RE: Final Reading of Proposed Ordinance Amendments

Autoloading collection was the only method offered by garbage pickup service contractors during the last bidding process. Therefore, the Township needs to amend our Garbage ordinance to define and allow the new container types and the placement requirements necessary to allow autoloading.

It had also been discussed to allow commercial properties that only generate residential amounts (the 96-gallon container) the opportunity to request and participate in garbage collection service subject to the refuse committee's approval.

1. The language of the ordinance amendments will be read at the April 10th meeting as the "first reading".
2. Once the language is approved the proposed ordinance will be posted at the Clerk's office and on our website.
3. Within 7 days the location of the posted ordinance and a summary will be published in the paper.
4. At the next regular meeting or properly posted special meeting the ordinance can be adopted by a majority of Township Board members by roll call vote.
5. The adopted ordinance will then be posted in the Clerk's office and on the website within 30 days. The complete ordinance is then recorded in the Township Book of Ordinances and a notice of adoption and the location of posting published in the paper within 7 days.
6. The affidavit of publishing is then recorded with the ordinance.

NOTE: The attached ordinance with proposed amendments shows text to be removed in Highlighted in **YELLOW**. Language to be added is highlighted in **GREEN**.

Respectfully Submitted,

Steve Mulka, Superintendent

COLLECTION SERVICE

§ 50.15 TOWNSHIP COLLECTION ESTABLISHED.

The township shall collect and dispose of all garbage and refuse from residential housing units and charitable organizations, which collection and disposal service may be made under the provisions of a contract with a duly licensed garbage and refuse handler.

(Ord. 1-2008, passed 3-24-2008; Ord. passed 12-9-2013)

§ 50.16 EXCEPTION TO COLLECTION SERVICE.

(A) Garbage and refuse collection and disposal service shall be provided by the township only to owners and occupants of single-family residential units, residential duplexes, mobile home parks and charitable organizations located in the township.

(B) The refuse committee may approve to provide collection and disposal services to a commercial location that generates at or below the gallon limit as stated in 50.19(C) (96 gallons) provided the contractor also approves the location and it has safe access for autoloading and conforms with 50.17 ACCEPTABLE MATERIALS FOR COLLECTION.

(Ord. 1-2008, passed 3-24-2008; Ord. passed 12-9-2013)

§ 50.17 ACCEPTABLE MATERIALS FOR COLLECTION.

(A) Garbage and refuse as herein defined shall be collected and disposed of by the township. The township shall not collect and dispose of debris and hazardous wastes and animal or human excretion.

(B) Medical waste shall be disposed of in accordance with part 138 of the Michigan Public Health Code being Public Act 368 of 1978 as amended, M.C.L.A. §§ 333.13801, et seq.

(C) Packaging of sharps (needles). Sharps, as defined in M.C.L.A. § 333.13807(7), shall not be placed in garbage bags or cans but shall be contained for disposal in leak proof, rigid, puncture-resistant containers that are secured to prevent the loss of contents. The container shall be labeled with the word "sharps".

(Ord. 1-2008, passed 3-24-2008; Ord. passed 12-9-2013) Penalty, see § 50.99

§ 50.18 UNLAWFUL DISPOSAL OF WASTE.

It shall be unlawful for any person to attempt to, or to dispose of, garbage and refuse within the township, other than as permitted by the terms in this chapter.

(Ord. 1-2008, passed 3-24-2008; Ord. passed 12-9-2013) Penalty, see § 50.99

§ 50.19 FRANCHISE COLLECTION; SCHEDULE.

(A) All garbage and refuse shall be collected from single-family residential dwellings, residential duplexes and charitable organizations within the township by a franchisee authorized by the township to do business in the township, unless the waste is otherwise properly transported and deposited at a state authorized and duly licensed waste disposal site.

(B) The township shall provide for a systematic waste collection and disposal system, which shall provide for the collection of garbage and refuse from suitable roadside locations at least once each week.

