

2022 Annual Military Equipment Report (Burlingame Police Department)

Equipment Category	Make / Manufacturer	Summary of how equipment was used and purpose of use	Complaints received by BPD	Result of any internal audits or violations of military equipment use policy	Acquisition Costs	Annual Costs	Funding source for following calendar year	Quantity possessed of each type of equipment	If we intend to acquire additional military equipment in the next year, the quantity sought
Rifles	Colt AR15	The purpose of the equipment is to address a threat with more precision and/or greater distances than a handgun, if present and feasible, and this is the manner in which it was deployed, including training.	None	We assess and monitor after any deployment or use of equipment to ensure the equipment is being utilized in a manner which is consistent with Burlingame Police Department Policy and there were no violations.	\$19,000.00	Annual maintenance is \$25/rifle. Ammunition costs are typically \$5,000/year	Operating Budget	19	N/A
	Colt M4				\$7,000.00		Operating Budget	7	N/A
	Windham Weaponry AR15 SBR				\$4,000.00		Operating Budget	4	N/A
	.223 Caliber CCI Speer Duty Ammo				\$1.49 per round		Operating Budget	13,000 rounds	N/A
	.223 Caliber Winchester Training ammo				.43 per round		Operating Budget	20,000 rounds	N/A
40mm Less Lethal Launchers and Kinetic Energy Munitions	Penn Arms	The purpose of the equipment is to limit the escalation of conflict where employment of lethal force is prohibited or undesirable such as self-destructive, dangerous, and/or combative individuals; barricaded suspects; riot/crowd control and civil unrest incidents; and training exercises. This equipment was not used last year.	None		\$12,000.00	Annual Cost range from \$1,000 to \$52,000	Operating Budget	12	N/A
	Def-Tec				\$2,000.00		Operating Budget	2	N/A
	Less lethal foam-tipped projectiles				\$28.00		Operating Budget	40 rounds	N/A
Pepperball Launcher	FTC	The Pepperball FTC Less Lethal Launchers and Kinetic Energy Munitions are intended for use as a less lethal use of force option.	None		\$2,000.00	Annual Cost Range from \$500.00 to \$1,00.00	Operating Budget	2	N/A
	Pepperball Live (contains PAVA powder) Duty rounds				\$2.77 per round		Operating Budget	200 rounds	N/A
	Pepperball inert Training rounds				\$1.16 per round		Operating Budget	100 rounds	N/A

2022 Equipment Owned/Possessed by NCR SWAT

Equipment Category	Make / Manufacturer	Summary of how equipment was used and purpose of use	Complaints received by BPD	Result of any internal audits or violations of military equipment use policy	Acquisition Costs	Annual Costs	Funding source for following calendar year	Quantity possessed of each type of equipment	If we intend to acquire additional military equipment in the next year, the quantity sought
Unmanned Aircraft System (UAS)	Matrice 210	Uses included search and rescue; suspect apprehension; crime scene documentation; tactical operations; scene security; hazard monitoring, identification and mitigation; response to emergency calls; crisis communications; and legally authorized surveillance.	None						
	Mavik II Enterprise								
	Sky Hero Loki MkII								
Robots	Robotex Avatar II	Used to remotely gain visual/audio intelligence, deliver equipment, open doors, and clear buildings ahead of a search team, for official law enforcement purposes, including search and rescue; tactical operations; hazard monitoring, identification and mitigation; crisis communications; and legally authorized surveillance.	None						
	iRobot packbot S10								
	Recon robotics recon scout								
Armored Vehicles	International Armor Group Sentinel	Used to provide for the safe transport, security, and rescue of agency personnel and citizens in high-risk incidents, and the equipment was used in this manner, for law enforcement purposes.	None						
Command and Control Vehicles	Braun Northwest mobile command vehicle	Used as a mobile command post during any incident that required command and control beyond a static dispatch center and included official law enforcement purposes, pre-planned events and training exercise.	None						
	Ford motor vehicle F53 motorhome command post								
Distraction Devices	COMBINED TACTICAL SYSTEMS, 7290-2 FLASH-BANG	Used to distract dangerous suspects to allow tactical teams to complete a dangerous mission or task. Distraction devices were only used during high-risk situations where their use would enhance officer safety; and during training exercises.	None	We assess and monitor after any deployment or use of equipment to ensure the equipment is being utilized in a manner which is consistent with Burlingame Police Department Policy and there were no violations.					
	COMBINED TACTICAL SYSTEMS, 7290M MINI FLASH-BANG								
Explosive Breaching Tools	DETONATING CORD	The purpose of the equipment is to safely create a positive breach and enter structures for official law enforcement purposes and in accordance with State and Federal Law; and during training exercises. This equipment was not used last year.	None						
	BLASTING CAP								
	REMINGTON 870 BREACHING SHOTGUN								
	DEFENSE TECHNOLOGY FRANGILBE BREACHING ROUND								
Chemical Agents	CTS 7290M	The purpose of the equipment is to limit the escalation of conflict where employment of lethal force is prohibited or undesirable such as self-destructive, dangerous, and/or combative individuals; barricaded suspects; riot/crowd control and civil unrest incidents; and training exercises.	None						
	CTS 5230								
	CTS 6330 and 6340								
	CTS 5230B								
Long Range Acoustical Device	CTS 8210	Used issue dispersal orders during crowd and riot control situations or to address the public in civil emergencies, natural disasters, evacuations, and police incidents. In the last year, the equipment was deployed to give direction during high-risk situations.	None						
	Long Range Acoustical Device (LRAD)
