Troy Police investigate shooting in parking lot of 755 W. Big Beaver

Troy, MI – At 6:34 pm on Monday, February 19, 2024, the Troy Police Department responded to 755 W Big Beaver for a reported shooting in the parking lot valet area. Officers found a female victim who had been struck multiple times in the leg and hip area. The victim had been in the driver seat of a vehicle in the valet area and the vehicle was also struck by gunfire. A round fragment also struck the front door of the building, shattering the outside pane. The victim was treated on scene and then transported to hospital with non-life-threatening injuries where she remains in stable condition.

A second female and a 4-year-old child were accompanying the female victim but were thankfully uninjured.

The victim and witnesses have given limited information. Officers did learn that a white Dodge Durango was potentially involved in the shooting (photos attached) and immediately put that information out to area departments.

The Hazel Park Police Department located a matching suspect vehicle southbound on I-75 and pursued it to the area of Linwood and Warren Ave in the City of Detroit where it was lost.

The investigation thus far indicates that the victim and/or the accompanying witness were specifically targeted. The suspects' actions also placed a 4-year-old child and restaurant staff and patrons in immediate danger.

This is an active investigation; if you have any information to assist please contact the Troy Police Department Tip Line at 248.524.0777.