(C) The township shall collect once every week from each residence, the garbage and refuse generated by the owner or occupant. Each residence shall be limited to a total of ~~100~~ 96 gallons of refuse per week. The refuse shall be placed in approved containers to a maximum of ~~50~~ 150 pounds each. All garbage and refuse containers shall be placed within three (3) feet of the roadside and at least three (3) feet away from all objects including: a second cart, mailbox, car or tree. The lid opening should face the street with the wheels of the cart facing your house, or in alley when seasonally permitted and shall be in bags or in approved containers and shall not exceed 100 96 gallons per residence per week. A second cart is available for an additional fee of \$6.00 per month which provides an additional 96 gallons of refuse collected. Fees are subject to change per contract.

(D) The schedule of routes and days for the weekly garbage and refuse collection service created by this chapter shall be determined by the township.

(Ord. 1-2008, passed 3-24-2008; Ord. passed 12-9-2013) Penalty, see § 50.99

§ 50.20 HOLIDAY COLLECTION.

(A) Garbage and refuse collections shall not be made on the following holidays:

- (1) January 1 (New Year's Day);
- (2) The ~~first~~ ~~last~~ Monday in May (Memorial Day or Decoration Day).
- (3) July 4 (Independence Day);
- (4) The first Monday in September (Labor Day);
- (5) The fourth Thursday of November (Thanksgiving Day); and
- (6) December 25 (Christmas Day).

(B) Whenever collections are interrupted because of one of the foregoing holidays, the collection of refuse from residential units shall be postponed one day.

(Ord. 1-2008, passed 3-24-2008; Ord. passed 12-9-2013)

§ 50.21 LANDFILL DISPOSAL.

All garbage and refuse collected by the township shall be properly disposed of at a sanitary landfill approved for such purposes by the state pursuant to the Waste Management Act.

(Ord. 1-2008, passed 3-24-2008; Ord. passed 12-9-2013)

§ 50.22 COLLECTION CONDITIONS AND RESPONSIBILITY.

(A) The owner or occupant of a residential unit shall not permit the accumulation of garbage and refuse upon any premises under his or her control for a period of more than 14 days.

(B) The owner or occupant of a residential unit or charitable organization intending to use the garbage and refuse collection service shall place accumulated garbage and refuse in plastic garbage bags or approved containers which shall be tightly sealed. The garbage bags and the approved containers shall be placed by the owner or occupant of the residential unit or charitable organization in an alley when seasonally permitted or at the roadside in front of the unit no more than one day prior to the scheduled collection date and no later than 6:00 a.m. on the day of collection. If the residence is on a private road, the collection point will be at the nearest public road, or at a location designated by the township.

(C) The garbage bags and approved containers intended for collection shall not be broken or left open. A garbage bag shall not exceed 30 gallons when filled or weigh more than 30 pounds when filled. A 50-gallon approved container shall weigh no more than 50 pounds when filled. The user of this service shall not place or cause to be placed at roadside, for township collection and disposal, any unacceptable materials for collection in a garbage and refuse bag or a container used for collection of garbage and refuse.

(D) The owner or occupant of a residential unit shall clean up and remove from the roadside and premises any scattered garbage and refuse resulting from the breakage or opening of any garbage bag, or other container used for garbage and refuse collection disposal within 24 hours after the same has been scattered. Any garbage bag or container contents not accepted for collection shall be removed from the roadside within 24 hours of the regularly scheduled collection day.

(Ord. 1-2008, passed 3-24-2008; Ord. passed 12-9-2013) Penalty, see § 50.99

§ 50.23 RATES, CHARGES, SOLID WASTE FEES.

