Regular Agenda

City Manager Baumgarten introduced Commissioner Douglas Clark of the Michigan Independent Citizens Redistricting Commission.

Mr. Clark introduced the Michigan Independent Citizens Redistricting Commission (MICRC) and stated the 13 commissioners are spread out throughout the state.

Mr. Clark discussed the State’s new redistricting process.

Mr. Clark provided the history of the MICRC including:
- In 2018, Michigan voters passed Proposal 2 charging voters, not legislators, to take responsibility for nonpartisan redistricting;
- The Commission includes 13 randomly selected Michigan residents including Democrats, Republicans, and Independents; and
- The MICRC is responsible for redistricting U.S. Congressional, MI House of Representatives, and MI Senate districts.

Mr. Clark explained the challenges and requirements the MICRC faces. Some of the requirements include:
- Must comply with all federal laws;
- Districts must be geographically contiguous;
- Must take into consideration the state’s diverse population and communities of interest. He went into further detail regarding what defines a community of interest;
- Districts should consider city, township, and county boundaries;
- Districts should not provide an advantage or disadvantage to a political party, candidate or incumbent; and
- Districts should be reasonably compact.

Mr. Clark further explained that the Commission must hold at least 10 public hearings throughout the State before the redistricting plan is drafted. He said the work must be done by November 1st. He stated the timing of the release of Census data will produce a challenge for meeting the November 1st deadline. Mr. Clark said once the map is drawn, there will be about five more hearings. He explained the purpose of the public hearings, which is heavily reliant on public participation.

Mr. Clark said anyone with questions or ideas should email redistricting@michigan.gov or send a letter to MICRC, P.O. Box 30318, Lansing, MI 48909. He said to learn more, visit Michigan.gov/MICRC.
Mr. Clark said all meetings will be available on YouTube and Facebook.

Mayor Terbrack thanked Mr. Clark for his presentation. He discussed the consternation associated with the redistricting process leading up to the 2018 vote. He stated there is a long way to go and it is encouraging to see the opportunities available for citizen comment. He stated education is an important factor in this process.

Councilmember Baker thanked Mr. Clark for being at the meeting and asked him what else the Council and City could do to help raise awareness regarding the initiative?

Mr. Clark answered the important thing is to communicate the contact information and for Berkley residents to participate. He stated we are the third state to go through this process and he would like to see the public meeting dates promoted. He further discussed how to participate in public comment.

Councilmember Baker asked Mr. Clark questions regarding how to participate in public comment and he and Mr. Clark discussed the process, including how to be included on the public comment portion of a meeting agenda. Councilmember Baker said at the end of the day we need to be constructive contributors and he will help advocate the messages communicated this evening.

**PUBLIC COMMENT – ITEMS NOT ON THE AGENDA**

There was no one present wishing to speak.

**COMMUNICATIONS**

**COUNCILMEMBER PRICE:** stated today marks the first day of the month that signifies a full year of the pandemic in our country and region. She thanked the city manager, department heads, and staff who innovated and adapted to provide essential services to residents and businesses and who met needs and challenges that we couldn’t have imagined a year ago. Councilmember Price said it is also fitting that today we recognize March as Women’s History Month. She said the pandemic and its disruptions to school routines, child care, and the economy have disproportionately impacted women, especially women of color. As stated in the proclamation approved this evening, she said we are urged to recommit to increasing our support and recognition of the contributions made by all women of our community. She stated specific contributions that this includes. She stated when we recognize, support, and uplift all women, everyone in our community wins.

**COUNCILMEMBER BLANCHARD:** stated the Berkley American Legion is having its annual fish fry which started two weeks ago. He stated carry out is available from 5-8 p.m. He said the call-in number is 248-591-9220 or people can come in and order and then wait for it there. He said they get the orders out very fast. He said it has been very popular and he hopes to see more people there next week. Councilmember Blanchard said as a reminder Council passed a Severe Weather Month Proclamation this evening. He said tornado season is coming and he wants everyone to be sure that you do take shelter
Councilmember Blanchard said the Berkley Area Chamber of Commerce is actively working on the Berkley Art Bash and the Berkley Street Art Fest, both of which will be moved to later in the year. He said the Berkley Art Bash will be moved to September hopefully and the Berkley Street Art Fest will be moved to August if all goes well. He said the Chamber continues to plan these events and get things back to normal in the City.

COUNCILMEMBER BAKER: stated the Downtown Development Authority (DDA) continues to send out its best wishes to Executive Director Jennifer Finney and her family as they welcome their next generation of Berkley residents. He reminded everyone to save the date for the next Ladies Night Out theme in April titled, “Take Me Out to Berkley” on April 1st and April 2nd. He stated to visit downtownberkley.com to find out more information about all upcoming programs. Councilmember Baker said the Historical Committee received a large collection of children’s books and members are very excited to display those once the museum is able to open again. He said the Committee remains eager for more folks that are interested in history to join the team. He said no experience or prior knowledge is needed. He said only a friendly, positive attitude is needed and an eagerness to help and to learn and to share with others about Berkley's history. Councilmember Baker said the Technology Advisory Committee met recently and spoke about the ways in which open data can be used to make Berkley even better. He said the cyber tip of the month from the Committee is when you surf the internet, don’t let a popup pop you in the kisser. He stated to be careful when clicking on anything that pops up if you didn’t request it and be cautious when clicking on any of those links. Councilmember Baker said it was Shelby Martin who once wrote, “Accountability requires mindfulness, acceptance, honesty, and courage.” He said shockingly we see a terrible lack of accountability at the federal level and sadly at the state level. He said let's all be safe, be healthy, be honest and know that any society can only proceed as far as those who seek to undermine it if you will let it. He said here in Berkley, we are the City that cares, so please care about what you do, what you say, and who you are. He said we care about you and you matter to us, and you matter to me, and you matter to somebody else. He urges everyone to take care of themselves, be honest, and understand the world around us.

MAYOR PRO TEM DEAN: stated she has a lot on the Parks & Recreation front. She said the Department is hosting a Shamrock Hunt Wednesday, March 17th. She said participants can find shamrocks in all of our parks. She stated that senior transportation will resume the five-day-a-week schedule on March 15th and to call 248-658-3470 to schedule an appointment. She stated that Parks & Recreation asks for 48-hour-advance notice. She stated that the transportation service may be used to take you to your vaccination appointment. She stated that Parks & Recreation is hosting an outdoor Spring Fling dance on March 30th with a rain date of March 31st. She said the shindig will take place in the space behind the Community Center and registration for a time slot opened today and is required as are masks and distancing. She stated outdoor recreation programming will resume in April and to please check the website for those classes and registration information. She stated Parks & Recreation hopes to have information related to Summer Day Camp registration in maybe one to two weeks. She said she knows that will make a lot of parents happy. She said to check the website, Department Facebook page or call the Community Center for more information.

