August 6, 2019

Dear Sir or Madam,

The Emergency Management and 911 Command Center are proud to announce the implementation of an exciting new program designed to assist you and/or your loved ones in the event of an emergency. On August 28, 2009, Senate Bill 2057 - Premise Alert Program - was signed into law and passed in the General Assembly with unanimous, bipartisan support. The Illinois Premise Alert Program (PAP) allows individuals with disabilities or special needs, their families, or care-givers to register with Police, Fire, and/or Ambulance Agencies. The information provided will supply these emergency service agencies with potentially life-saving information about their conditions if called upon to provide emergency service..

In accordance with this law, the Emergency Management and the 911 Command Center, would like to take this opportunity to invite you to participate in this voluntary program designed to aid you and/or your loved one in an emergency situation. By completing the attached form, we will be able to “flag” your residence with the particular special needs of you or your family member which will enable the dispatcher to quickly inform the Public Safety Personnel of the nature of the problem.

We have the capability of adding a photograph to your address if you should have a member of your family who might have an occasion to wander away from home. Our system allows us to view and share the photo with police to further aid in locating the missing person.

Please take a moment to fill out the attached form and either mail or e-mail it back to the Tinley Park 911 Command Center. Contact information is listed below.
