

## Traffic Detour for U. S. 101/Broadway Interchange Project

Beginning July 28, 2015, Caltrans will be performing construction work on the southbound off-ramp of U.S. 101 at the Broadway exit as part of the construction of the U.S. 101 Broadway overpass.

All southbound U.S. 101 off-ramp traffic at the Broadway exit will be diverted to the Cadillac Way/Rollins Road intersection.

From the Cadillac Way/Rollins Road intersection, traffic will be diverted to northbound Rollins Road and Broadway.

All traffic over the existing overpass and southbound U.S. 101 on-ramp at Cadillac Way will remain accessible during this work.

This traffic configuration will be in effect for the duration of approximately eight (8) months. Motorists should expect significant delays and are encouraged to consider alternate routes during this construction.

This construction work is weather dependent.

For additional details, please contact Gidget Navarro, Caltrans Public Information Officer, at (510) 286-5574 or please refer to the project website.
