A Message from the Mayor ...

Dear Friends,

As we anticipate the many events that the Village and our other governmental partners have planned for this summer, it occurs to me that the seasons of the year play a major role in shaping our attitudes, our moods, and our interactions.

The cold grip of this past winter and the unpredictability of this spring's weather isolated us from each other. The social interactions that are so essential in maintaining a focus on "community" were limited; in many cases, our awareness of the importance of socialization in maintaining a strong, viable community spirit was lessened.

For many, like myself, cabin fever set in as we eagerly awaited the sunshine and warmth that we knew summer would bring.

Well, summer is here along with its warmth and opportunities for growth! Yes, it signals the beginning of road repairs, building projects, and new construction. More importantly, though, it brings the opportunity to again come together and celebrate our Village and to discover the advantages available to its residents.

It's time to explore the many outdoor dining options our restaurants offer ... to leisurely stroll on the many walking paths that line our parks ... or perhaps enjoy a mini golf experience at Putters' Peak.

It's also an opportunity to expand our understanding of "community" and make a new friend or two by attending or participating in the picnics, sporting events, parades, fests, and other community gatherings like Rock 'N Wheels that are available to all of our residents.

Let's come together this summer. Let's explore new opportunities. Let's enjoy our friends and families. Let's make new friends. Let's celebrate our community and the Addison Advantage!

Best wishes,

Rich Veenstra

Summer of Special Events is More than Rock 'N Wheels

Fun and Entertainment Available Beyond Thursday Nights

As Rock 'N Wheels enters its 12th season of premiere concerts, food and entertainment, the Village of Addison reminds residents our "Summer of Special Events" encompasses more than just Thursday evenings on the Village Green.

First, please remember on Thursdays, right across the street from the Village Green, the Addison Historical Museum hosts its weekly Craft & Vintage Fair from 6 to 8 p.m. The Museum also hosts an Open House, with tours of the three historic buildings during those hours.

Special presentations are held on several of the summer Thursdays:

June 8: Home Front World War II by Rebecca Tulloch

June 15: Quilting Demonstration by Lauretta Schneider

June 22: Historic Illinois Settlers by Living Historians Guild

June 29: Rockford Peaches by Rebecca Tulloch

July 13: Fossil Lady by Lizzadro Museum of Lapidary Art

July 20: Mrs. Potts, Inventor by Ellie Carlson

July 27: World War I Nurse by Jessica Michna

Aug. 3: Abigail Adams by Rebecca Tulloch

Aug. 17: 1874 School Marm by Ellie Carlson

Aug. 24: 19th Century Photography

by Chris Olsen

Aug. 31: Mary Todd Lincoln by Jessica Michna

In addition to Thursdays, the summer brings back some other favorite events.

Tuesday, Aug.

1, in partnership with the Addison Police Department, the Village celebrates National Night Out from 6 to 9 p.m. on the Village Green.

Enjoy music by *Too Hype Crew*, as well as food, a Touch-a-Truck, and the Addison Historical Museum Open House and Craft & Vintage Fair.

Addison Police Crime Prevention Officers and Addison Consolidated Dispatch Center team members will be on hand to meet with the community.

Then as summer nears its end, it's time for the Addison-Medinah Shriners Parade on Sunday, August 27.

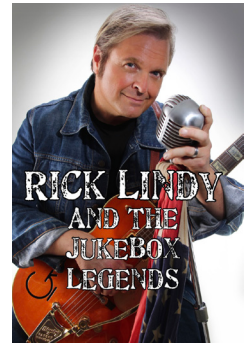

This year's theme, *Addison Means Business*, celebrates our local businesses and industry.

Former Village Trustee William Lynch and his wife, Adele will be

honorary grand marshals.

The parade steps off from Addison Trail High School at 3 p.m. and proceeds east down Army Trail Blvd. to Kennedy Drive.

The parade is open to not-for-profits, taxing bodies, community and youth groups and Addison businesses.

Applications are available mid-May at Village Hall, the museum section of AddisonAdvantage.org or by contacting Susan English, Parade Coordinator at the Historical Museum at 630-628-1433 or museum@

addison-il.org. Applications are due by Aug. 11.

Following the parade, join us for the After Party on the Village Green from 4:30 - 8 p.m.

Music will be provided by *Rick Lindy and the Jukebox Legends*, plus *Our So Called Band*.

Food and drinks will be available for purchase from local restaurants, and there will be information booths from local businesses and organizations.

Village Green Phase 5 Project

On April 3, the Village Board approved a contract with R.W. Dunteman of Addison for construction of phase 5 of the Village Green Improvement Project. This phase will include relocation of the Veterans Monument, currently at the northeast corner of Lake St. and Addison Rd., to the southwest corner of the intersection. This will extend the Village Green east to Addison Road and make for a more accessible location for the Veterans Circle monument. Construction will continue throughout the summer with a formal dedication of the new site on Veterans Day, November 11.

A historical marker will be installed, noting the site of the first English language public school in Addison in 1858.

The project was designed by Hitchcock Design of Naperville, the architect and designer of the Village Green Improvement Project. Photo renderings are provided by Hitchcock Design.

Best Wishes on Retirement

At the April 17 Addison Village Board meeting, Mayor Rich Veenstra, Village Trustees, staff and residents congratulated Trustee William "Bill" Lynch on the occasion of his retirement after 21 years of service on the Village Board. Mr. Lynch previously served 12 years on the Village's Plan Commission and Citizens Advisory Council. The Village of Addison extends best wishes to Trustee Lynch and Mrs. Adele Lynch for their service to the community of Addison.