COUNCILMEMBER HENNEN: stated the Zoning Board of Appeals (ZBA) met to consider allowing the placement of a generator in a side yard. He stated because the City’s new law considering generator placement does not go into effect until another 30 days from tonight, the ZBA had to work under existing law. He said the Board ruled in the past that generators should be considered an accessory structure. He said the Board upheld that interpretation and then ruled to deny the variance based on that. He said the ruling is consistent with what our new law would have dictated. He said despite that, there is going to be another case for a side-yard generator at the ZBA a week from today on March 8th. He said he guesses people are trying to get these requests in right under the deadline. He said the ZBA will also consider a lot split on Robina. He said normally lot splits are approved administratively, but this one is going to the ZBA since they are making a request for a smaller lot than zoning normally allows. Councilmember Hennen said the Tree Board didn’t meet last month, but will meet also on Monday the 8th. He welcomed the newest member of the Tree Board, Michael Leneway.
**COUNCILMEMBER GAVIN:** stated the Planning Commission discussed the special land use that came before Council tonight. He said there is a work session tomorrow at 7 p.m. to discuss the topics that were discussed at the last Master Plan Steering Committee (MPSC) meeting. He stated the next regular Planning Commission meeting will take place 7 p.m. March 23rd. Councilmember Gavin said the MPSC will host an upcoming Community Open House as well as a survey that is now open for residents to give their feedback. He said to visit Berkleymich.org and look for the Master Plan prompt at the top of the page to watch some great videos on housing and corridors; take the survey; and register for the upcoming open house on March 25th at 7 p.m. He said the next MPSC meeting will take place 7 p.m. March 16th. Councilmember Gavin said the Environmental Advisory Committee (EAC) didn’t meet last month, but will meet 6:30 p.m. March 18th.

**CITY MANAGER BAUMGARTEN:** stated we are getting back into our regular schedule again and will be meeting every two weeks with the next meeting scheduled for March 15th. He said that meeting will be followed by two meetings in April on the 5th and the 19th. He said that will carry us into May as well and he is looking forward to getting into some more manageable agendas. He apologized to Council for the lengthy agenda this evening, but said it is great to see all of the progress and momentum that was achieved tonight. He thanked staff members for their guidance.

**ATTORNEY STARAN:** stated despite casting a very broad net of inquiries and feelers to his usual trusty sources, he is getting very little news or feedback from what is going on in Lansing in terms of whether the State Legislature will be taking up extending the authorization for municipalities to hold electronic meetings. He stated we are meeting in the Zoom format tonight as we have for nearly a year now and as the Council knows, that authorization is set to sunset and expire on March 31st. He said that would mean unless things change, we will have one more meeting in this format before we would be required to go back to in-person meetings. He said there was an expectation from what he hears from the folks at Michigan Municipal League that the State Legislature would take this up. He is also told that there has been considerably more push back from State legislators this time around to extend things further. He said to stay tuned and he wished he had something more definitive to share.

Councilmember Baker moved to suspend the rules to go beyond the 10 p.m. meeting deadline
Seconded by Councilmember Gavin
Ayes: Baker, Blanchard, Dean, Gavin, Hennen, Price, and Terbrack
Nays: None

Attorney Staran said his second topic pertains to marijuana. He said as Council is well aware, in November 2018, the Michigan Electorate approved and passed the Michigan Marihuana Taxation of Marihuana Act. He said shortly after that passed, the State, through the Marihuana Regulatory Agency, did adopt a rule that for at least the first two years, it was only going to issue Marihuana Business Licenses to applicants who already had Medical Marihuana Licensures. He stated someone who wanted to get into the adult use or recreational marihuana business were only going to be able to do that if they already had medical marihuana license approval. He said that narrowed the field considerably, although as we know, people come up with creative ways to fulfill that criteria. He said the reason he is bringing this up now is because consistent with that State law, our local ordinance also required that as an application requirement, one would have to have that Medical Marihuana Licensure in order to be eligible. He stated the Marihuana Regulatory Agency has announced that effective today, that rule is no longer in effect and they will now allow applicants to apply for licenses for adult use marihuana even if they do not have that Medical Marihuana Licensure. He stated that doesn’t really affect us right now because we have our system in place, but for pending litigation, we would be moving forward with that and we’re still one or more judicial rulings away from getting through that litigation. He stated he brings that to Council’s attention because as we go ahead in the future, and if we decide to reopen the field for additional licenses in Berkley, the rules have changed a little bit and we may need to look at our ordinance in that regard.

**MAYOR TERBRACK:** stated that tonight council members covered everything that he wanted to address. Mayor Terbrack said rather than going on some sort of soliloquy just to hear himself speak, he instead thanked the members of Council for their thoughtful communication covering some very important topics based not only in the community, but also in the country and nation at large.
ADJOURNMENT
Mayor Pro Tem Dean moved to adjourn the Regular Meeting at 10:05 p.m.

WHEREAS, Abuse and neglect are suffered by children in our communities, regardless of age, race, gender, and economic situation; and

WHEREAS, One in 10 children will be sexually abused before the age of 18; and

WHEREAS, This reported maltreatment if only a portion of the overall problem threatening our children, for so many cases go unreported, and today’s technology has brought with it a new and dangerous form of child endangerment- the online predator; and

WHEREAS, The devastating consequences of physical and emotional abuse of our children affects the community as a whole and finding solutions needs to be attended to by the community as a whole; and

WHEREAS, CARE House of Oakland County works to break the cycle of child abuse and neglect; provides a protective circle of light and hope for a better life; advocates for the safety and protection of children; and partners with community organizations and agencies to offer programs and services aimed at preventing child abuse.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF BERKLEY HEREBY PROCLAIMS

SECTION 1: That April 2021 shall be recognized as Child Abuse Prevention and Awareness Month in the City of Berkley.

SECTION 2: The City of Berkley calls upon the citizens, government agencies, public and private institutions, businesses, and schools in the City of Berkley to increase their participation in efforts to prevent the abuse of our children, thereby strengthening and protecting the community in which we live.

Proclaimed this 15th day of March 2021 at a Regular Meeting of the Berkley City Council.

A PROCLAMATION
of the Council of the City of Berkley, Michigan
Proclaiming April 2021 as Sexual Assault Awareness Month

WHEREAS, Sexual assault is widespread and experienced by thousands of people and survivors. Sexual Assault Awareness Month is intended to raise public awareness around sexual violence and its impacts, as well as education the community on how to prevent it; and

WHEREAS, Sexual assault is broadly defined as any form of unwanted sexual contact obtained without consent through the use of force, threat of force, intimidation, or coercion; and

WHEREAS, The effects of sexual assault can ripple throughout a community, as seen by the U.S. Center for Disease Control and Prevention statistics indicating that one in three women and nearly one in four men will experience sexual violence involving physical contact during their lifetime; and

WHEREAS, Sexual violence can deeply and enduringly impact survivors on psychological, emotion, physical, and social levels; and

WHEREAS, Access to informed and supportive services can greatly increase survivors’ ability to heal from sexual assault; and

WHEREAS, Our community must be committed to holding sexual assault perpetrators accountable for their heinous crimes; and

WHEREAS, We join with the State of Michigan and sexual assault prevention advocates to acknowledge how important it is to work together to educate our communities about sexual violence prevention, support survivors, and to speak out against harmful attitudes and actions.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF BERKLEY HEREBY PROCLAIMS

SECTION 1: That April 2021 shall be recognized as Sexual Assault Awareness Month in the City of Berkley.

SECTION 2: The City of Berkley calls upon the citizens, government agencies, public and private institutions, businesses, and schools in the City of Berkley to recommit our community to increasing awareness and understanding of sexual assault, and the need for appropriate and accessible services for all survivors of acts of sexual violence.

