Mr. Tom O'Bryant, City Administrator, presented 2019-10 Amendment of the Zoning Ordinance and offered the following information:

- a. The City is beginning to experience inquiries for additional city services, particularly for utility services along the highway corridors. It is the city's current policy to require, where possible, annexation into the city for utility services.

- c. This fee is the same general fee established for a re-zoning of property. However, additional work and research by city staff and the city attorney for annexation of property costs more staff time and fees.
- d. It is recommended that the city code be amended to add a fee for annexation of property into the City of Cleveland and be set at \$750.00 to cover administering, legal fees, and processing.
- e. City Council will need to adopt the proposed amendment to city code, proposed Section 64-219 – Initiation of Proposals for Annexation Amendments.
