35% is max allowed. However, it does not appear that the Lot Coverage exceeds the permitted amount allowed.

Variance(s) requested: Combined side yard.

Project: Construct an addition to an existing single family home.

Block: 1553 Lot: 36

Address: 272 Evergreen Dr. Zone: R-64

Denial Reads: Applicant proposes to construct a 242 square foot addition, resulting in a combined side yard setback of 16.1 feet where 18 feet is required and 34.8% lot coverage where 30% is the maximum permitted. However, we calculate the Lot Coverage at only 24.58%, whereas 30% is allowed. A variance for lot coverage would therefore not be required.