(A) (1) The rates, including late fees, to be charged for garbage and refuse collection and disposal service shall be established periodically by resolution of the Township Board, which charges may be enacted apart from the published ordinance, and the solid waste fee shall be in an amount as the Township Board shall deem necessary to be sufficient revenues to pay all or part of the garbage and refuse collection and disposal costs as shall be deemed necessary by the Township Board. A solid waste service charge shall be charged to the owners of all residential housing units for the services, and the charges shall be made against each lot, parcel or premises to which garbage and refuse collection services are supplied by the township, and the service charge shall be paid to the township by the owners thereof. In the event a commercial location is approved for garbage and refuse collection and disposal service, the same solid waste service charge shall be charged to the business itself operating out of the commercial location, and the service charge shall be paid to the township by the business thereof

(2) The solid waste service charge for waste collection services to the single-family residential premises shall be a uniform rate.

(3) The solid waste service charge for waste collection services to a residential duplex shall be twice the sum charged to a single-family residential premise.

(4) No free service shall be allowed for any user of the waste disposal and collection system, except for charitable organizations.

(5) The Township may charge a late fee to owners of real estate for failure of an owner to make timely payment of the charges for garbage and refuse collection.

(B) (1) If payment for waste collection and disposal service is not made within 30 days of the due date specified on the bill, a penalty will be added one day after the due date. Interest will be added on the first day of each month after the due date and every month thereafter until paid. Notice of late payment or outstanding balances due and owing shall be sent by first class mail to the premises receiving garbage and refuse collection and disposal service notifying the owner or occupant of the premises that service may be discontinued. After notice is provided, the township may discontinue garbage and refuse collection service from the premises against which the lien created by this chapter has accrued if a person fails to pay the charges, and the township may institute a civil action for the collection of the same against the owners of the premises. The township's attempt to collect these charges by civil process shall not invalidate or waive the lien upon the premises.

(2) The township shall have, as security for payment of waste collection and disposal service charges, for charges to any customer, a lien upon the premises to which the waste collection and disposal service was supplied. The lien shall become effective immediately upon billing for the service to the premises. The lien may be enforced and collected by the general laws of the state providing for the enforcement and collection of delinquent property taxes. Any delinquent amount remaining past due for more than six months shall be certified to the Township Assessor, to be entered against the premises to which the

services were rendered and placed on the next winter tax roll of the township for collection. The lien created by this chapter shall have priority over all other liens except taxes or special assessments, and shall have equal priority with other liens imposed for township-supplied municipal services.

(3) A committee shall be created and referred to as the Refuse Committee. The Refuse Committee shall consist of three members of the Township Board and the Township Superintendent who shall do the following:

(a) Evaluate any written request or application, including any supporting documents, of a waiver or reduction of a service charge submitted by the owner or occupant of a premise entitled to receive service. The Refuse Committee shall determine based on the written request or application, and any supporting documents, whether a waiver or reduction in charge is warranted or if certain commercial properties qualify for residential type pickup;

(b) Recommend to the Township Board the interest rate applicable to unpaid service charge balances;

(c) Recommend to the Township Board the penalty applicable to unpaid service charge balances; and

(d) Recommend to the Township Board the billing procedures applicable to charging owners and occupants of premises receiving service.

(4) The interest, penalties, and billing procedures are to be approved by the Township Board and listed in the schedule of fees.

(Ord. 1-2008, passed 3-24-2008; Ord. passed 12-9-2013) Penalty, see § 50.99

§ 50.99 PENALTIES, INTEREST AND BILLING PROCEDURES.

The penalties, interest and billing procedures for unpaid balances shall be determined by the Township Board and listed in the schedule of fees.

RE: Copier Bid Recommendation

Copier Bids were compared last week and attached is a comparison sheet. We choose to compare Coopers three bids and OPG's three most appropriate bids.

Highlighted are the two best fits agreed on by members of the Township staff. Both models offer higher speed, larger tray capacity and are similarly priced.