Proclaimed this 15th day of March 2021 at a Regular Meeting of the Berkley City Council.

A PROCLAMATION
of the Council of the City of Berkley, Michigan
Proclaiming April 2021 as Autism Awareness Month

WHEREAS, Autism Spectrum Disorder is a pervasive developmental disorder affecting the social communication, and behavioral skills of those affected by it; and

WHEREAS, The U.S. Center for Disease Control and Prevention estimates that one in every 68 children in the United States are among the more than two million Americans living with an Autism Spectrum Disorder; and

WHEREAS, While there is no cure for autism, it is well-documented that if individuals with autism receive treatment early in their lives, it is often possible for those individuals to lead significantly improved lives; and

WHEREAS, Individuals with an Autism Spectrum Disorder often require a lifetime of specialized and community support services to ensure their health and safety, and to support families’ resilience as they manage the psychological and financial burdens autism presents; and

WHEREAS, We recognize and celebrate those with an Autism Spectrum Disorder who are achieve and breaking down barriers for the community and who are striving to create a culture of understanding for those living with an Autism Spectrum Disorder.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF BERKLEY HEREBY PROCLAIMS

SECTION 1: That April 2021 shall be recognized as Autism Awareness Month in the City of Berkley.

SECTION 2: The City of Berkley believes it is important to have an inclusive community committed to supporting all citizens regardless of abilities. The City of Berkley also calls upon the citizens, government agencies, public and private institutions, businesses, and schools in the City of Berkley to recommit our community to increasing awareness and understanding of Autism Spectrum Disorders, and the need for appropriate and accessible services for all community members.

Proclaimed this 15th day of March 2021 at a Regular Meeting of the Berkley City Council.

A PROCLAMATION
of the Council of the City of Berkley, Michigan
Proclaiming April 2021 as Fair Housing Month

WHEREAS, The month of April 2021 marks the 53rd anniversary of the signing of the federal Fair Housing Law Title VIII under the Civil Rights Act of 1968; and

WHEREAS, This landmark law along with other federal and state legislation broadens access to housing regardless of race, color, sex, national origin, age, marital status, religion, disability or family status; and

WHEREAS, Fair Housing Month is designed to heighten people’s awareness of their rights under the law when pursuing the purchase or rental of housing; and

WHEREAS, Housing choice impacts our children’s access to education, our ability to seek and retain employment options, the culture benefits of a diverse community, and the quality of health care we receive in emergencies; and

WHEREAS, The laws of our nation, state, and county seek to ensure equality of choice and access to all people; and

WHEREAS, Ongoing education, outreach, and monitoring are key to raising awareness of fair housing principles, practices, rights, and responsibilities; and

WHEREAS, The Housing Counselors of Oakland County’s Community & Home Improvement Division are experts in fair housing laws and are ready to assist any individual or family to ensure their rights when purchasing or renting a home.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF BERKLEY HEREBY PROCLAIMS

SECTION 1: That April 2021 shall be recognized as Fair Housing Month in the City of Berkley.

SECTION 2: The City of Berkley urges all residents or prospective residents to contact Oakland County’s Housing Counselors if they believe they, or someone they know, has been the victim of housing discrimination.

SECTION 3: The City of Berkley believes it is important to have an open and inclusive community committed to accessible fair housing and to promote appropriate activities by private and public entities intended to provide or advocate for equal housing opportunities for all residents and prospective residents of the City of Berkley.

Proclaimed this 15th day of March 2021 at a Regular Meeting of the Berkley City Council.

March 15, 2021 City Council Meeting

Moved by Councilmember ___________________________ and seconded by Councilmember ___________________________ to award the Catch Basin Cleaning Machine Rental to the lowest qualified bidder, Jack Doheny Company of Northville, Michigan, in an amount not to exceed $20,000 in accordance with the MITN/BidNet public bid documents.

Nays:

Motion:
Transmittal Memo

To: Matthew Baumgarten, City Manager
Cc: Mark Pollock, Finance Director
From: Derrick Schueiler, DPW Director
Date: March 3, 2021
Subject: Recommendation for Award-Catch Basin Cleaning Machine Rental
         Jack Doheny Company

As part of regular maintenance activities, the DPW is planning to clean approximately 1,800 public
catch basins this spring. In order to clean the structures, a vacuum machine is needed to remove the
standing water and sediment from the sumps in the bottom of the basins. While the City owns a
combination sewer machine (Vactor), renting an additional unit allows the sewer crew to stay on
mainline maintenance while another crew works on catch basins with the rental.

As done in previous years, a specification and bid document was assembled for renting a catch basin
cleaning machine. An advertisement was posted publicly both on the City website and on MITN/BidNet

A total of two bids were received (see attached summary table and bid pricing form). Both Jack
Doheny Company and Vacuum Truck Rental submitted three vehicle options with identical rental rates
of $10,000 per month. At this time, we recommend the catch basin machine rental to Jack Doheny
Company of Northville, Michigan at a total cost not to exceed $20,000. The Doheny rental units are all
Vactor machines similar to the one we currently own and all have a larger debris tank capacity when
compared to the Vacuum Truck Rental units (15 cyd vs. 12 cyd).

Funding has been allocated in the Fiscal 2020-2021 budget under account number 592-536-818-000
(Contractual Services-$20,000). Additionally, vehicle liability insurance will be secured through the
City's provider, The Michigan Municipal League, and forwarded to the vendor.

Feel free to contact our office with any questions or concerns.

Date: March 8, 2021
Subject: 2021 Sidewalk Replacement Program
Recommendation for Award

As you know, the maintenance and upkeep of the sidewalk within the public right-of-way is the responsibility of each property owner. In an effort to facilitate repairs, the City has re instituted a Sidewalk Assessment Program as part of a multi-year construction effort to address the high hazard sidewalk areas City-wide (2’ or more of vertical displacement).

Work started in the southwest corner of the City in 2020 (Section 5—see attached map). Sealed bids were received in April 2020 and Luigi Ferdinandi & Son Cement Co. was awarded the job in July as the lowest-qualified bidder. Letters were sent to property owners and construction was completed in Section 5 last fall. Most recently, Hubbell, Roth & Clark (HRC) completed field surveys in Section 2 and Section 4. Again, the focus was to inventory the “immediate” sidewalk areas as well as any “majors” if directly adjacent to a high hazard repair. In addition, Section 5 was re-evaluated for any “immediate” concerns as the last survey for this section was completed a few years ago. Locations and quantities were noted as well as photos taken with data stored electronically for future reference and analysis.

Ferdinandi & Son has agreed to hold 2020 pricing for 2021 as documented in correspondence received last month. We concur with the recommendation of HRC and propose awarding the 2021 Sidewalk Replacement Program to the lowest-qualified bidder, Luigi Ferdinandi & Son Cement Co., via Change Order #1 in an amount of $392,189.00.

At this time, we also recommend $78,930.17 be approved for construction engineering services in accordance with the attached detailed proposal from HRC. Construction engineering covers many components including preconstruction/progress meetings, resident outreach and field coordination, contract alterations, material testing and certification, construction layout/staking, supplemental observation, pay estimates review and approval, GIS as-builts and project closeout. HRC has also recommended a 10% contingency of $39,218.90 be added for any unforeseen construction modifications.

