Mr. Keith Davis-Applicants Attorney, states that this is an informal review of proposed plans to Wachovia Bank.
Applicant wants put in a new vestibule around the ATM machine.
On-site traffic circulation issues to deal with.
Patrick Lynman, Professional Engineer from KDA Associates.
Proposed changes to drive thru lanes increase canopy size by 18ft. shift teller boxes relocate ATM from outside lane to rear of first drive thru, circulation issue in front replace current curved island replace with pavement, adjacent to handicap spaces, to ease flow of traffic.
Add vestibule for the ATM in front.
Making changes will alleviate traffic circulation.
Set back along Frederick Drive requires a variance, will be increasing lot coverage with canopy and impervious coverage.
Just moving teller drive thru not adding more tellers.
Increasing lane by one car.
Traffic Safety Officer of Berkeley Township stated that pylons be relocated along exit line.
Mr. Liston suggests that the Applicants Engineer contact Township Engineer to collaborate on a design suitable for the Board regarding the turning angle and triangle.
