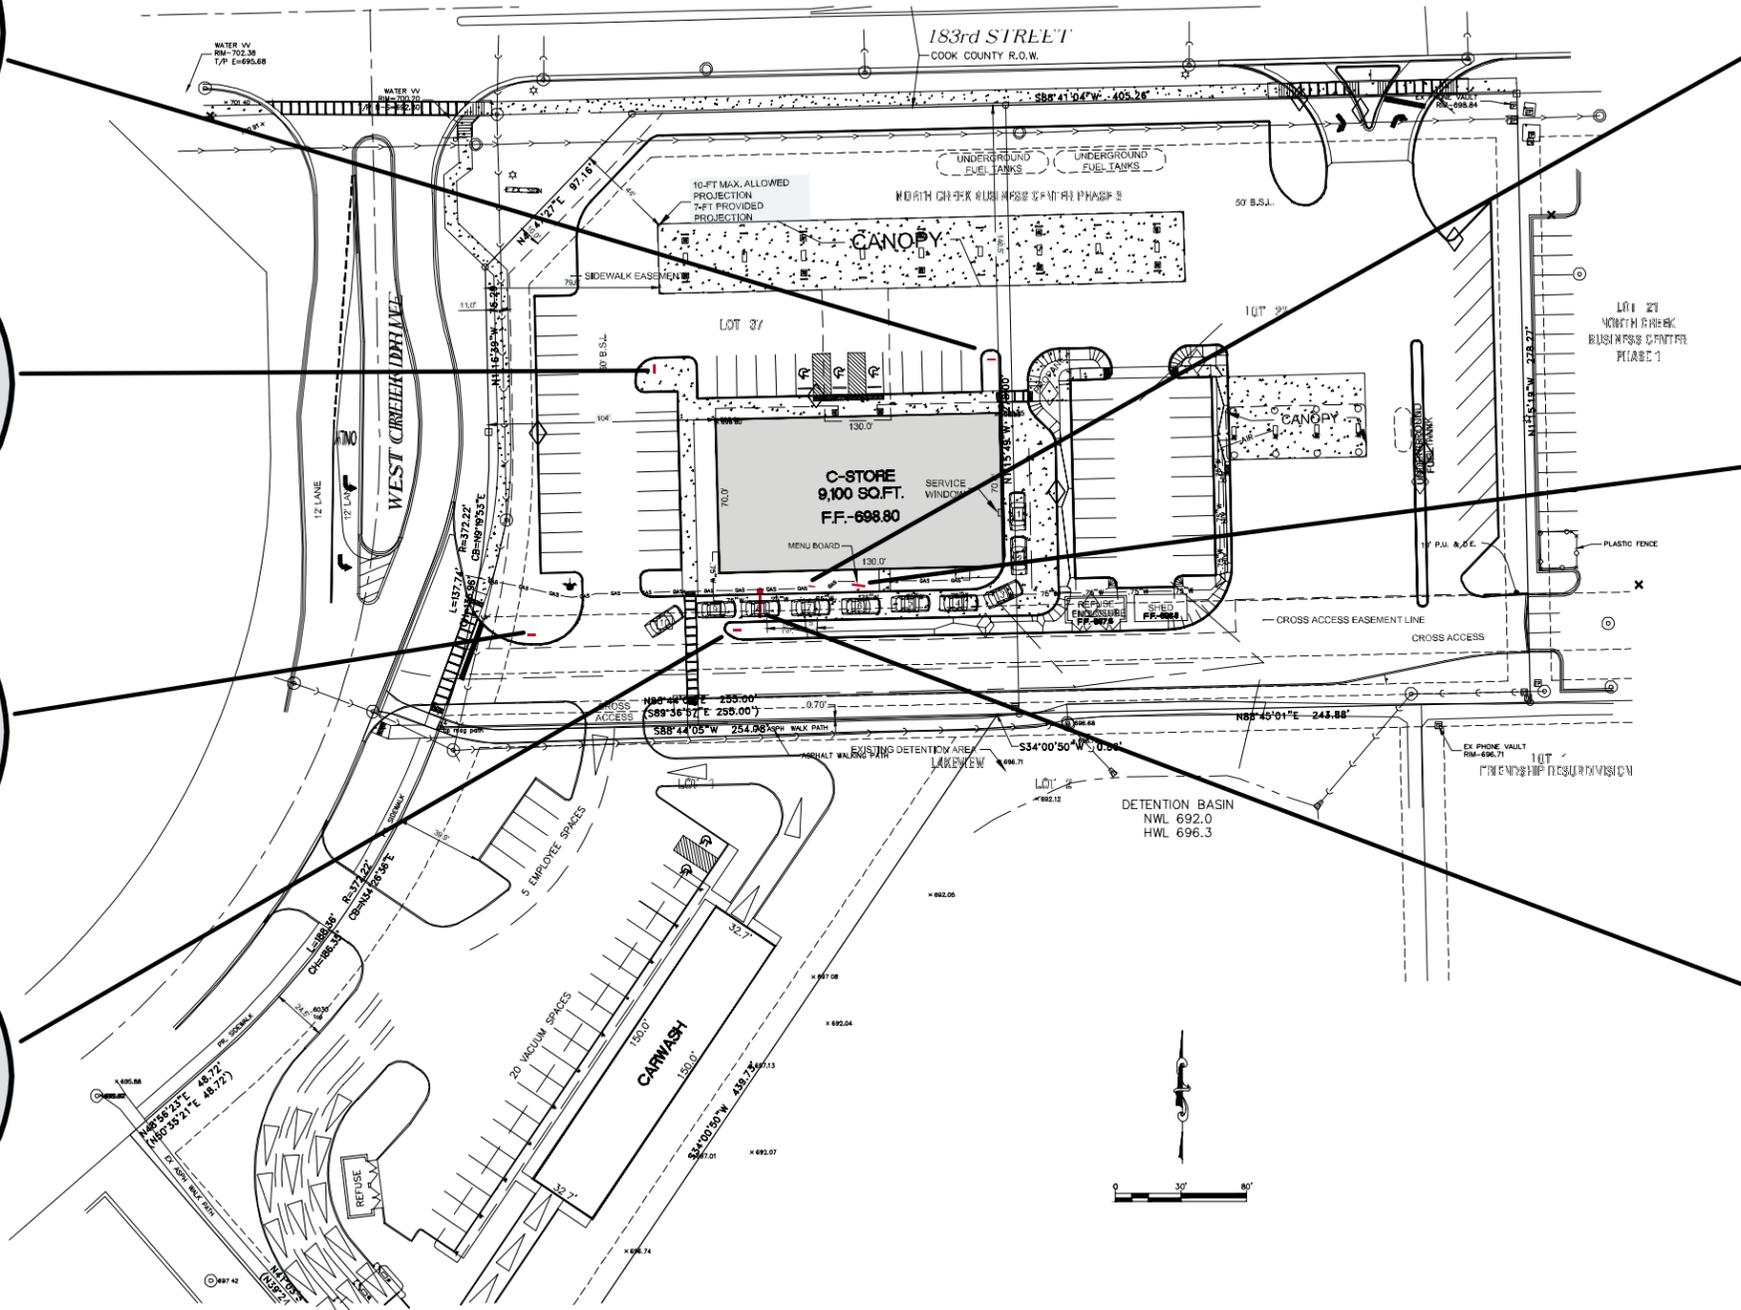

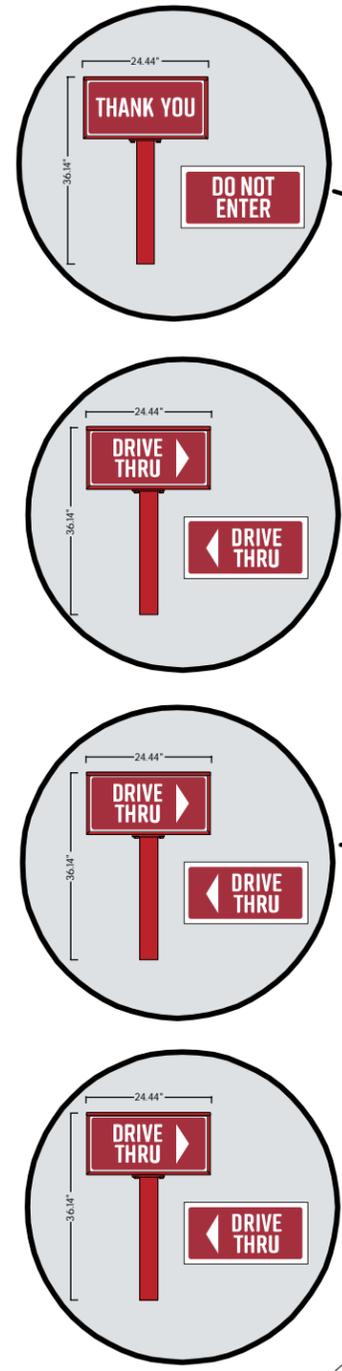

"...make a motion to recommend that the Village Board grant the Petitioner a Special Use Permit for a Substantial Deviation from the North Creek Business Park PUD with an Exception from the Zoning Ordinance for a second menu board accessory to a drive-thru that is 6 ft. tall and 11.25 sq. ft. in size at 7451 183rd Street in the ORI PD zoning district, in accordance with the plans submitted and listed herein and adopt Findings of Fact as proposed by Village Staff in the January 21, 2021 Staff Report."

Dan Ritter, Senior Planner, presented the Staff Report. He noted that the Staff Report has been distributed to the Plan Commission, the Applicant and is posted on the website in its entirety. The staff report is attached to these minutes and made a part of the meeting record.

CHAIRMAN GRAY asked for comments from the Commissioners.

COMMISSIONER MANI inquired if the signs were installed prior to the permit.

Mr. Ritter replied that they received permits for some signs but this one was installed in error. The sign company has been up front about it and admitted this was a mistake on their part. They thought there was a permit for the signs but there was not. This was partially due to the change in the tenant (Dunkin to Do-Rite) and the rapid buildout timeline. Staff usually recommends viewing requests when the work has been done as if wasn't already completed. Essentially, determining if it meets or doesn't meet the required standards shouldn't change whether it was installed without approval or not. From a legal stand point this is how you should view it and provide your recommendation to Village