The tentative schedule is to begin construction in late May with substantial completion in late summer 2021. The work is slated for this timeframe to allow property owners ample time to have the work completed by their own contractor, if they choose to do so. Please note this is a traditional sidewalk assessment program and property owners will be responsible for the construction costs.

Funding was previously allocated in the Sidewalk Fund under the following accounts: 470-938-975-001 (Capital-Construction) and 470-938-821-000 (Capital-Engineering).

Feel free to contact our office with any questions or concerns.

Re: Recommendation for Approval of Change Order 01
2021 Sidewalk Replacement Program – Phase II

HRC Job No. 20190847

Gentlemen:

In accordance with your request, Hubbell, Roth & Clark, Inc. (HRC) is pleased to present this letter to recommend the award of the Phase II Sidewalk Replacement Program to Luigi Ferdinandi & Son Cement Co., Inc. (Luigi) of Roseville, Michigan, as Change Order 01 with a value of $392,189.00.

Phase I, which consists of sidewalk replacements in the southwest section of the City, was successfully completed by Luigi in 2020. HRC and the City approached Luigi in late 2020 to see if they would hold their Phase I prices in 2021 if a Phase II replacement program was approved by Council. Luigi agreed to this on August 11, 2020 as part of the Phase I bid documents and again in writing on February 18, 2021. Council approved HRC to conduct the Phase II survey on December 21, 2020. Results of this investigation are included as part of this letter.

Phase II will consist of sidewalk replacements within two (2) additional sections of the City - the Central and East sections - and will address "immediate" sidewalk concerns (2" or greater displacement) and will continue the practice of replacing "major" sidewalk slabs if they are adjacent to "immediate" slabs. These sections are collectively bordered by Greenfield and Woodward to the west and east, respectively, and Catalpa and 12 Mile to the south and north, respectively (see attached map). The approximate total length of sidewalks in these two (2) sections is 37.8 miles*. Additionally, Phase II will include sidewalk replacements of and new "immediate" concerns that have arisen in the Phase I Southwest section.

(*Includes one side each of Catalpa, Greenfield and 12 Mile sidewalks and both sides of Coolidge. Does not include Woodward sidewalk.)

The general scope of work includes the removal and replacement of 4 inch and 6-inch-thick concrete sidewalk slabs. The above-mentioned sidewalk survey in the Central and East sections of the City resulted in the conclusion that approximately 846 privately-owned slabs (21,842 sf) and only one (1) public-owned slab (16 sf) meet the City’s highest priority ranking for replacement (sidewalk vertical differentials of 2" and above). Further, the additional quantity of newly categorized "immediate" (including adjacent "major" slabs) sidewalk replacements from last year’s (Phase I) southwest section is approximately 422 privately-owned slabs (10,908 sf). Thus, a total of 1,268 privately-owned slabs (16,900 sf) and 1 public-owned slabs (16 sf) will be included in the 2021 (Phase II) Program. This is a traditional sidewalk assessment program with the cost of the work billed to the property owner.
As part of the Phase I project, Luigi has submitted satisfactory references for similar road improvement projects completed for the Cities of Eastpointe, Sterling Heights, Pleasant Ridge, Mt. Clemens, Birmingham, and Sterling Heights, and the Townships of Macomb and Plymouth. Additionally, our experience with them during Phase I was favorable.

This project is expected to begin by late May 2021 and should be substantially complete by late summer, 2021. The start date is predicated on the March 15th, 2021 approval of this project by Council and a 60-day grace period during which a resident can replace their slabs on their own. In mid-to-late March each affected residence will receive a letter outlining their options and important dates. HRC will utilize the correspondence created for Phase I.

NOTE: As suggested in Phase I, HRC expects the City’s received and awarded bid, outlined in the letter, will provide residents a significant cost savings over completing the repairs on their own due to economies of scale.

Based on the above, this office recommends award of Change Order 01 to Luigi Ferdinandi & Son Cement Co., Inc. of Roseville, Michigan, with a total amount of $392,189.00, subject to the submission of the necessary bonds and insurance, which comply with the contract specifications. We also recommend that an additional 10% contingency ($39,218.90) be added to the low bid amount. In addition, HRC proposes a not-to-exceed Construction Engineering budget of $78,930.17 also be adopted. A breakdown of the construction engineering costs is attached with this letter.

Based on the above, HRC recommends the City approve the total project construction budget for the 2021 Phase II Sidewalk Replacement Program of $510,338.07 (not-to-exceed maximum, including costs for contingencies and construction engineering).

Enclosed, please find a copy of Change Order 01 for your records. If you have any questions or require any additional information, please contact the undersigned.

Very truly yours,

DTE Electric Company Underground Easement (Right of Way) No. 59287533-59287540

On ________________, 2021, for the consideration of system betterment, Grantor grants to Grantee a permanent, non-exclusive underground easement ("Right of Way") in, on, and across a part of Grantor's Land called the "Right of Way Area".

"Grantor" is: Village of Berkley n/k/a City of Berkley, a Michigan Municipal Corporation, 3338 Coolidge Highway, Berkley, Michigan

"Grantee" is: DTE Electric Company, a Michigan corporation, One Energy Plaza, Detroit, Michigan 48226

"Grantor's Land" is in the Southwest 1/4, Section 18, Town 1 North, Range 11 East, City of Berkley, Township of Royal Oak, County of Oakland, and State of Michigan, and is described as follows:
A parcel of land in and being a part of the Southwest 1/4, Section 18, Town 1 North, Range 11 East, City of Berkley, Township of Royal Oak, County of Oakland, State of Michigan, being more particularly described as follows: Lot 415, except the North 5 feet, also Lots 416 to 428, inclusive, “GLEN FORD PARK NO. 1”, according to the Plat thereof as recorded in Liber 24 of Plats, Page 10, Oakland County Records.

Tax Identification Number(s): 25-18-330-012
More commonly known as: No property address

The "Right of Way Area" is a Twenty (20') foot wide by One Hundred Twenty-Three (123’) foot wide easement on part of Grantor's Land. The centerline of the Right of Way Area shall be established in the as-built location of the centerline of Grantee's facilities, and shall be installed on Grantor's Land in the approximate location described on Appendix A, attached hereto and made a part hereof.

1. **Purpose:** The purpose of this Right of Way is to construct, reconstruct, modify, add to, repair, replace, inspect, operate and maintain underground utility line facilities, which may consist of poles, guys, anchors, wires, manholes, conduits, pipes, cables, transformers and accessories.

2. **Access:** Grantee has the right of pedestrian and vehicular ingress and egress to and from the Right of Way Area over and across Grantor’s Land.

3. **Buildings or other Permanent Structures:** No buildings or other permanent structures or improvements may be constructed or placed in the Right of Way Area without Grantee's prior, written consent. Grantor agrees, at its own expense, to remove any improvement that interferes with the safe and reliable operation, maintenance and repair of Grantee's facilities upon the written demand of Grantee. If Grantor fails to comply with such demand, Grantor agrees that Grantee may remove any such improvement and bill Grantor for the cost thereof, which cost Grantor shall pay within thirty (30) days after demand therefor.

