CUP 03-01 Veit Disposal Systems of Rochester

Mr. Olsgard provided a short summary of the various services that Veit provides at the site and answered questions from the board. He provided the Commission with a copy of the February 15, 2017 review inspection from the Minnesota Pollution Control Agency (MPCA) that addressed some of their compliance requirements needed within 30 days. He assured the board that the requirements will be addressed promptly and the MPCA will be notified upon completion. (copy of MPCA letter filed with CUP Review)

Overall, the review showed that Veit Disposal Systems is in compliance with their CUP (see Review Checklist for CUP 03-01 February 2017 as filed with CUP Reviews). A motion to this effect was made by Commissioner Friederichs and seconded by Supervisor Sieck. All voted in favor and the motion passed. In the future, every October, a representative from Veit will meet with the Cascade Planning Commission, after the neighbors have been contacted (Glenn's Motorcoach Tours and Randy and Becky Tomfohrde) by the Planning Commission.

CUP 01-01 Horticultural Business (Greenwood Plants) – Jerry and Nancy McGinnis

Mrs. McGinnis and her daughter, Molly answered the Commission's questions regarding their home-based business. They provided a copy of a 2016 well water analysis (copy filed with the CUP Review). A question was raised concerning the last condition in the checklist, namely, "This

conditional use permit is not transferable upon sale of the property”. At present, there is a need for additional legal clarification of this condition.

Overall, the review showed that Greenwood Plants (Mr. and Mrs. McGinnis) is in compliance with their CUP (see Review Checklist for CUP 01-01 February 2017 as filed with CUP Reviews). A motion to this effect was made by Supervisor Sieck and seconded by Commissioner Friederichs. All voted in favor and the motion passed.

CUP 06-01 Continuation and Expansion of Storage Business – The current owners of this property have not responded to the letter sent to them in January 2017, they are not the original applicants for the CUP, and they do not reside on the property. Commissioner Derby moved to revoke CUP 06-01, Commissioner Friederichs seconded the motion. All voted in favor and the motion passed.

The Cascade Town Board will be notified of these completed CUP reviews at their next meeting in March 2017.

Proposed CUP Maintenance Reviews for March and April 2017

CUP 04-01 Storage Building Addition – Thomas Brogan Heating and A/C

April: CUP 07-01 Home Occupation in Accessory Structure – Lisa Van Getson

Board Meetings and Lawsuit Status Summary – Supervisor Sieck provided a summary of recent activity: Steve Wilson has resigned the Clerk Treasurer position, Gary Swenson has provided temporary back up and Sara Rudquist has been appointed as the new Clerk Treasurer. March will have the budget meeting for 2018, the election, and the annual meeting. The Lawsuit mediation continues, trial date is set for March 21st, will ask for continuation, mediation is ongoing, but difficult. Rezoning will be the first step by the Town Board with the required public notice and hearing, the second step will be a CUP by the Planning Commission with public notice and hearing.

Continuous Improvement (CI) Survey Results and Proposal for Annual Meeting –

Commissioner Hegrenes presented and discussed the written summary of his survey concerning CUP maintenance. Specific steps have been taken and future direct action is becoming clear. His results will be shared with the Town Board in March.

April Reorganization Meeting was briefly discussed, including the need to decide on the rotation of officers for the Commission.

Practical Guide to 60-Day Rule and Minnesota Statutes – Commissioner Hegrenes provided printouts of 3 documents that are pertinent to the Commission regarding the 60-day rule and how it impacts board activity. They are reference materials to be studied.

Round the Table: Next meeting will be March 21, 2017.

Second Call to Audience: Research in the ordinances is needed to determine the limit for how many employees can be used in a home-based business. Any amendments or modifications to an existing CUP need a hearing by the Town Board.

Adjournment: Motion to adjourn made by Supervisor Sieck, and seconded by Commissioner Friederichs. All voted in favor, the motion passed, and the meeting adjourned at 9:21 pm.