COMMISSIONER MANI inquired about what the other issues were.

Mr. Ritter replied there were directional signs that had logos on them. They corrected it and took the logos off prior to opening as well as applied for the permit. The header on the main menu board was too large and they also resolved that. The only thing left is the one menu board that was installed without a permit. Permit fees are doubled for any work completed without a permit in the Village as a penalty and that will be done here.

COMMISSIONER MANI inquired if those other signs were installed prior to the permit. Everyone should be following protocol.

Mr. Ritter replied that the signs were installed prior to the permit and agree that everyone should be getting permits prior to completing work. These few signs were missed with the permits they had for the other signs. The sign company has been upfront that they had missed this due to everything with the new tenant buildout and opening date happening very fast.

COMMISSIONER GRAY noted he agreed with staff that the sign code should be revisited in the future if it is something that has become somewhat common practice to approve. He also agreed with Commissioner Mani that everyone should follow protocol.

CHAIRMAN GRAY asked for comments from the Applicant.

Mr. Van Bruggen noted that Mr. Ritter's report was summarized very well. He did overlook the sign permit and he apologized for this and is here to correct it.

CHAIRMAN GRAY asked for a motion to open the public hearing.

A Motion was made by COMMISSIONER MANI, seconded by COMMISSIONER GASKILL to open the public hearing.

AYE: COMMISSIONERS GASKILL, AITCHISON, MANI, LOSCUITO, ENGEL and CHAIRMAN GRAY.

NAY: None.

CHAIRMAN GRAY declared the Motion approved by voice vote.

CHAIRMAN GRAY noted he had confirmation of the legal notice for this public hearing being published in the local newspaper as required by state law. Anyone wishing to speak on this matter will be sworn in before they speak after staff's presentation. Staff, please proceed with your presentation.

Mr. Ritter noted there was nothing further to add from the workshop.

CHAIRMAN GRAY asked for comments from the Commissioners. There was none.

CHAIRMAN GRAY asked the applicants for comments. There was none.

CHAIRMAN GRAY asked for public comment. There was none.

A Motion was made by COMMISSIONER LOSCUITO, seconded by COMMISSIONER AITCHISON to close the public hearing.

AYE: COMMISSIONERS GASKILL, AITCHISON, MANI, ENGEL, LOSCUITO and CHAIRMAN GRAY.

NAY: None.

CHAIRMAN GRAY declared the Motion approved by voice vote.

Mr. Ritter reviewed the Standards for a Special Use.

A Motion was made by COMMISSIONER ENGEL, seconded by COMMISSIONER MANI to grant the Petitioner a Special Use Permit for a Substantial Deviation from the North Creek Business Park PUD with an Exception from the Zoning Ordinance for a second menu board accessory to a drive-thru that is 6 ft. tall and 11.25 sq. ft. in size at 7451 183rd Street in the ORI PD zoning district, in accordance with the plans submitted and listed herein and adopt Findings of Fact as proposed by Village Staff in the January 21, 2021 Staff Report."