4. **Excavation:** Pursuant to 2013 Public Act 174, MISS DIG (1-800-482-7171 or 811 in some areas) must be called before any excavation in the Right of Way Area may proceed.

5. **Trees, Bushes, Branches, Roots, Structures and Fences:** Grantee may trim, cut down, remove or otherwise control any trees, bushes, branches and roots growing or that could grow or fall in the Right of Way Area and remove any structures, improvements, fences, buildings or landscaping in the Right of Way Area that Grantee believes could interfere with the safe and reliable construction, operation, maintenance and repair of Grantee's facilities. No landscaping, trees, plant life, structures, improvements or fences may be planted, grown or installed within 8 feet of the front door, or within 2 feet of the other sides, of transformers or switching cabinet enclosures, and Grantee shall not be responsible for any damage to, or removal of, landscaping, trees, plant life, structures, improvements and/or fences located in such areas.

6. **Restoration:** If Grantee's agents, employees, contractors, subcontractors, vehicles or equipment damage Grantor's Land while entering Grantor's Land for the purposes stated in this Right of Way, then Grantee will restore Grantor's Land as nearly as is reasonably practicable to the condition in which it existed prior to such damage. Restoration with respect to paved surfaces shall consist of asphalt cold patching of the damaged portion of any asphalted surfaces when the weather conditions suggest such use and

Rev. 08/2015
the cement patching of the damaged portion of any cemented surfaces. Grantee shall have no liability, however, for the restoration or cost of any improvements located within the Right of Way Area, including, but not limited to, parking islands, gutters, fences or landscaping such as trees, bushes, or flowers (but not a simple lawn which, if damaged, will be patched and re-seeded by Grantee) that are damaged by Grantee in the course of constructing, reconstructing, modifying, adding to, repairing, replacing, operating or maintaining its facilities as described in paragraph 1 above.

7. **Successors and Assigns**: This Right of Way runs with the land and binds and benefits Grantor's and Grantee's successors and assigns.

8. **Exemptions**: This Right of Way is exempt from transfer tax pursuant to MCL 207.505(a) and MCL 207.526(a).

9. **Governing Law**: This Right of Way shall be governed by the laws of the State of Michigan.

A RESOLUTION
Of the Council of the City of Berkley, Michigan
Declaring a Local State of Emergency (COVID-19)

WHEREAS, COVID-19, and the possible exposure to persons afflicted with it, constitute a clear and present danger to the health, safety, and welfare of City personnel and persons doing business with or residing in the City. Federal, state, and county orders, directives, guidelines, and recommendations, including from the Michigan Department of Health and Human Services (MDHHS) and the Center for Disease Control (CDC), have been issued in an effort to control the COVID-19 Coronavirus pandemic declared by the World Health Organization (WHO); and

WHEREAS, these federal, state, and county orders, directives, guidelines, and recommendations include closing and restricting business establishments; cancelling, postponing, and limiting the numbers at gatherings of people; postponing or limiting the number of persons required to physically attend public meetings; and calling for appropriate steps to be taken by local governments in an effort to control the spread of COVID-19; and

WHEREAS, these federal, state, and county orders, directives, guidelines, and recommendations have been changed or updated on a frequent basis, and further changes or updates are expected. Most recently, the Michigan Department of Health and Human Services issued an Emergency Order on March 2, 2021, which includes limiting the number of persons permitted to attend indoor gatherings, and requiring the implementation of social distancing protocols and the wearing of face masks. The MDHHS Order directly impacts the City’s ability to conduct indoor gatherings, including public meetings of City Officials, City Administration, City Staff and Employees and members of the general public due to space constraints; and

WHEREAS, COVID-19 and the possible exposure to persons afflicted with it, the emergence of dangerous new COVID variants, and the unavailability of COVID vaccine for most of the public constitute a clear and present danger to the health, safety, and welfare of City residents, personnel, and persons doing business the City; and

WHEREAS, In accordance with the Emergency Management Act, Public Act 390 of 1976, the City’s Emergency Preparedness Ordinance, section 3a(1)(b) of the Michigan Open Meetings Act, and pursuant to federal, state, and county orders, directives, guidelines, and recommendations, the City of Berkley Emergency Services Coordinator, Mayor and City Council have determined and declare a continuing Local State of Emergency due to COVID-19 and authorize the Emergency Services Coordinator, City Manager, or Mayor, in conjunction with City Staff and Police and Fire Services, to act in accordance with the City of Berkley Emergency Preparedness Plan, to ensure that indoor gatherings are conducted safely and in accordance with applicable federal, state, and county orders, directives, guidelines, and recommendations relating to COVID-19.

THEREFORE, IT IS RESOLVED AND DECLARED by the Emergency Services Coordinator, City Manager, Mayor and City Council of the City of Berkley, Oakland County,
Michigan, that there is a continuing Local State of Emergency in the City due to COVID-19, and that MDHHS orders the City of Berkley Emergency Preparedness Plan be implemented to ensure that local resources are to be used as needed and to the fullest extent possible.

**IT IS FURTHER RESOLVED AND DECLARED THAT:**

1. The City Council authorizes the Emergency Services Coordinator, City Manager, or Mayor to take appropriate measures, in their discretion, to respond to or protect City residents, businesses, and personnel from the declared Local State of Emergency by adopting and enforcing all appropriate measures, including but not limited to:
   
   A. Taking actions necessary to comply with federal, state, and county orders and directives that are binding on the City.
   
   B. Limiting, cancelling, or postponing City meetings and functions to those required by law.
   
   C. Cancelling, postponing, or establishing emergency rules for any public meeting of a City Council, board, commission, or committee, and providing public notice and conducting City Council, board, commission, and committee meetings electronically with remote attendance, in accordance with the Open Meetings Act, as amended, and the electronic meetings rules previously adopted by Council.

2. This Declaration shall remain in effect until the earlier of June 30, 2021 or the City Council determines the Local State of Emergency no longer exists and terminates this Declaration.

3. To the extent the previous emergency declaration, Resolution No. R-03-20, adopted by City Council on March 31, 2020, remains in effect, this Declaration terminates and supersedes that prior Declaration.

Introduced and passed at a Regular City Council Meeting on Monday, March 15, 2021.

Motion:
DATE: March 11, 2021

TO: Matthew Baumgarten, City Manager

FROM: Matt Koehn, Director of Public Safety

SUBJECT: BERKLEY DAYS 2021

The Berkley Days Association has submitted an application for “Berkley Days 2021” with events being held from May 12, 2021 through May 16, 2021. All of the events will take place and/or will start/end at, the Berkley Community Center. Events include: 10K run (which has not been finalized), softball game, beer tent, petting zoo, food trucks, and carnival rides. If the 10K run occurs, it will take place on Saturday May 15, 2021 in the morning. The 10K run will follow the same routes as previous years and no road closures will take place.

The Department of Public Safety has reviewed the application and discussed the events with Ms. Denise Downen, Chairperson for the Berkley Days Association. The Berkley Days Association has a 501(c)(3) tax exempt status (EIN 38-3106231) and proceeds from the events will be donated to local community organizations. The event will be staffed by Berkley Days Association volunteers. The “Beer Tent” will actually be in a tent (see map) and Robina will be closed south of Catalpa (other than a dedicated fire lane).