When evaluating, I considered the invoicing terms. Cooper invoices quarterly versus monthly, which I feel is to our advantage, being that the months we under utilize our copy allowance we can take advantage of those savings. When billed monthly, if we under utilize our copy allowance we simply pay the same amount regardless. For example:

		January	February	March	
	Actual Usage for BW	1424	1100	1498	
	Cooper Allowance for BW	10,000 Over 3 Months			
	OPG Allowance for BW	4,000	4,000	4,000	
	Actual Usage for Color	2,003	2,846	1,949	
	Cooper Allowance for Color	1,000 over 3 Months			
	OPG Allowance for Color	0	0	0	

For this reason, it is my recommendation that the Board elects to purchase the Cooper Konica BIZ HUB 650i.

Respectfully Submitted,

Holli Beeck

RE: Mower Bid Recommendation

The DPW is recommending the **Toro Proline H800** model High lift Mower. Attached is a spec comparison that shows differences in the two models bid in question. Note the Toro is \$13,724.00 more expensive. Significant differences are it has a 10.8 gal tank vs a 4.7, the hopper holds 1 cubic yard vs a less than half, a 50 inch deck will be more sufficient for going between stones in the cemetery, the hopper also lifts 10 inches higher, it has work lights, and has a self-cleaning deck. The Toro also features auto shut off when the hopper is full. With the Toro model the operator places his feet on the machine itself (a foot deck). With the walker brand the operator places his feet on the deck having to move his legs with the terrain. The Walker model actually has a smaller hopper than the current machine (Toro 224) we are using now. We would be emptying the hopper and filling it with fuel twice as much as the larger Toro.

As a reminder and another reason to support the Toro, this company did donate the last machine, a Z master 7500 to us at no cost valued at over 50K in pricing. Both Machines have hydrostatic operation but are belt driven PTOs. (a good feature) for the cemetery if a blade were to hit a stone and the belt could slip verses a gear driven and cause greater damage/injury. The walker model is a gear driven deck and less giving in a situation such as striking something solid.

Toro features road service and a tech will come to us. (servicing all our models)

A disadvantage with Toro is the possibility for a longer lead time in getting the Toro model than the Walker which is readily available.

The Toro does feature a Budgetary Cap (set at \$44,440) which means depending on the time of the order the pricing could go up but will not exceed \$44,440.00 because of wait time. At any time before delivery, we can cancel the order. There is a possibility of securing a Toro Model machine that is a demonstration model that has 50 hours on it. If we purchased the demonstration model, they would include an additional discount.

As a reminder, Sourcewell pricing is the same as MI Deal. (Government pricing) already discounted.

Superior & Faster Collection Performance.

The Toro ProLine H800 direct collect rotary mower with high-lift dump mechanism was engineered for unmatched collection performance and lowest total cost of operation and ownership. Featuring a powerful Yanmar® 24.7 hp (18.4 kW) diesel engine; fast groundspeed up to 9.3 mph (15km/h); our innovative Smart Airflow direct collection design; and 77" (1.95 m) high-lift system that dumps clippings directly into truck beds or trailers, and you can quickly see the ProLine H800 has no equal when comparing overall collection performance and productivity. The ProLine H800 also runs longer without stopping, due to its large 10.8-gallon (41 liter) fuel tank, automatic deck cleaning wipers that prevent the chute from plugging, and innovative sensor technology that automatically shuts off the mowing deck when the hopper is filled. Packed with productivity enhancing features, the ProLine H800 can mow, collect and dispose of up to 3 acres (12,000 m²) of material per hour!

Annual Assessing Report

2023

Justin Murawski, MCAO R-8971, Assessor of Record

Ann Gasperich, MAAO R-9384, Deputy Assessor

Holli Beek, MCAT T-27322, Assessing Clerk

This report is to provide an overview as to the posture, activity, statistics, and average land values and Economic Condition Factors (ECF) used by the Assessing Department. The posture data below is the value for the current and four previous years. The assessed value is and has been higher than the taxable due to capping. This is desirable and allows for continued annual increases in revenue of real property. This year we see an increase in Assessed and Taxable value of 22 and 10 million, respectively. The net effect is \$40,000. Activity, statistics, land value and ECF's follow status.