EXECUTIVE SUMMARY

The Petitioner, Patricia Reed, on behalf of Kid's Station Inc (tenant/lessee), is seeking approval of a Special Use Permit for a child care center at 7777 159th Street in the B-3 (General Business & Commercial) zoning district.

The Petitioner currently operates a state-licensed daycare facility at 9453 Enterprise Drive in Mokena and is looking to expand with a second location in Tinley Park. They are proposing to lease the location formally occupied by Dreamland Academy, who operated a child care facility at the subject property since 2015 and relocated to a different location in 2020. The subject site has an existing fenced outdoor play area installed in 2015 that will remain and no major changes to the site are proposed. There is adequate parking on the site for the three tenants (daycare, orthodontics, and insurance agent) with no complaints received about the previous daycare tenant. Employees tend to park at the rear of the property, allowing the side and front parking for visitors of the businesses. The property owner has committed to repaving and restriping the parking lot in the next year.

Kids Station Inc. plans to operate a child care facility very similar to the former Dreamland Academy in regards to occupancy and hours of operation. The Illinois Department of Children and Family Services (DCFS) previously approved the site but will need to reapprove the new facility prior to opening with a new operator.

- Hours of Operation: 6:30am – 6:00pm (Monday – Friday)
- Maximum Number of Employees: 7
- Number of Children: ~36 (pending DCFS approval)
- Ages of Children: 1 – 5 years old

Senior Planner

EXISTING SITE & HISTORY

The property consists of two parcels, a smaller parcel containing the rear parking lot (PIN 27-24-101-024-0000) and a larger parcel containing the building, grass area, outdoor play area, side parking lot, and front parking lot and entrance (PIN 27-24-101-003-0000). The existing site has an approximately 5,400 square foot building that is divided into three tenant spaces. The two existing tenants are an orthodontist and an insurance company.

The site currently has 58 parking stalls and two accessible parking stalls for a total of 60 parking stalls. The parking lot surrounds the building on the north, east, and south sides. The subject site was first approved for a daycare in 2015 by Dreamland Academy. With that initial daycare occupancy, a number of items were corrected/upgraded on the site including:

- Parking lot patching/restriping.
- Landscape improvements.
- Outdoor play area with a fence installed in grass area.
- Installed a new privacy fence along rear property line adjacent to residential (replacing a chain-link fence.)
- Recorded a public sidewalk easement agreement.
- Recorded a cross-access easement to the Castle Plaza shopping center to the east.

ZONING & NEARBY LAND USES

The zoning of the site at 7777 159th Street is B-3 (General Business and Commercial). According to the Village of Tinley Park Zoning Ordinance, the B-3 Zoning District is “designed to accommodate a wide range of specialized commercial uses...” and daycare centers are only permitted by Special Use Permits in R-6, R-7, B-2, B-3, and B-4 zoning districts. Typical concerns of daycare facilities include outdoor play area locations, noise, child drop-off/pickup location, circulation/stacking, and overall site appearance.

Nearby land uses include other properties zoned B-3 along 159th Street such as The Great Escape to the west and Castle Dental/Shopping Center to the east. To the south is multi-family and attached single-family residential uses in the Ashford Manor subdivision zoned R-5 (Low-Density Residential). The Village of Orland Park is on the north side of 159th Street and nearby land uses include a restaurant, a funeral home, and auto repair. There are not any conflicting uses nearby such as tobacco stores or liquor stores, which require a minimum 100-foot separation from daycares and other similar uses.

STANDARDS FOR A SPECIAL USE

Section X.J.5. of the Zoning Ordinance lists standards that need to be considered by the Plan Commission. The Plan Commission is encouraged to consider these standards (listed below) when analyzing a Special Use request. Staff has provided the following draft Findings of Fact. These draft findings may be amended as the Plan Commission feels fit prior to supplying a recommendation to the Village Board.

