

Plan Commission seeks volunteers

Posted: Jan. 7, 2022

The Village is looking for additional volunteers to serve on the Plan Commission, which meets at 7 p.m. the first and third Thursdays of each month at Village Hall.

Commissioners are charged with maintaining the Village's comprehensive plan for the present and future development of the Village. This commission also plays an important role in the development process, often holding public hearings for new developments and making recommendations on planning issues for the community. Ability to attend meetings is critical, and you must be a Tinley Park resident to be eligible for consideration.

Volunteering for a commission is a great way to get involved and make a positive impact in your community. If you are interested in serving, please submit your resume and statement of interest to Kimberly Clarke at kclarke@tinleypark.org.