Summer Road Construction

This year the Village of Addison will once again oversee two roadway projects, as well as a watermain replacement project.

The first project will take place in the Kings Point subdivision, which includes Kings Point Drive (North, South, West and East), Cambridge Row, Wyncroft Place, Harrow Court, and Rumble Lane.

The work will include full depth patching, underdrain installation, and various concrete items.

The second roadway project to begin later in the year, will be the many streets of Foxdale subdivision, as well as Sleepy Hollow, Ardmore Ave., and Comstock Ave. Tally Ho Drive and Foxdale Drive will be done at a later date.

The work for this project will include patching, drainage improvements, various concrete items, and resurfacing.

Watermain and roadway improvements are also planned for Michael Lane, Lullo Drive and Rozanne Drive, with partial CDBG funding secured. This project will completely replace the aging watermain and improve the road with patching, various concrete items, and resurfacing.

Memorial Day Events Planned

The Village of Addison, in cooperation with local taxing bodies, charitable organizations, and VFW Post 7446, will host events on Monday, May 29, for Memorial Day.

Residents and families are invited to participate in any and all of these free events to recognize the sacrifices made by our military members.

Safety and security in District 88

At District 88, the safety and well-being of our students and staff is our No. 1 priority.

We continuously work with our local officials to make sure we follow best practices with regard to school safety initiatives. The security of our students and staff is always at the forefront of our work, and we take multiple steps to maintain a secure and caring home at District 88.

Our relationships with our students, staff, parents/guardians and community are critical to providing safe schools, and we truly value those partnerships.

Check Out Our Library of Things

Whether you are looking for something fun to do with your family this summer or you are working on a home improvement project, you can borrow the items you need from the Library of Things collection! On sunny days, you can enjoy the outdoors by checking out games like our bocce ball set, croquet set, and Slammo Pro game. Feel like a hike? You can check out fishing poles and binoculars to explore your local forest preserve!

Rainy days may keep you indoors, but you can check out board games, puzzles, LEGO sets, and other STEAM-based activities to make a dreary day fun.

The Library of Things collection is also great resource for home improvement projects you want to accomplish this summer, especially if you don't have many tools at home or you don't want to commit to buying new tools. You can check out an electric drill, a screwdriver set, a stud-finder, a thermal leak detector, and more to handle projects around the house. Even if your project is smaller, like cleaning old jewelry or shredding documents, you can check out useful items like a jewelry cleaner, paper shredder, and a knife sharpener from the Library of Things collection, too!

Ready to explore the Library of Things? Browse the collection on the 2nd floor near the Adult Services desk or visit us online to see what's available at addisonlibrary.org/LibraryofThings.

Museum Passes and More

We're excited to offer Explore More Illinois and the Museum Adventure Pass, two great ways to explore local attractions such as museums, park districts and more! Use your Addison Public Library card to receive free admission or a special discount at participating Chicago area cultural destinations, such as the Chicago History Museum, DuPage Children's Museum, and more!

Visit addisonlibrary.org/explore to browse all offers.

Summer Volunteering for Teens

Learn job skills, meet new friends, and make a difference in our community. Volunteers can join the team offering our free summer lunch program weekdays from 11:00-1:00. This volunteer team will set up tables, distribute meals, clean up, and play with younger children while they eat.

We're also asking for help keeping the library safe and welcoming by taking care of our building and materials. Complete tasks at your own pace, whenever the library is open, with a group, or by yourself!

Volunteer Training Session Mon., June 5 11:00-1:00

Summer Meals & Volunteering Begins! Tues., June 6

ADDISON FIRE PROTECTION DISTRICT

RxBOX - HOPEDUPAGE

Launched by the DuPage County Health Department in 2009, the RxBOX program offers residents a safe, easy way to drop off unwanted medications that might otherwise have been misused or gone to waterways and landfills. Unwanted medicine can be dropped off at any DuPage County RxBOX location.

Disposing Meds Safely

Proper disposal of unused medications protects the environment and saves lives. Bring your expired and unused medications to an RxBOX location that is convenient for you. The medications will then be incinerated in collaboration with the Illinois Environmental Protection Agency using state-of-the-art technology.

Disposing Instructions:

- Bring household medication including over-the-counter, prescription medications, ointments and liquid medications that are expired or no longer wanted. Also drop off asthma inhalers.
- You can bring medications as they are in their original containers or, for spill-free disposal, place the pills or liquid medication bottles in a zipper top plastic bag.
- Cross off any personal information on the label or remove them to reduce concerns about personal identification information.
- As an alternative, you may empty pills directly into a zipper top plastic bag to further protect your personal information and dispose or recycle the empty pill bottle at home.
- Then, deposit your medications in the collection container marked "RxBOX" in a participating law enforcement facility.

<https://www.hopedupage.org/DocumentCenter/View/202/RxBox-Locations-and-Details---English-PDF>

The following items are not accepted in the drop-box:

- Medical waste
- Radioactive medicines
- Household chemical waste
- Sharps, needles, or syringe

“Sharps” is a generic term used for any medical item that is sharp and can puncture skin, such as: Hypodermic needles. EpiPens®, Lancets and other items used for home glucose monitoring. In addition, anyone who treats or monitors conditions such as diabetes, arthritis, or cancer at home may use sharps to do so.
