### Man shot in head during robbery

A man was shot in the head early Sunday morning during a robbery at a home in the 7800 block of Joliet Drive.

The victim told police he was returning home shortly after 4 a.m. when a man wearing dark clothing and a black face covering approached him and demanded money. After a short scuffle, the victim gave the man money. The man then fired one shot, which grazed victim's head, before fleeing the scene with the money.

Tinley Park police are still investigating but believe it to be an isolated incident. The victim was treated and released from Silver Cross Hospital.