X.J.5. Standards: No Special Use shall be recommended by the Plan Commission unless said Commission shall find:

- a. That the establishment, maintenance, or operation of the Special Use will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare;
 - ***The facility will be state-licensed and meet all building and fire code requirements for a child care facility.***
- b. That the Special Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood;
 - ***The daycare is a relatively low-intensity use with operating hours limited to weekdays. The property has operated as a child care facility since 2015 without any known issues. There is adequate parking and site space for the facility on the property.***
- c. That the establishment of the Special Use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district;
 - ***The property was approved and has operated as a daycare since 2015; the new daycare will operate with similar hours and capacity limits. All neighboring properties have previously been developed.***
- d. That adequate utilities, access roads, drainage, and/or other necessary facilities have been or are being provided;
 - ***The site was previously developed and has adequate existing utilities, access roads, and drainage.***
- e. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets; and
 - ***There is adequate parking for pick-up and drop-off of children in the existing front parking lot. The drop-off and pick-ups are proposed to be managed to avoid any parking issues or rushes of parents coming at the same time.***
- f. That the Special Use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the Village Board pursuant to the recommendation of the Plan Commission. The Village Board shall impose such conditions and restrictions upon the premises benefited by a Special Use Permit as may be necessary to ensure compliance with the above standards, to reduce or minimize the effect of such permit upon other properties in the neighborhood, and to better carry out the general intent of this Ordinance. Failure to comply with such conditions or restrictions shall constitute a violation of this Ordinance.
 - ***The business and property will otherwise conform to zoning, building, and fire codes. The facility will be licensed and inspected by the state regularly for compliance as a child care center.***
- g. The extent to which the Special Use contributes directly or indirectly to the economic development of the community as a whole.

- ***The property was developed to be a child care facility in 2015 and the use will allow it to continue to operate as one. Child care facilities provide employment themselves as well as a needed service for both residents and workers in the area.***

It is also important to recognize that a Special Use Permit does not run with the land and instead the Special Use Permit is tied to the Petitioner. This is different from a process such as a Variation, since a variance will forever apply to the property to which it is granted. Staff encourages the Plan Commission to refer to Section X.J.6. to examine the conditions where a Special Use Permit will expire.

MOTION TO CONSIDER

If the Plan Commission wishes to take action on the Petitioner's requests, the appropriate wording of the motions is drafted below. The protocol for the writing of a motion is to write it in the affirmative so that a positive or negative recommendation correlates to the Petitioner's proposal. By making a motion, it does not indicate a specific recommendation in support or against the plan.

“...make a motion to recommend that the Village Board grant the Petitioner, Patricia Reed, on behalf of Kid's Station Inc. (tenant/lessee), a Special Use Permit for a child care center on the property located at 7777 159th Street in the B-3 (General Business & Commercial) zoning district, in accordance with the plans submitted and adopt Findings of Fact as proposed by Village Staff in the February 4, 2021 Staff Report, subject to the following condition:

- 1. Parking lot asphalt shall be repaired and restriped with 3 accessible parking stalls required by the Illinois Accessibility Code by June 30, 2021.”***

[any other conditions that the Commission would like to add]

Holdings,
LLC

(Applicant) proposes to invest \$300,000-400,000 to renovate the ground floor of the building located at 17200 Oak Park Avenue (Springfort Hall). This location has been 100% vacant since September of 2011 and is within the Main Street North TIF District.

The property is approximately 15 years old and consists of 8,700 sq. ft. of retail space on a 16,024 square foot site. Renovations to the space include a new patio, improvements to the ceiling, bathroom additions, as well as upgrades to the space to subdivide it into individual units.

The applicant plans to lease the units to individual, retail and/or service businesses. He is currently in discussions with a salon, a fitness center, a dance studio and a restaurant. Rocky Holdings, LLC is the holding company for Springfort Hall. James Baxter is 100% owner of Rocky Holdings and also owns Cody Real Estate Advisors based out of New Hudson, Michigan. Mr. Baxter owns and manages several properties and has 25 years of experience in the real estate industry.

The Village of Tinley Park can expect Rocky Holdings, LLC, to not only increase the property tax value of the location, but also generate sales tax depending on the type of businesses that lease the space. The applicant estimates that the individual tenants will create 16 full-time jobs and 10 part-time jobs and assist in making Downtown Tinley Park a vibrant destination. As previously mentioned, the location has been 100% vacant for nearly 10 years. This reclassification will allow Springfort Hall to have a more competitive tax rate thereby increasing its occupancy.

