

Website Development Program

Description of Program:

To assist business owners in creating or improving local, state and national advertising through the creation or improvement of their website.

Requirements:

- Completed Program Application
- Business owners seeking assistance under this program are required to secure a bid or cost estimate from a qualified website developer. Upon receiving the bid or cost estimate, business owners may apply for approval of a project of their website. If approved, the business owner would contract with the qualified developer to have the work done and a 50% match will be provided to a maximum of \$1,500.
- Reimbursement for the matching funds will be paid to the business owner after providing to JDA the billing document and proof of payment.

JDA has the sole discretion to determine approval of the request based on a variety of factors including, but not limited to: geographic location, need in the community, job development and/or retention and JDA's budget.
