Broadway Grade Separation Community Feedback

On Wednesday, July 13, the City of Burlingame and Caltrain jointly hosted a virtual community meeting to discuss aesthetics for the Broadway Grade Separation and Train Station Project. To access the recording of the meeting, [click here](#).

The Broadway railroad crossing has high traffic volumes, resulting in some of the worst traffic congestion in the region. In 2017, the Burlingame City Council approved a preferred design alternative that will separate the train tracks from the road, improve safety, eliminate train gate down-time at the crossing, reduce horn noise, improve overall system operations, and improve traffic flow. As part of the project, a new elevated Broadway Station will be built, with updated amenities that better serve the community.

Residents can submit their preferred project aesthetics through a survey open from now until midnight on Wednesday, July 20, [here](#).

For more information or to sign up for project updates, visit www.burlingame.org/broadwaygradeseparation and/or www.caltrain.com/BBGS. For questions send an email to Broadwaygradesep@burlingame.org and/or BBGS@Caltrain.com.

“I Voted” Sticker Contest

The City is excited to announce an “I Voted” sticker contest for the November 8, 2022 Election! Burlingame residents, 18 years and younger, are encouraged to submit a design to the City Clerk’s Office by August 31, 2022.

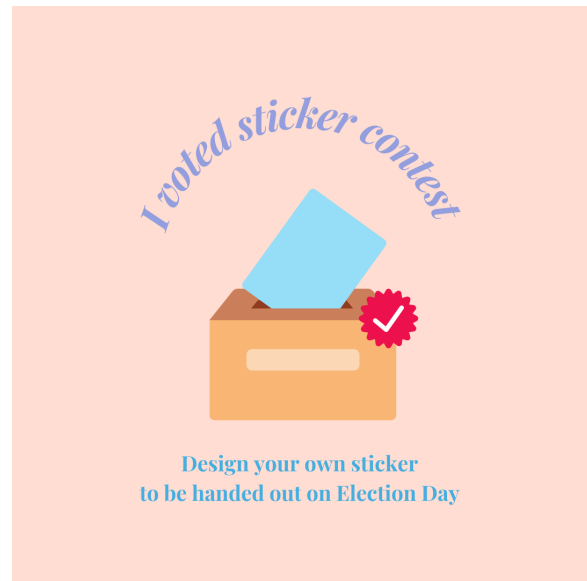

The City will choose three designs and turn them into the City’s official “I Voted” stickers for the November election. The stickers will be available to all voters at the City’s voting centers and at City Hall.

This contest is part of a citywide initiative with local Burlingame students called “Generation Voter.” Generation Voter’s mission is to be an entry point for young voters and those on the cusp of voting to access information about elections, voting, and government. What better way to help the youth feel more connected to voting than asking for their assistance in designing the 2022 “I Voted” sticker?

Individuals interested in entering the contest can click [here](#) to review the instructions and view the submission sheet. The City Clerk’s Office will accept printed submission sheets and email entries.

The City can’t wait to see all of the fun entries and will be posting some of them on Generation Voter’s Instagram account: @GenerationVoter.

If you have questions please contact the City Clerk at mhasselshearer@burlingame.org or at (650) 558-7203.

July is Plastic Free Month

Welcome to [Plastic Free July](#) - a movement to reduce single use plastic waste. Simple actions can greatly reduce our plastic pollution problem, such as avoiding plastic straws, bringing your own bag to shopping, using reusable utensils in place of plastic ones, and choosing products not packaged in plastic.

Plastics are made from fossil fuels and are rarely recycled. Studies have shown that only about 10% of plastics get recycled. Most plastics end up in landfills, as litter, and in our oceans.

California recently passed a cutting edge law requiring all packaging in the state to be recyclable or compostable by 2032. The legislation is expected to shift the plastic pollution burden from consumers to the plastics industry.

Like quizzes? Test your recycling knowledge [here](#).

Want to reduce your packaging when shopping? Visit [Byrd's Filling Station](#) in downtown San Mateo for a refreshing and innovative plastic free shopping experience.
