

Breitung Township Fire Dept. Report

1/10/21

During December we responded to 14 Emergency Calls including; 4 Lift Assts, 1 Mutual Aid Request from IMFD, 3 Vehicle Rollovers, 2 Possible structure fires, and setting up a Landing Zone for EMS Helicopter.

We have a total of five new members in the FFI&II class as of this week. We will continue to work at recruiting additional firefighters but will not be able to get them into this year's class. We did receive one new application.

We conducted the initial training and fit testing for the new SCBA and have about 50% of the FF's completed. Second Training/Fit testing is scheduled for Jan. 18.

We did receive notice that there will be a 12% increase on new Turnout Gear effective Feb. 1st 2022. Delivery dates are running 9+ months currently. We are scheduling measure for Station #2 for Jan. 19th with Dan Pomasl.

Scott Marshall will be attending a Michigan Fire Fighters Training Council sponsored Fire Officer program in February.

I will be out of town 1/11/22-1/25/22, Rick Lindow will be covering for me.

Respectfully Submitted

Jim Rose
