FAST ACCESS FEATURE HOW TO GUIDE FOR SMARTPHONE

1. Log into your ABDI Gate Access app.
2. Add a new guest or find an existing guest's name.
3. Click on the guest's name.
4. At the top menu, click on the arrow next to the Save button.

The screenshot shows the top portion of the ABDI Gate Access app. At the top, there is a dark green header bar containing the time '5:33', signal strength, '5G', and battery level. Below this, a navigation bar contains a back arrow, 'Guest List', 'Add/Edit Guest List', a share icon (a square with a right-pointing arrow), and 'Save'. A red arrow points to the share icon, which is also circled in red. Below the navigation bar, there is a form with the following fields: 'Guest Name' with 'Doe' and 'John' entered on separate lines, and 'Notes for security'. At the bottom, there is a horizontal bar with two buttons: 'Temporary' (highlighted in dark green) and 'Permanent' (white with a green border).

5. The FastAccess QR Code pass will appear.
6. Then click send and your device will give you the option of messaging or emailing the pass to your guest.
