An alternate member may be called as specified in the zoning ordinance to serve and vote as a member of the ZBA in the absence of a regular member. An alternate member may also be called to serve as a member for purposes of reaching a decision on a case in which a member has abstained for reasons of conflict of interest. Alternate members called upon to serve in instances of vacancy or conflict of interest shall do so on a rotational basis, starting with the most senior alternate.

a) Training. Each member is expected to attend a minimum of 4 hours of training every 3 years. Hours of training shall be tracked, documented by the Community Development Director, and published biannually in January and July of each year.

(2) Regular Meetings. Regular meetings of the ZBA shall be held monthly in the City Hall on the second Monday of every month at 7:00 p.m.

a) If there are no appeals, requests for variances or requests for interpretation of the zoning ordinance to consider, a regular meeting shall be postponed to the next (otherwise) regular meeting date when there are such requests to consider. All other business shall be held over to the agenda for the next regular meeting.

b) When a regular meeting date falls on or near a legal holiday or conflicts with a meeting of the Berkley City Council, the ZBA shall select a suitable alternate date in the same month, if possible, in accordance with the Open Meetings Act.

c) Meetings shall be presided over by the Chair or, in the absence of the Chair, the Vice Chair, or, in the absence of both the Chair and Vice Chair, the most senior member of the Zoning Board of Appeals present.

(3) Other Meetings. A special meeting can also be called by the Community Development Director, the Chair of the ZBA, or, in the Chair’s absence, the Vice-Chair.

(4) Membership. Any changes in Board membership will be announced prior to roll call.

(5) Quorum. In order for the ZBA to conduct business or take any official action, a quorum consisting of 4 voting members of the ZBA must be present unless a use variance is under consideration, in which case, a quorum shall be 5 voting members present. When a quorum is not present, no official action, except for closing of the meeting may take place. All items scheduled to be heard, shall be rescheduled for the next regular meeting. No additional public notice shall be required provided the date, time and place are announced at the meeting.

(6) Hearings. Hearings shall be scheduled and due notice given in accordance with the provisions of the Acts and ordinance cited in Section 1.

Public hearings conducted by the ZBA shall be run in an orderly and timely fashion. This shall be accomplished by the following procedure:

- Introduction of case by staff.
- The Chair confirms that the applicant is present and receives an opportunity to present the case.
- The Chair opens discussion. The ZBA may ask the applicant or staff questions.
- The Chair opens the public hearing. Each person must state his/her name and address for the record and may address the ZBA regarding the case for a reasonable period of time. The Chair may set a time limit and/or invite people to speak row by row to eliminate lines at the microphone.
- The Chair closes the public hearing.
- Discussion. The ZBA may ask staff or the applicant questions.
- The Chair shall call for a motion.
- After a motion has been made and supported, there may be additional discussion.
- The Chair will call for a roll call vote.

(7) Motions. The Chair shall restate motions before a vote is taken. The name of the maker and supporters shall be recorded. The motion shall state whether or not a practical difficulty or undue hardship has been found. The reasons for such a finding shall also be stated.
(8) **Voting.** The concurring vote of 2/3’s of the ZBA members shall be required for the approval of a use variance. The concurring vote of a simple majority of the ZBA members shall be required to reverse an order, requirement, decision, or determination of the zoning officer to approve a non-use variance, to decide in favor of the applicant on a matter upon which the ZBA is required to pass under the zoning ordinance, and for all other business. Voting shall be by roll call unless the Chair decides another method of voting would be appropriate. All members of the ZBA, including the Chair shall vote on all matters except as provided below. The order of the voting members shall be varied.

a) No member shall abstain from voting on any matter except in the case of a conflict of interest as provided below in Section 3 (12) of these rules.

(9) **Conditions.** The ZBA may modify a request or impose reasonable conditions designed to maintain the public health, safety and welfare.

