Asset Test Guidelines

Used in the Determination of Poverty Exemptions for 2024

As required by PA 253 of 2020, all guidelines for poverty exemptions established by the governing body of the local assessing unit must include an asset level test. This asset test must clearly state the maximum value of all assets allowable to be eligible for the poverty exemption. This means that the guidelines must state a total dollar amount and the value of all assets cannot exceed the total dollar amount.

The purpose of an asset test is to determine the resources available: cash, fixed assets or other property that could be converted to cash and used to pay property taxes in the year the poverty exemption is filed. The local unit asset test **cannot** include the value of the principal residence.

The following asset test shall apply to all applications for poverty exemption:

- The applicant(s) shall not have assets exceeding the amount shown in the chart below based on the size of the family unit.
- The asset Guideline (test) shall exclude the value of the principal residence subject to the poverty exemption request and exclude the value of one automobile. If multiple automobiles are owned, then the least valuable automobile will be excluded from the asset guideline.
- The applicant(s) shall not have total assets (excluding the value of the principal residence subject to the exemption request and excluding the value of one automobile) more than the guidelines set below. Assets exceeding the amounts stated below will result in a denial of the poverty exemption.

Size of Family Unit	Asset Guidelines
1	\$5,000
2	\$10,000
3	\$15,000
4	\$20,000
5	\$20,000
6	\$20,000
7	\$20,000
8	\$20,000
For each additional person	N/A

All asset information, as requested in the Application for Poverty Exemption, must be completed in total. The Board of Review may request additional information and verification of assets, if the Board of Review determines it to be necessary and may deny an application if the assets are not properly identified.

The following is a list of assets that are included in the asset test:

- A second home, property, vacant land, vehicles
- Recreational vehicles such as campers, motor-homes, boats and ATV's
- Buildings other than the residence
- Jewelry, antiques, artworks
- Equipment, other personal property of value
- Bank accounts (over a specified amount), stocks
- Money received from the sale of property, such as, stocks, bonds, a house or car (unless a person is in the specific business of selling such property)
- Withdrawals of bank deposits and borrowed money
- Gifts, loans, lump-sum inheritances and one-time insurance payments
- Food or housing received in lieu of wages and the value of food and fuel produced and consumed on farms
- Federal non-cash benefits programs such as Medicare, Medicaid, food stamps and school lunches
