For more than 40 years, law enforcement organizations throughout the U.S. and around the globe have recognized SPSC's significant impact on their organizations. The program's unmatched academic curriculum focuses on the management topics required for successful leadership in today's environment and is the only program of its kind available through a Top Ten university.

Students who complete SPSC are better prepared to:

- Think globally rather than remain task-oriented;
- Deliver services effectively and efficiently;
- Analyze the environment;
- Mitigate legal exposure; and,
- Develop systems of accountability.

Adjunct instructors and guest lecturers, all experts in their fields, enhance the learning experience with an innovative mix of academic principles and practical applications. Instruction blends concepts and strategies with the practical how-to's of implementing those lessons. Our proven track record includes graduates who can lead in situations where the problems are real and agency outcomes are critical.

**“**Every lieutenant, manager, director, assistant chief, and chief should attend this course. [SPSC] was academically challenging and helpful . . . I think it's so much more applicable than going to FBI Academy. There are so many areas taught at SPSC that make us better. It's not just social networking – the academics were vitally important to know.”  
— Lt. Hugh Lockerby, Scottsdale (AZ) Police Department, SPSC #570