BDPS attended an online meeting with Denise Downen and Bob Skerbeck from Skerbeck Family Carnival to discuss the current MDHHS Epidemic Order (March 2, 2021 Gatherings and Face Mask Order) which states in part:

- Attendees must remain masked at all times, except when eating or drinking in designated areas
- General capacity limitations at outdoor non-residential gatherings are permitted where 300 or fewer persons are gathered
- Consumption of food or beverages is permitted only where attendees are seated, groups of attendees are separated by at least 6 feet, no more than 6 attendees are seated at a table, and groups of attendees do not intermingle

There was some discussion as to whether this event is an “outdoor gathering” (capacity limit of 300 people) or an “outdoor entertainment facility or recreational facility” (capacity limit of 1,000 people). After research, it is the belief of DPS that this event is an “outdoor gathering” with a capacity limit of 300. Ms. Downen and Mr. Skerbeck were advised that if they can obtain any documentation from MDHHS stating that this event is considered
an “outdoor entertainment facility or recreational facility” they should provide it to the City. All tents will have, at most, one side, making them “outdoor” according the current MDHHS Epidemic Order.

Ms. Downen and Mr. Skerbeck advised that their volunteers and employees will do everything in their power to assure the MDHHS Epidemic Order will be followed (see attached documents). This includes the limit on the number of attendees, the requirement of masks, and the necessity of having designated food/drink areas. It was made clear that the City and BDPS will not be responsible for enforcement of any MDHHS Epidemic Order. Mr. Skerbeck agreed to work with the Berkley Days Committee to train the volunteers that are patrolling the grounds for mask and social distancing violations, including de-escalating conflict. Mr. Skerbeck advised that other nearby municipalities, including the City of Oak Park, plan on having events this summer that involve his company.

It should be noted that the current MDHHS Epidemic Order expires on April 19, 2021, prior to this event. It was discussed by all the possibility of the need to adjust all aspects of this event based on whatever MDHHS Epidemic Order is in place at the time of the event.

The Department of Public Safety will collaborate with the Berkley Days Association and the Berkley Department of Public Works to work out all of the details of the various events and create an Emergency Operations Plan (EOP).

Ms. Downen has been advised that the Berkley Days Association will need to submit the following to the City Clerk’s Office prior to the event:

- Proof of Commercial Liability Coverage on an "occurrence basis", naming the City of Berkley as additional insured, with no less than $1,000,000 per occurrence and/or combined single limit, Personal injury, Bodily injury, and Property Damage
- Liquor Liability, $500,000 per occurrence and $500,000 aggregate
- Financial report for the preceding fiscal year

There have not been significant problems at previous Berkley Days. The Department of Public Safety will assign personnel to monitor the event.

A Traffic Control Order (TCO) will be prepared by DPS for this event.

The Department of Public Safety recommends, at the discretion of City Council, approval of Berkley Days 2021; contingent upon the Berkley Days Association providing proof of commercial liability coverage, and financial report for the preceding fiscal year prior to the event and approval of other city departments.

ATTENTION

Food Truck Operators

Are you aware that your compressed gas cylinders must be inspected?

Cylinders are required to be requalified, or replaced every 5-12 years depending on the cylinder type, condition, and previous requalification method (Ref. 49 CFR §§ 180.205(d) and 180.209).

The original manufacture/test date and any requalification/retest dates must be presented in a specific manner. Cylinders that are overdue for requalification must not be refilled.

If propane tanks are manufactured to ASTM Standards and built into the truck's body making it difficult to remove, then these tanks are exempt from the DOT reinspection requirements.

For more information, contact the Hazmat Info-Center: 1-800-467-4922.

Requalification Date

Original Manufacture/Test Date
If no requalification markings are found, the cylinder must be requalified within 12 years of the original manufacture date. (Must be requalified by 5/2017 in this example)

Volumetric Test.
Basic Marking. Must be requalified within 12 years of stamped date (Must be requalified by 7/2026 in this example)

Proof Pressure Test.
"S" indicates cylinder must be requalified within 7 years of stamped date (Must be requalified by 7/2021 in this example)

External Visual Test.
"E" indicates cylinder must be requalified within 5 years of stamped date (Must be requalified by 7/2019 in this example)

If cylinder is out of test find an approved requalifier to requalify your cylinder. A list of DOT approved requalifiers is available from the PHMSA website:

Good Morning Victoria:

Public Works has reviewed the application for 2021 Berkley Days and the associated 10K run. The event is proposed from May 10 (set up) through May 16.

We offer the following comments and request they be forwarded to the applicant:

1. Sunnyknoll is noted on the map as "Parking by Permit Only". Public Safety will need to approve this arrangement and please note the DPW does not have this type of signage in our inventory.
2. We recommend prior notification to all of the residents in the immediate area.
3. A 10K run is proposed on May 15 or 16. Please clarify the run date and note we recommend Saturday vs. Sunday to moderate overtime costs.
4. Public Safety will need to produce a TCO for the event. Once the TCO is received, the event will be programmed in the DPW work order calendar.
5. Proof of liability insurance is outstanding and we note it is expected to be submitted by the applicant within a week.

Thank you.

Berkley Days COVID Response Plan

Introduction

Berkley Days is committed to proving the safest possible environment for the health and welfare of our patrons and our community. The following procedures and protocols are put in place based on the “Department of Labor and Economic Opportunity MiSafeStart: Entertainment recommendations PRELIMINARY AND PRE-DECISIONAL | July 14, 2020”, guidelines. We will promote social distancing, implement additional cleaning and sanitizing, as well as a mask mandate. We will operate within the guidelines put forth by the CDC and Michigan health department, as well as any other government mandates.

Masks

Masks must be worn at all times (except when eating and drinking).

Volunteers

All volunteers must wear a mask at all times (unless eating or drinking).

If you or a member of your household have any COVID symptoms STAY HOME.

If you or a member of your household have tested positive for COVID in the two weeks leading up to the event, you may not work the event without a negative test result.

If you start to develop symptoms at the event or throughout the course of the event please contact Denise Downen to document your symptoms and provide contact tracing.

Volunteers must wash hands or use hand sanitizer frequently.
Vendors

All vendors must wear a mask at all times (except when eating and drinking).

If you or a member of your household have any COVID symptoms STAY HOME.

If you or a member of your household have tested positive for COVID in the two weeks leading up to the event, you may not work the event without a negative test result.

If you start to develop symptoms at the event or throughout the course of the event please contact Denise Downen to document your symptoms and provide contact tracing.

Vendors must wash hands frequently and or use hand sanitizer.

Hand sanitizer must be available on your table at all times for personal and patron use.

Vendor booths will be ten feet apart to enable social distancing.

Only one patron pod is allowed per booth at a time.

Pathways will be marked with travel directions and socially distanced in six-foot increments.

Isles between booths will be thirteen feet wide.

Beer Tent

Limited capacity will be observed with the use of a hostess to track the number of patrons in the beer tent.

Security will be present at the entrance of the beer tent, as well as inside.

Tables will be placed ten feet apart

Tables will be 10 feet from bar lines.

No more than six people at a round table, and ten at a rectangular table.

No more than two pods per table.
Bar lines will have floor markings socially distanced at six feet.

Bar tables will be sanitized hourly.

