

Village participates in Say Something Week

Issued: Feb. 26, 2021

The Village of Tinley Park will be participating in Say Something Week from March 2 to 5. As part of this effort, the Village will tie green ribbons at all four fire stations and at the police department in an effort to raise awareness of violence and encourage residents to take steps to prevent it.

Say Something Week was created by the Sandy Hook Promise, an organization that works toward a future where children are free from shootings and acts of violence in their schools, homes and communities.

For ways you can participate or for more information, please visit the [Sandy Hook Promise website](#).