(10) **Withdrawals.** In the event that an applicant withdraws an application after the notices have been sent and the meeting posted, the ZBA shall introduce the case and advise that the item has been withdrawn. A motion to accept the withdrawal will be entered. In the event that an applicant withdraws an application before the notices have been sent and the meeting posted, the ZBA shall receive a copy of the withdrawal, but no motion to accept the withdrawal shall be necessary.

(11) **Dismissals.** When the petitioner fails to appear at a properly scheduled meeting of the ZBA, the Chair may entertain a motion to dismiss the case for want of prosecution. In the absence of a motion, the Chair shall rule. In such cases, the petitioner will be furnished written notice of the action.

(12) **Conflict of Interest.** Per City of Berkley Code Section 2- 40 (Ethics), A ZBA member shall declare a possible conflict of interest and reasons for such, after the introduction of a case. The ZBA shall discuss and determine if such a conflict exists. Fellow ZBA members shall make and support a motion to excuse the ZBA member from deliberating. The excused member shall leave the meeting room during deliberation of the case. An alternate member may be called to serve as a member for the purpose of reaching a decision on the case. The excused ZBA member shall be called back prior to the introduction of the next case. In the event that the ZBA member is the applicant, then he shall be allowed to remain in the meeting to present his case.

a) Failure of a member to disqualify himself from a vote in which the member has a conflict of interest constitutes malfeasance in office.

GROUNDS FOR APPEAL:
There are two types of variances: non-use variances and use variances. A use variance permits the use of land that is otherwise not allowed in a zoning district. A non-use variance is a variance regarding setbacks; height; parking; sign size or placement; fences and walls.

In either case, the applicant must prove to the Zoning Board of Appeals that not receiving this variance will cause undue hardship or practical difficulty. Please complete either the use variance or non-use variance sections (whichever is applicable to your request)—DO NOT COMPLETE BOTH SECTIONS.
NON-USE VARIANCE

A non-use variance is a variance regarding setbacks; height; parking; sign size or placement; fences and walls. The need for the variance is due to unique circumstances or physical conditions of the property because

The house is a corner lot and sets close to the street that requires...

The need for the variance is not the result of actions of the property owner or previous property owners because

The house may require occasional setbacks and was built many owners ago.

Strict compliance with the ordinance will unreasonably prevent the property owner from using the property for a permitted purpose or will render conformity with those regulations unnecessarily burdensome because

The aging in place projects and retrofitting would unreasonably require an order to be executed and accommodated.

The requested variance is the minimum variance necessary to do substantial justice to applicant as well as other property owners because

The requested variance will not adversely impact the surrounding properties because

USE VARIANCE

A use variance permits the use of land that is otherwise not allowed in a zoning district.

The building or land cannot be reasonably used for any of the uses permitted by right or by special use permit in the current zoning district because

The need for the variance is due to unique circumstances or physical conditions of the property because

Proposed use will not alter the essential character of the neighborhood because

The need for the variance is not the result of actions of the property owner or previous property owners because

I understand that ZBA members may need to access my property to better understand my case. I understand that financial hardship cannot be considered. I have received the brochure outlining ZBA procedures and requirements.

To: Zoning Board of Appeals
From: Erin Schlutow; Community Development Director
Subject: PBA-04-19; 1811 Earlmont – Variance for sideyard setback
Date: November 7, 2019

APPLICANT: Michael J. Gordon, Architect, on behalf of Jason & Kendra Bath
LOCATION: Southwest corner of Earlmont Rd and Mortenson Blvd.
PARCEL ID: # 25-17-132-018
East half of Lot 130 of Stephenson-Barber’s Oakland Manors Subdivision
REQUEST: The applicant is seeking a dimensional variance for side yard setback along Mortenson Blvd. for the purpose of constructing an addition to the existing building.
REQUIRED: Section 138-526 of the Zoning Ordinance requires a side yard setback of 10 ft. for corner lots where rear yard abuts a rear yard in the R-1C, Single Family Residential District.

ZONING AND LAND USE

The subject property is zoned R-1C, Single Family Residential and is located in an entirely residential neighborhood. Properties to the north, east, and south are located in the R-1A, Single Family Residential District and the property to west is located in the R-1C, Single Family Residential District.