DISCUSSION

The Applicant is requesting a Class 8 Incentive on this site. (PIN: 28-30-301-056-1001, 28-30-301-056-1002, 28-30-301-056-1003, 28-30-301-056-1004, 28-30-301-056-1005, 28-30-301-056-1006). The Applicant has stated "but for . . ." the Class 8 reclassification, the development of this property will likely not be feasible. Cook County provides the Class 8 Incentive Program which allows the reclassification of properties to effectively lower their tax assessment from the commercial rate of 25% to the residential rate of 10%. Class 8 reclassifications provide an assessment of 10% of market value for the first ten (10) years, 15% in the 11th year, and 20% in the 12th year and is a renewable program.

The Class 8 Incentive Program is designed to encourage industrial and commercial development in areas of Cook County which are experiencing severe economic stagnation. The property is located in Bremen Township, which is one of the Townships the Cook County Assessor's Office has designated as a certified Class 8 area. Class 8 reclassifications are structured to permit the Assessor, upon application of the local governing body, to certify that such areas are in need of substantial revitalization. The twelve-year incentive applies to all newly constructed and renovated buildings, including the land upon which they are situated. High property taxes are a primary reason for Class 8 incentives as well as competition with Will County and Indiana taxes.

Incentive Policy Checklist

The following statements are in line with the Village of Tinley Park's incentive policy.

1. The developer will file the Cook County forms, and plans to be a long-term owner/investor. He also plans to comply with Village and County obligations of the Class 8 Incentive Program.
2. The project is in an area the Village has targeted for development.

Strategic Plan Checklist

- Economic Development Strategy 1: Continue to develop the Downtown in order to further Tinley Park as a vibrant destination.

Benefits

The project will be an enhancement to the Village by occupying an existing vacant building and making improvements to the building, which will result in an increase in the property tax value.

REQUEST

The Economic and Commercial Commission (ECC) recommended this Class 8 Incentive for approval at their February 8, 2021 meeting with a vote of 9-0. Staff requests consideration for Village Board approval of a Class 8 incentive for the property located at 17200 Oak Park Avenue.

Subject: Riz Villaseñor–MedPro Health Providers, LLC–Code Compliance Grant

BACKGROUND:

Riz Villaseñor of MedPro Health Providers, LLC (Applicant), proposes to convert a single-family residential home to a mixed-use building with a first-floor office and second-floor apartment at 16820 Oak Park Avenue.

The applicant is proposing to renovate the first floor of the building for a 722 sq. ft. office to operate their business, MedPro Health Providers. The company is a home-based healthcare business that is currently leasing a location in Tinley Park. This location will be an administrative office for the company, with no patients visiting the site. The building's second floor will be renovated into a 752 sq. ft. apartment so that the building is mixed-use. Conversion of a Heritage Site to a mixed-use is permitted in the NG zoning district with a Special Use Permit approval. In addition to the Special Use, three Variations have been approved by the Plan Commission and Village Board.

The property will remain a Heritage Site that does not comply with the Legacy Code's redevelopment requirements. However, it will come closer to the intent of the Legacy Code while keeping with the scale of the existing 90-year-old structure. The proposal mirrors similar mixed-use buildings in the area and along Oak Park Avenue. The mixed-use allows businesses to operate while also retaining the Legacy Plan's goal of keeping residential density that supports the commercial uses in the Downtown Core. The redevelopment

proposal benefits the Village by redeveloping a vacant and deteriorating building, while also keeping an existing healthcare business in town.

The subject property was originally constructed as a residential home in a bungalow style around the 1930s. The structure is not identified as a culturally and historically significant property according to the Legacy Plan. The house was home to Tinley Park's first and only female mayor, Rose Brown, who served from 1949 to 1952. The house also offers a unique brick design for the entire first floor. The property was renovated in the late 90s to serve as a commercial office. However, after a few years of vacancy it was permanently converted back to a single-family residential house in 2010.

The property consists of two lots that are approximately 27,725 sq. ft. in total size and includes a two-story single-family home structure, an ADA ramp, and an asphalt driveway and parking lot that has begun to deteriorate. The rear of the lot is heavily wooded.

The applicant is requesting funds under the Code Compliance Grant Program for the sprinkler and fire alarm system. The intent of the Code Compliance Grant Program is to provide an incentive for property owners to install fire protection systems and improve the quality of the building stock. The program provides a matching grant of 50% or a maximum of \$35,000 per tax paying business. An additional \$2,000 is available to assist with the installation of a fire alarm if the applicant reaches the program limit of \$35,000. One site can use up to \$70,000 in matching grants every three years.