Hand sanitizers (3) will be available at all times for personal and patron use.

Bussers will clean/sanitize tables and chairs in between patron use.

Signage will be posted with current health orders and event requirements.

Food may be brought into the beer tent for consumption.

Entertainers may perform without a mask so as they remain ten feet away from patrons.

Bartenders must wash or sanitize hands and taps frequently.

There will be no sides on the beer tent to increase ventilation. The perimeter of the beer tent will be clearly marked with snow fencing.

**Porta-Potties**

All Porta-Potties will be sanitized hourly.

**Patrons**

Patrons will be required to wear a mask at all times (except when eating and drinking).

Patrons are required to follow all government, health, and event orders or they will be escorted off the premises without a refund.

**PPE**

Berkley Day will have masks and gloves available free of charge for volunteers and patrons.
**High contact surfaces**

All high contact surfaces, bars, tables, chairs, restrooms, etc. will be cleaned and sanitized each night of the event, after closing.

Sanitizing solution or a bleach solution will be used to sanitize surfaces.

Hot soapy water will be used to clean surfaces.

**Contact Tracing**

Vendors, patrons, and volunteers are asked to come to the Berkley Days booth and report any COVID symptoms they begin experiencing at the event. They will be examined by medical staff if necessary. The person's name, phone number, and symptoms will be recorded and reported to the Health Department.

Any person who has a positive test after attending Berkley Days within a week is asked to contact Denise Downen at 248-904-4300 to report a positive test. Best efforts for contact tracing will be provided and reported to the Health Department.
March 15, 2021 City Council Meeting

Moved by Councilmember_____________ and seconded by Councilmember______________
to authorize the City Manager to enter into a three-year Professional Services Agreement with Systemp Corporation of Rochester Hills, Michigan to perform Heating, Ventilation, and Air Conditioning (HVAC) Equipment Preventative Maintenance Services for the City of Berkley municipal buildings, not to exceed $10,100 annually. This expenditure will be charged to account numbers 101-265-931-000, 101-310-931-000, 101-738-931-000, 614-105-933-000, and 101-441-931-000.

Motion:
MEMO

To: Matthew Baumgarten, City Manager
From: Dan Hill, Public Policy Assistant
Date: March 11, 2021
Subject: Recommendation for HVAC Maintenance Contractor

On Monday, March 1, 2021 the City received eight bids in response to the City’s Request for Proposals regarding Heating, Ventilation, and Air Conditioning (HVAC) Equipment Preventative Maintenance Services; of the eight received, six were considered complete in their submission of the required information and procurement documents. Packages from each bidder, as well as, the bid tabulation sheet were prepared by the City Clerk.

Request for Proposal
Within the Request for Proposal (RFP) published by the City on the City’s website and through the MITN BidNet database, we outlined the scope of services we expect from our selected contractor on a set quarterly basis to help maintain and extend the life of our HVAC equipment assets. The scheduled Mechanical Preventative Maintenance Program will include inspection, replacement of air filters, belt replacement, condenser cleaning, chemical treatment, humidifier service, and necessary labor and transportation costs associated with providing these services. Within our RFP we included an inventory list of our HVAC equipment in our municipal buildings, upon City Council approval I will be scheduling a walk-through with our selected vendor to fully review the locations and technical aspects of all HVAC equipment.

Bid Selection Process
In reviewing the Bid tabulation sheet, it was immediately noticed that the proposed costs were all over the place, ranging from $9,123.24 to $58,000.00 annually. In consideration of our previous contractor Commercial Climate Controls, billing us approximately $9,000 annually for all five municipal buildings, I aimed to keep the increase in expenditure relatively minimal while also ensuring we were receiving quality service. With this in mind the only suitable bid that was considered complete was that of Systemp Corporation.

Following this determination I conducted reference checks with their three supplied references which included Livonia Public Schools, Magnum Industrial, and the City of Detroit. In my conversation with Stella Boyd from the City of Detroit, she indicated that she would definitely recommend their services to any municipality looking for quality service at an affordable price. She went on to state that the City of Detroit has renewed their contract several times with the most recent iteration being renewed in 2017, and over their lengthy relationship with Systemp there has never been any issues and she is confident that had their been, the company would have remedied them immediately due to the high quality of work and customer service they have historically provided.
In conversation with Harry Lau from Livonia Public Schools, he ultimately repeated many of the same sentiments that were expressed by Ms. Boyd from the City of Detroit. Mr. Lau explained that they have utilized Systemp for regular maintenance, but also for major projects such as a boiler replacement that recently occurred; in the school district’s boiler replacement project, Mr. Lau credited Systemp Corporation with saving them approximately $200,000 and ensuring that the new boiler system was ready to provide service to the building for many decades to come.

Cost of Services
This service agreement will impact every municipal building in the City and result in minimal changes to each building’s annual HVAC expenditure. The breakdown of changes is as follows:

<table>
<thead>
<tr>
<th>BUILDING</th>
<th>ACCOUNT</th>
<th>PREV. PRICE</th>
<th>SYSTEMP</th>
<th>DIFFERENCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>City Hall</td>
<td>101-265-931-000</td>
<td>$2,014.48</td>
<td>$2,500.00</td>
<td>$485.52 ↑</td>
</tr>
<tr>
<td>Library</td>
<td>101-738-931-000</td>
<td>$1,517.32</td>
<td>$1,400.00</td>
<td>$117.32 ↓</td>
</tr>
<tr>
<td>Parks &amp; Rec</td>
<td>614-105-933-000</td>
<td>$1,385.26</td>
<td>$1,800.00</td>
<td>$414.74 ↑</td>
</tr>
<tr>
<td>Public Safety</td>
<td>101-310-931-000</td>
<td>$2,680.00</td>
<td>$3,000.00</td>
<td>$320.00 ↑</td>
</tr>
<tr>
<td>Public Works</td>
<td>101-441-931-000</td>
<td>$1,410.00</td>
<td>$1,400.00</td>
<td>$10.00 ↓</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td><strong>$9,007.06</strong></td>
<td><strong>$10,100.00</strong></td>
<td><strong>12.1% ↑</strong></td>
<td></td>
</tr>
</tbody>
</table>

As the table above indicates, we will experience a 12.1% increase for building maintenance service expenditures across all municipal buildings. This increase is expected as we have not bid this service out since 2014 when the previous prices were set, and falls closely in line with the estimated 10.5% inflationary increase over the last seven years.

Recommendation
In full consideration of all factors including their proposed pricing, 28 years of experience, and their glowing reviews from a variety of references representing a municipality, educational organization, and a private sector organization, I recommend that we seek approval from City Council to enter into a professional services agreement with System Corporation.

Please let me know if you need any further information or justification on these expenses, as always, I will plan to attend the City Council meeting on March 15th to answer any questions that City Council may have.

Thank you,

Daniel S. Hill

MEMO

To: Matthew Baumgarten, City Manager
From: Dan Hill, Public Policy Assistant
Date: March 10, 2021
Subject: Recommendation for Historic Fire Hall Roof Replacement

On Monday, March 5, 2021 the City received two bids in response to the City’s Request for Proposals regarding the replacement and annual maintenance of the Historic Fire Hall’s shingle roof. Packages from each bidder, as well as, the bid tabulation sheet were prepared by the City Clerk.

