## May 22<sup>nd</sup> , 2023 Board Meeting Report

May 5, 2023

- Refuse Cart Rollout
  - We are well over 300 calls and issues with the cart rollout. Staff has been doing an excellent job working with our residents to resolve any issues.
- Infrastructure:
  - The supporting hardware is in for the park cameras. It has been recommended to add one more 360 camera for each park. The best coverage would be to put up two poles in each park for a total of four 360-degree cameras, with one single camera inside the building.
- Zoning / Permits
  - Permits and site plan submittals have increased significantly, spring has sprung.
  - Process requests and furnish information on land use, environmental history, and zoning regulations of parcels for possible future development.
  - Process applications for: zoning permits, conditional use permits, and variances.
- Additional
  - FYI a member of the Board received a malicious email and stated they had their contact information, so we need to look for anything suspicious and not open anything you are not expecting. This was very aggressive and has been turned over to law enforcement.
  - I will have additional updates for the meeting.

Respectfully Submitted,

Steve Mulka, Superintendent