The applicant worked with the Fire Department to ensure that the proposed design complies with Village code. The applicant submitted proposals for the sprinkler and fire alarm system proposals and has chosen to work with Fox Valley Fire & Safety, D & G Electric and Quality Alarm Systems for a total of \$30,995. Therefore, the Village's 50% match will be a not to exceed amount of \$15,497.50 The proposal amounts are as follows:

Code Compliance Grant

Scope of Work	Central States Automatic Sprinklers	Xtreme Fire Protection, Inc.	Fox Valley Fire & Safety
Sprinkler System	\$12,695	\$33,600*	\$17,000
	D & G Electric	Quality Alarm Systems	Fox Valley Fire & Safety
Fire Alarm Installation	\$7,525 (electric only)	\$6,470 (alarm only)	\$21,340**

*Xtreme Fire Protection Quote includes fire alarm system quote, but is not broken out.

**Fox Valley quote includes electrical and fire alarm system and is not broken out.

Request:

The applicant is requesting a Code Compliance grant for the sprinkler and fire alarm system in an amount not to exceed \$15,497.50. At the February 8, 2021 ECC meeting Staff mistakenly capped the fire alarm system at \$2,000. Per the program description, the Code Compliance Program offers an additional \$2,000 for alarm systems; however, this is provided for those projects that exceed the \$35,000 limit of the program. Since the total project cost for this property is less than the \$35,000 limit (\$30,995) the applicant is eligible for 50% of the total project cost (\$15,497.50). The ECC was informed of the miscalculation.

Incentive Policy Checklist:

The following statements are in line with the Village of Tinley Park's incentive policy.

- The project will not create a burden and will effectively utilize the existing Village infrastructure.
- Due to its location in the Main Street TIF, this project meets the Target Development Area Incentive Policy requirement.

Strategic Plan Checklist:

1. Long-Term Complex, Tier 1 and Economic Development Strategy 4: See ongoing downtown development, and reinvestment continue.

Staff Recommendation:

The Economic and Commercial Commission (ECC) recommended this Code Compliance grant for approval at their February 8, 2021 meeting with a vote of 6-0. Three Commissioners abstained from voting. Staff requests consideration for Village Board approval of a matching Code Compliance grant not to exceed \$15,497.50 for Riz Villaseñor to add a sprinkler and fire alarm system to the building at 16820 Oak Park Avenue.

3. Title to the system shall remain with Company. This is not a contract of sale. Client's rights in the system are limited to possession and use, so long as this Agreement remains in effect and Client is not in default.

4. Company neither represents nor warrants that the system will not or cannot be compromised, circumvented or otherwise evaded, or that it can or will under all conditions prevent loss by burglary, theft, stealth, embezzlement, invasion or trespass. Client acknowledges Company has made no representation or warranty, express or implied, beyond that which appears herein. THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE ARE EXCLUDED. Client further acknowledges that Company is not an insurer of Client's premises or its contents or personnel. Loss and the risk of loss are assumed by the Client under all circumstances. Client acknowledges and agrees that it is impractical and difficult to fix actual damages, if any, in the event of breach or claimed breach against Company, because of, among other things, the uncertain value or replacement cost of Client's premises and its contents or the premises and/or contents of adjacent property; the uncertainty of the response time by local law enforcement; and the inability to ascertain what portion, if any, of the loss is or was proximately cause by Company's failure to perform or by equipment failure. Client accordingly agrees that should Company be found liable for any personal injury or property loss or damage proximately caused by Company's failure to perform any of its obligation or its negligence or equipment failure, Company's liability shall be fixed and limited to a sum equal to six (6) monthly payments hereunder or two hundred fifty dollars (\$250), whichever is greater, and that tender thereof shall entitle Company to the prompt execution and delivery of a general release. This remedy is exclusive. Incidental and consequential damages are waived and prohibited. If Client desires Company to assume greater liability Client may request and obtain from Company a rider, at additional cost, increasing Company's exposure and setting forth such higher liability. Under no circumstances, however, shall this Agreement or any Rider be interpreted to mean that Company has insured Client's premises, its contents, or Client's personnel, or the premises, contents and/or personnel of adjacent property owners.

5. Client agrees to indemnify Company for and hold it harmless from any claim made on account or for any reason by any person or entity not a party to this Agreement against Company or its personnel for any injury, loss, or damage, whether in contract or tort or otherwise, including expenses, costs and attorney's fees.