Section 138-527(c) states in the R-1C District, the exterior side yard setback on a corner lot where a rear yard abuts a rear yard shall be not less than 10 ft. The applicant is proposing to construct an addition to the existing principal structure that will encroach into the required 10 ft. side yard setback along Mortenson Blvd. by five (5) ft. Therefore, the applicant is requesting a five (5) ft. side yard setback variance on the east side of the property along Mortenson Blvd.

The proposed addition will not impact front and rear yard setbacks, height and lot coverage and will be in compliance with all applicable ordinance requirements.
STANDARDS FOR REVIEW

Per Section 138-606 of the Zoning Ordinance, the applicant must demonstrate a practical difficulty in order to be granted a dimensional variance. The Zoning Board of Appeals shall not vary the regulations of Section 138-606, unless it shall make findings based upon the evidence presented to it in each specific case that:

A. *The need for the variance is due to unique circumstances or physical conditions of the property.*

The subject site is located at the southwest corner of Earlmont and Mortenson. Per Section 138-527(c), for corner lots where a rear yard abuts a rear yard, the exterior side yard setback shall be not less than ten (10) feet. The subject property is the east half of Lot 130, measuring 50 ft. frontage on Earlmont and 125 deep along Mortenson Blvd. Properties to the north, east, and south occupy an entire lot and each have 100 ft. lot width fronting each applicable street, with lots ranging from 125 ft. – 135 ft. deep.

On the subject property, the 50 ft. width on Earmont prohibits construction in the side yard, as it will encroach into the required side yard setback, and the 125 ft. depth prohibits construction in the rear yard, as it will be constructed too close to the detached rear yard garage. Additionally, constructing an addition into the rear yard will remove the majority of rear yard lawn space on the property.

B. *The need for the variance is not the result of actions of the property owner or previous property owners.*

The subject site is limited by the size of the lot that was created prior to the current owners taking ownership. The applicant has provided supplemental materials showing that there are other single family homes on 50 ft. wide corner lots in the surrounding neighborhood in the same zoning district that do not comply with the required 10 ft. side yard setback. We have reviewed the dwelling size and lot configuration of each property, as provided by the applicant. The single family residences, provided by the applicant, were constructed prior to the adoption of the Zoning Ordinance in 1981 or other adopted amendments thereafter.

Therefore, each dwelling and address provided by the applicant would be a legal nonconforming use.

C. *Strict compliance with the ordinance will unreasonably prevent the property owner from using the property for a permitted purpose or will render conformity with those regulations unnecessarily burdensome.*

Strict compliance with the side yard setback requirement will prohibit the property owner from constructing an addition to the principal structure for a bedroom, mudroom, and pantry.
limited size of the lot prohibits the property owner from constructing an addition to suit the family needs.

D. **The requested variance is the minimum variance necessary to do substantial justice to applicant as well as other property owners.**

The applicant is requesting a five (5) ft. variance to encroach into the side yard setback along Mortenson Blvd. It is possible that the layout of the proposed addition could be manipulated so as to reduce the minimum variance in order to achieve an expansion of the existing principal structure that would serve the intended purpose. A reconfiguration of the proposed addition would require elimination of the second doorway, as well as closet space and living space in the bedroom.

It is unclear of reconfiguration of the proposed addition would be agreeable to the applicant or property owners.

E. **The requested variance will not adversely impact the surrounding properties.**

The requested variance will permit the addition to encroach into the side yard setback along a major roadway. The surrounding corner lot properties are located on 100 ft. wide lots, wherein there would be no need to encroach into the side yard setback.

**Recommendation**

For a variance to be approved by the Zoning Board of Appeals, it shall meet the standards of Section 138-606 of the Zoning Ordinance, based on findings of fact. We request the Zoning Board of Appeals to determine if there are unique characteristics of the property and whether a lesser variance would be acceptable.

If you have any questions regarding this case, please do not hesitate to contact us.

Sincerely,

Erin Schlutow