Request for Proposal
Within the Request for Proposal (RFP) published by the City on the City’s website and through the MITN BidNet database, we outlined the scope of services we are hoping to acquire in the process. The services include inspecting the roof and determining the presence of damages, leaks, or deterioration to the decking, flashing, underlayment, ridge cap, or exposed seams. Subsequently we requested proposals which would provide complete replacement of the asphalt shingle roof, including color-matching to preserve the building’s historic look. Finally we sought a contractor which could provide a web-based reporting system that can be utilized for damages or scheduling annual maintenance.

The RFP also included an alternative scope focusing on repairs or replacement of the fascia, soffit, or architectural millwork in places which were damaged or deteriorating. Any replacement or repair will be done to be identical to the current decorative look of the building.

Bid Selection Process
As part of the bidding process, the RFP required any interested bidders to attend a pre-bid site visit so that interested bidders would have ample opportunity to evaluate the current condition of the roof and provide an estimate that would be appropriate to the scope of work to be performed. Both contractors which submitted bids were in attendance at the required site visit.

Following the public opening of the bids, I evaluated the proposals of both contractors in order to determine the City was receiving the most favorable outcome of the work to be done. In my evaluation of the bid packages I carefully examined the differences between the two contractors, especially considering the proposals were within $5000 of each other and from two wholly qualified and experienced firms. In my evaluation, Schena Roofing and Sheet Metal was the only contractor which discussed the repair and maintenance of the flat roof that is present at the
top of the Fire Hall structure, repairs to deteriorating facia, and the installation of all new accessories to match the newly fabricated flashing for the roof.

I also performed reference checks with the supplied references for both bids. Schena Roofing and Sheet Metal received glowing reviews from all three of their references which include the City of Berkley Public Works Department, City of Berkley Public Safety Department, the City of Richmond, and the City of Warren Wastewater Treatment Plant. The City of Richmond stated that they, "have never once had a bad experience with Schena, they are fantastic with quick repair work, and we would recommend them to anyone needing roof work." The City of Warren’s reference followed suit in positivity and further stated that they have renewed their roof contracts with the company for at least four extensions due to their high caliber of workmanship.

**Cost of Services**

Overall Schena’s proposal came in as the lowest bidder at $27,885.00, with deck replacement being billed at an additional cost of $4.25 per linear foot, and fascia replacement being billed at an additional cost of $4.75 per linear foot. With these variable costs and my conversations with the contractor, I have requested the additional $2000.00 of expenditure from the City Council which should wholly cover any of these variables.

**Recommendation**

It is wholly my recommendation that we award the replacement of the Historic Fire Hall Roof bid to Schena Roofing and Sheet Metal of Chesterfield, Michigan. The firm’s low cost, thorough evaluation and recommendations, and their glowing references and reputation lead me to believe that the City will receive services that will renew and protect the Fire Hall roof for years to come.

With the requested amount of $29,885.00, I acknowledge that we are beyond our initial budgeted amount of $26,000 in Account 101-265-976-000, however this work is crucial to ensuring the structural integrity of the historic fire hall structure which needed a roof leak repaired in Fall of 2019.

Please let me know if you need any further information or justification on these expenses, as always, I will plan to attend the City Council meeting on March 15th to answer any questions that City Council may have.

Thank you,

Schena Roofing & Sheet Metal

Schena Roofing & Sheet Metal Co., Inc. ("Schena") and the customer identified in the Proposal ("Customer"), collectively referred to as "Parties," agree to the following terms and conditions to this agreement ("Agreement"): 1. Standard of Care: Schena represents and warrants that it will perform all work in a workmanlike manner in accordance with standard practices. Customer agrees and acknowledges that wrinkling is a normal condition which may occur with new installation of mechanically attached single-ply membranes, and that most wrinkles will dissipate within the first year of installation. Schena is not liable for any oil canning conditions in sheet-metal installations. Unless excluded in Schena’s Proposal, and pursuant to Schena Roofing Warranty Provisions, Schena provides Customer a two-year warranty on workmanship for roof replacements or a one-year warranty on workmanship for service work, but expressly disclaims any and all other warranties, whether express or implied in nature, including any warranty of merchantability and/or fitness for a particular purpose. All warranty claims must be submitted to Schena within that respective one-year or two-year period, or is waived. Schena assigns to Customer any warranties furnished by material manufacturers to the extent Schena is permitted to assign such warranties. 2. Scope of Work: Schena’s scope of work is fully set forth in its Proposal, and will be performed within a reasonable amount of time. Should Schena perform any extra work, should there be any changes to the work, and/or should there be a differing site condition (including unanticipated concealed conditions or conditions of an unusual nature), Schena shall be entitled to an equitable adjustment to the contract sum and time. 3. Payments: Customer agrees to pay Schena in full within 15 days of receiving an invoice for the work, unless otherwise agreed to in writing in Schena’s proposal. Late payments shall be subject to a time-price differential of 1.5% per month. Should Schena have to initiate any action to collect overdue payments from Customer, Schena shall be entitled to recover from Customer all collection costs and fees, including attorney fees. 4. Insurance: Schena represents that it maintains commercial general liability insurance and workers’ compensation insurance. Customer shall maintain property insurance, including coverage for fire, tornado, and other necessary insurance. Should any damages be covered by Customer’s property insurance, Customer waives any rights to subrogation against Schena. 5. Governing Law and Forum: This Agreement shall be interpreted under and governed by Michigan law. Customer hereby waives any claim against Schena in any way related to mold, and agrees that Customer’s sole rights against Schena for defective work, including any breach of warranty, is for Schena to cure its defective work within a reasonable amount of time. Any dispute between the Parties shall exclusively be in state court in Michigan. The Parties agree that any claims Customer has against Schena, whether in contract, warranty, tort, or otherwise, shall be filed in the proper court no later than two years after Schena completes its work on the project, otherwise such claims are hereby waived. 6. Representations: Prior to roof installation, Schena will visually inspect the surface of the roof deck for obvious visual defects, but is not obligated to perform any further inspections. Schena is not responsible for any structural deficiency, quality of construction of others (including compliance with FMG criteria), undulations, fastening, or moisture content of the roof deck or other trades’ work design. Schena is not responsible for condensation, moisture migration from the building interior or other building components, location or size of roof drains, or adequacy of drainage or ponding on the roof due to structural conditions. Customer represents and warrants that structures on which Schena is to work are in sound condition and
capable of withstanding roofing construction, equipment, and operations. Customer further represents that it is aware that roofing products emit fumes, vapors, and odors during the application process, and Customer shall take all necessary action to protect any person from these emissions. 7. Force Majeure: Schena shall have no liability for failure or delay in performing obligations set forth in this Agreement, and Schena shall not be deemed in breach if such failure or delay is due to natural disasters, strike, lockout, or other industrial or transportation disturbances, law, regulation or ordinance, or any causes beyond the reasonable control of Schena. 8. Indemnity: Customer shall defend and indemnify Schena for any claim, liability, damages, losses, or expenses arising in any way out of Customer's negligence, fault, or breach of contract duties. 9. Integration: This Agreement constitutes the entire agreement between the parties and supersedes any and all other agreements, either oral or written with respect to the subject matter hereof.
